NOTE A - PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the Reneson Hotels, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company who have attained age 21, and who have completed a minimum of 1,000 hours of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established in 1997 and amended later to allow qualified non-elective contributions to be made for certain field workers in order for the Plan to satisfy non-discrimination criteria.

Contributions

Participants may elect to make a contribution to the Plan of the lesser of 90% of the participants' eligible compensation or $17,000 for 2012 and $16,500 for 2011, respectively. Participants direct the investment of their contributions and employer matching contributions into various investment options offered by the Plan. The Company makes a safe harbor matching contribution equal to 100% of the first 3% and 50% of the remaining compensation deferred, up to a maximum of 5% of compensation, including bonuses and overtime (refer to Note G). At the discretion of its Board of Directors, the Company may make additional profit sharing contributions to participants as defined in the Plan document. The Company did not make an additional profit sharing contribution during the years ended December 31, 2012 and 2011.

Participant accounts and vesting

Employer's additional contributions are allocated to each eligible participant account based upon the participant's contributions during the year. A forfeiture is determined at the distribution of the entire vested portion of a participant's account. Forfeitures of matching contributions are used to reduce the Company's matching contributions. Earnings are allocated based upon the participant's account balance at the end of the preceding year adjusted for withdrawals during the year. Participant account balances for safe harbor matching vest immediately at 100%. Participant account balances for profit sharing matching vest at a rate of 33.3% per year and are fully vested after the completion of 3 years of service. For the years ended December 31, 2012 and 2011, there were no forfeitures.

NOTE A - PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Distributions

Payment of benefits of a participant's account balance is made upon retirement, or in the event of death, disability, or termination. In-service distributions are available only to those participants who have not left the Company provided the participant is 59½. Payment may be made in a lump-sum amount or as defined in the Plan. The amount of the benefit is equal to the vested amount in his or her account. Benefits are recorded when paid.

Notes receivable from participants

Participants may obtain the lesser of a maximum of three loans from the Plan for 50% of their total account balance or $50,000; subject to a minimum of $500. Repayment of the loan generally must be made through payroll deductions over a maximum of five years or up to fifteen years for the purchase of a primary residence. Interest rates are set by the plan administrator at the inception of the loan. Loans are secured by the balance in the participant's account and bear interest at 4.00% to 4.25% per annum. A loan that is in default is treated as taxable distribution from the Plan of the entire outstanding balance of the loan (a "deemed distribution"). For the years ended December 31, 2012 and 2011, deemed distributions were $1,236 and $477, respectively, and were included in distributions on the statement of change in net assets.

Basis of accounting

The Plan prepares its financial statements on the accrual basis of accounting.

Use of estimates in preparing financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTE A - PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments

Mutual funds are stated at fair value based on quoted net assets value of the shares held by the Plan at year end. Participant loans are valued at cost which approximates fair value. The related unrealized appreciation or depreciation of investments is recorded in the statements of changes in net assets available for benefits. Investment transactions are recorded on a trade-date basis. Unrealized appreciation or depreciation is determined based on the fair value of assets at the end of the Plan year. Interest income is recorded on the accrual basis.

The Plan invests in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of assets available for plan benefits.

There is significant evaluation by Congress and other agencies of regulatory and accounting issues surrounding pension plans. It is possible future changes in regulations may have a significant effect on Plan operations and/or investments.

Expenses

All reasonable expenses necessary to operate and administer the Plan are generally shared by the Company and the Plan except for certain loan origination and maintenance costs which are paid by the employee.

Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination the participants' accounts will become fully vested.

Subsequent events

Management has evaluated events and transactions for potential recognition or disclosure through October 1, 2013, which represents the date the financial statements were available to be issued. Management had identified one subsequent event as disclosed in Note G.

NOTE B - FAIR VALUE MEASUREMENTS

At December 31, 2012 and 2011, the Plan's investments are reported at fair value in the accompanying statement of assets available for benefit, as follows:

Level 1	2012	2011
Mutual funds	$ 3,134,247	$ 2,564,553
Money market fund	693,911	664,036
	$ 3,828,158	$ 3,228,589

The three-level hierarchy for fair value measurement is defined as follows:

Level 1

Inputs to the valuation methodology are quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date.

Level 2

Inputs to the valuation methodology are inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. Fair value can be determined through the use of models or other valuation methodologies.

Level 3

Inputs to the valuation methodology are unobservable inputs for the asset. Unobservable inputs are those that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset developed, based on the best information available.

NOTE B - FAIR VALUE MEASUREMENTS (continued)

At December 31, 2012 and 2011, the following is a description of the valuation methodologies used by the Plan for assets measured at fair value:

Level 1- Fair Value Measurements

The fair value of mutual funds and money market funds is based on quoted net asset value ("NAV") of the shares held by the Plan at year-end. The fair value of common stock, corporate bonds and US government securities is based on the closing price reported on the active market on which the individual securities are traded.

Level 2 Fair Value Measurements

There were no Level 2 investments held in the Plan at December 31, 2012 and 2011.

Level 3 Fair Value Measurements

There were no Level 3 investments held in the Plan at December 31, 2012 and 2011.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C - INVESTMENTS

NOTE D - INCOME TAX STATUS

The Internal Revenue Service has ruled in its determination letter dated March 31, 2008, that the Plan qualified under Section 401(a) of the Internal Revenue Code, and, therefore, is not subject to tax under present income tax law. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan’s returns are no longer subject to income tax examinations prior to 2009.

NOTE E - INFORMATION CERTIFIED BY TRUSTEE
