NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Matsui Nursery, Inc. Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established in 1996 to provide benefits to eligible employees of Matsui Nursery, Inc. (the Company), the Plan sponsor. The Plan was amended and restated effective January 1, 2009. The Plan administrator believes that the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

The Company has contracted with John Hancock Life Insurance Company (John Hancock) to act as custodian of the Plan assets. The Company has contracted with Hayashi and Wayland Retirement Plan Services, Inc. to act as a third-party administrator to process and maintain the records of the participant data.

Eligibility

The Plan covers substantially all full-time employees of the Company who are not covered by a collective bargaining agreement. In addition, employees must attain the age of 21 years of age and complete 1 year and 1,000 hours of service to be eligible to participate in the Plan. Employees are allowed to join the Plan on the first day of the calendar quarter following the employee's eligibility date.

Participant Contributions

Participants may elect to have the Company contribute up to the amount allowable under current income tax regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions

As set forth in the Plan, the Company may make discretionary matching contributions determined annually at a percentage of a Participant's deferral contributions or a stated dollar amount, as determined by the Company. Matching contributions equal 25% of a participant's elective deferral up to the first 5% of a participant's compensation plus 10% of a participant's elective deferral that exceeds 5%. The Company's matching contributions for the years ended December 31, 2012 and 2011 were $11,809 and $12,681, respectively.

The Company may also make discretionary profit sharing contributions. There were no discretionary profit sharing contributions during 2012 and 2011.

Participant Accounts

A separate individual account is established within the Plan for each participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, if any, and an allocation of the Plan earnings or losses and administrative expenses.

Vesting

Participants are immediately vested in their salary deferral and rollover contributions and the related earnings or losses. The Company's discretionary matching and profit sharing contributions vest in five equal annual installments commencing with the completion of one year of service with the Company. Participants are fully vested in the employer contributions after 6 years of service. In the event that the termination of service is the result of death or disability of a participant, the participant's account balance automatically becomes fully vested.

Forfeitures

At December 31, 2012 and 2011, forfeited accounts totaled $5,010 and $4,792, respectively. These accounts may be used to reduce future employer contributions or administrative expenses. No forfeited account funds were used for administrative expenses in 2012 or 2011.

Investments

Investments of the Plan are held by John Hancock and invested based solely as directed by participants

Notes Receivable from Participants

The Plan allows participants to borrow up to the lesser of $50,000, reduced by the highest outstanding note balance from the Plan during the previous 12 months, if any, or 50% of their vested account balance The notes are secured by up to 50% of the participant's vested account balance Such notes bear interest at a reasonable rate of interest as determined by the Plan administrator and must be repaid within a five-year period unless the note is for a purchase of a principal residence, in which case a longer repayment term may be allowed The specific terms and conditions of such notes are established by the Company Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Benefits are payable when the participant retires, when employment is terminated or upon death or disability A participant may also elect a hardship distribution from his deferral contributions account in accordance with the Plan's policy. As set forth in the Plan, the amount payable may be distributed to the participant or directly rolled over to a qualified retirement plan in a lump sum amount equal to the vested value of the participant's account.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America

Investment Valuation and Income Recognition

Investments are reported at fair value Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date See Note 4 for discussion of fair value measurements

The net change in fair value of investments includes the unrealized appreciation and depreciation arising from the differences between the fair value at the beginning of the year and at the end of the year and includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis Dividends are recorded on the ex-dividend date

Contributions

Participant contributions are recorded in the year in which the Company makes payroll deductions from participants' earnings.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid

Administrative Expenses

Unless paid by the Company, all administrative expenses are to be paid by the Plan. The Company paid a portion of the Plan expenses during each year

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of financial statements and the reported amounts of revenues and expenses during the reporting periods. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Income Tax Status

The Plan has adopted a prototype plan that has received a favorable opinion letter that the Plan is qualified under the applicable sections of the Internal Revenue Code, dated March 31, 2008. The Plan has been amended since adopting the prototype plan. However, the Company believes that the Plan is designed and operated in compliance with applicable requirements of the Internal Revenue Code and state statutes, and that the trust continues to qualify as exempt from federal income and state franchise taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 3 - INVESTMENTS

Investments that represent 5 percent or more of the Plan's net assets are as follows:

	December 31,	
	2012	2011
John Hancock Lifestyle Aggressive	$ 695,262	$ 693,736
John Hancock Money Market Fund	220,071	144,728
John Hancock Lifestyle Conservative	85,349	64,267

During 2012 and 2011, the Plan's pooled separate accounts (including gains and losses on investments bought and sold, as well as those held during the year) appreciated in value by $141,410 and depreciated in value by $55,755, respectively

NOTE 4 - FAIR VALUE MEASUREMENTS

The fair value accounting guidance requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

Level 1: Quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data such as quoted prices, interest rates and yield curves

Level 3: Inputs are unobservable data points that are not corroborated by market data.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

There have been no transfers between the fair value measurement levels during 2012 and 2011.

Pooled separate accounts and guaranteed interest accounts are valued at the net asset value of shares held by the Plan at year end

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date

There have been no changes in the methodology used at December 31, 2012 and 2011

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	December 31, 2012			
	Level 1	Level 2	Level 3	Total

Total assets at fair value	$ 1,146,953	$ 23,090	$ -	$ 1,170,043

NOTE 5 - NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are collateralized by the respective participant's vested account balance. At December 31, 2012, the notes bear interest at rates ranging from 5 25% to 6 00% and are due in various installments through April 2016.

NOTE 6 - INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

In accordance with 29 CFR 2520 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Plan information certified by John Hancock as of and for the years ended December 31, 2012 and 2011 is as follows:

	2012	2011
Investments, at fair value	$1,216,066	$1,170,043

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are shares of guaranteed interest accounts and pooled separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions Although such transactions are considered party-in-interest transactions under ERISA regulations, they are permitted under provisions of the Plan and are specifically exempt from the prohibited party-in-interest transactions under ERISA

NOTE 8 - PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its employees; however, subject to the provisions of the Employee Retirement Income Security Act, it reserves the right to terminate or modify the Plan at any time by resolution of the Company Upon termination of the Plan, participant account balances become fully vested
