INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Countryside Foods, LLC Money\$mart 401(K) Savings and Retirement Plan
Delphos, Ohio

Report on Comparative Financial Statements in year of Adoption of Liquidation Basis

We were engaged to audit the accompanying financial statements of Countryside Foods, LLC Money\$mart 401(K) Savings and Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits in liquidation as of December 31, 2012, the statement of net assets available for benefits as of December 31, 2011, and the related statement of changes in net assets available for benefits in liquidation for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank & Trust Company, the trustee of the Plan, and Massachusetts Fidelity Trust Company, a custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustee and custodian as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that the information provided to the plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in Note 1 to the financial statements, the Plan sponsor elected during 2012 to terminate the Plan. As a result, the Plan changed its basis of accounting for periods subsequent to December 31, 2011 from the going concern basis used in presenting the 2011 financial statements to the liquidation basis used in presenting the 2012 financial statements.

Other Matter

The supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan for all employees of Countryside Foods, LLC (the "Company") who meet eligibility requirements as defined by the Plan. In general, employees that are at least 18 years of age are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). State Street Bank & Trust Company ("SSBT") is the trustee of the Plan and Massachusetts Fidelity Trust Company ("MFTC") is the custodian of the Plan.

Contributions: Participants may elect to contribute to the Plan on a pre-tax basis by contributing from their compensation any amount of their annual compensation, not to exceed applicable Internal Revenue Service ("IRS") limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company matching contribution is equal to \$1 for each pre-tax participant contributed dollar, up to 3 percent of each participant's pre-tax compensation plus an additional \$0.50 for each pre-tax participant contributed dollar, up to 5 percent of each participant's pre-tax compensation. Matching contributions made by the Company on behalf of participants are allocated to each participant's investment funds in accordance with the participant's investment preferences as of the date of deposit. The Company match was suspended in October 2010. Additional profit sharing amounts may be contributed at the option of the Company.

Participant Investment Account Options: Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of their account to any of the investment options available under the Plan.

Contribution Limitations: The Plan Agreement also provides certain limitations on the amount of annual additions to the accounts of participants and the amount of Company contributions in any Plan year. Some of these limitations apply to highly compensated employees and maximum annual additions under provisions of the Internal Revenue Code ("IRC"). Participants should refer to the Plan document for a more complete description of limitations on contributions.

Vesting: Participants are at all times fully vested and have a nonforfeitable interest in their pre-tax contributions and Company matching contributions. Participants become fully vested in Company discretionary contributions plus earning thereon after three years of service.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance, whichever is less. Interest and principal repayments must be made over a period not exceeding five years (a longer loan period is permitted for the purchase of a primary residence). The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.84 percent, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator.

SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 - DESCRIPTION OF PLAN, Continued

Payment of Benefits: Upon termination of employment by reason of retirement, death, disability or for any other reason, a participant, or the beneficiary in the case of death, is entitled to receive the participant's vested interest in each investment fund. Participants should refer to the Plan document for a more complete description of the methods available for withdrawals.

Plan Termination: Effective April 17, 2012, the Company discontinued its contributions and terminated the Plan subject to the provisions of ERISA. Participants became 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: Effective April 17, 2012, the Company elected to terminate the Plan. Accordingly, the Plan changed its basis of accounting from the accrual basis of accounting for an ongoing plan used in preparing the 2011 financial statements to the liquidation basis of accounting used in preparing the 2012 financial statements. This change in basis of accounting had no material effect on the Plan's financial statements.

Accounting Estimates: The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the 2011 statement of net assets available for benefits, any material difference between the fair value of the Plan's indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the 2011 statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in such contracts through its investment in a stable value fund. The Stable Pool Fund at December 31, 2012 is recorded at fair value as required by the liquidation basis of accounting. No adjustment from fair value to contract value is presented in the 2011 statement of net assets available for benefits, as the amount of the adjustment was determined to be immaterial.

Risks and Uncertainties: The Plan provides for various investment options. Investments are exposed to various risks, such as interest rate, liquidity, market and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Purchase and sales of securities are accounted for as of the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Subsequent Events: - Management has performed an analysis of the activities and transactions subsequent to December 31, 2012 to determine the need for any adjustments to and/or disclosures within the audited financial statements for the year ended December 31, 2012. Management has performed their analysis through October 2, 2013, the date that the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The effect of a change in valuation technique or its application on a fair value estimate is accounted for prospectively as a change in accounting estimate. When evaluating indications of fair value resulting from the use of multiple valuation techniques, the Plan is to select the point within the resulting range of reasonable estimates of fair value that is most representative of fair value under current market conditions.

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

NOTE 3 – FAIR VALUE MEASUREMENTS, Continued

Stable value fund: The fair value of the Plan's interests in the Diversified Investment Advisor's Stable Pooled Fund (Stable Pooled Fund) as of December 31, 2012 and 2011 has been determined based upon the Plan's interest in the net assets of the Stable Pooled Fund as reported by the Plan's Custodian, MFTC, adjusted to reflect the Plan's proportionate share of the difference between fair value and contract value of the Stable Pooled Fund's investment in the Wells Fargo Stable Return Fund G, as determined from the audited financial statements of the Wells Fargo Stable Return Fund G (level 2 inputs). The Stable Pooled Fund, offered through Diversified Investment Advisors Collective Trust, invests 100% of its assets in units of the Wells Fargo Stable Return Fund G, a collective fund sponsored by Wells Fargo Bank, N.A. The Wells Fargo Stable Return Fund G seeks to provide positive income with reduced volatility by investing primarily in stable value fixed income investments such as insurance company and bank-issued guaranteed investment contracts, synthetic investment contracts, as well as stable value collective trusts. Units of the Stable Pooled Fund are issued and redeemed daily at current NAV with no advance notification requirements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no transfers between level 1 and level 2 measurements during 2012 and 2011.

Investments measured at fair value on a recurring basis are summarized below:

NOTE 4 – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS– UNAUDITED INFORMATION

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by SSBT, the trustee of the Plan and by MFTC, a custodian of the Plan. This information has not been audited by independent accountants.

The following presents the fair values of investments that represent 5 percent or more of the Plan's net assets available for benefits.

NOTE 4 – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS– UNAUDITED INFORMATION, Continued

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$569,545 as follows:

Mutual funds	<u>\$ 569,545</u>
Net appreciation	<u><u>\$ 569,545</u></u>

NOTE 5 – PARTY IN INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds units of a stable value fund. MFTC, a custodian of the Plan, is trustee of the collective trust of which the stable value fund is a sub-account, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. The Plan also pays certain direct and indirect fees to investment advisors third party administrators which qualify as party-in-interest transactions. The Plan paid direct fees of \$500 to the third party administrator. In addition, the Plan pays indirect fees to the third party administrator and the investment advisors which are recorded as a reduction of investment income.

NOTE 6 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.
