REPORT OF INDEPENDENT AUDITORS

To the Megger Savings Plan Committee of the
Megger Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Megger Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing such information with the related information included in the 2012 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Praxity MEMBER GLOBAL ALLIANCE OF INDEPENDENT FIRMS

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2012 financial statements. Accordingly, we do not express an opinion on the 2012 financial statements.

Other Matter - 2011 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2011 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated July 24, 2012, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplementary Information

The Schedule H, line 4(i) – Schedule of assets (held at end of year) as of December 31, 2012 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2012 financial statements and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of the Megger Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 1979 by AVO International Inc., dba Megger, (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

During 2012, the Company acquired HDW Electronics, Inc. (HDW). The Plan was amended to allow former eligible employees of HDW to contribute to the Plan as of July 1, 2012 and receive credit for service recognized with HDW.

Administration – The Company's Board of Directors has appointed the Megger Savings Plan Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with a third-party administrator to process and maintain the records of participant data and Charles Schwab Bank (Charles Schwab) to act as the trustee. Substantially all expenses incurred for administering the Plan are paid by the Plan.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts – Forfeited nonvested accounts at December 31, 2012 and 2011 totaling approximately $34,000 and $50,000, respectively, will be used to reduce future Plan administrative expenses and future employer matching contributions. Forfeitures utilized to pay Plan administrative expenses for the year ended December 31, 2012 amounted to $35,000. No forfeitures were utilized for the year ended December 31, 2011.

Investment valuation and income recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. The Plan has a fully benefit-responsive common/collective trust as an investment, and contract value approximates fair value.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Income taxes – The Plan has been amended since receiving its latest favorable determination letter dated September 8, 2010. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Recent accounting pronouncements – In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Fair Value Measurement (Topic 820) – Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs.* ASU No. 2011-04 requires disclosure of valuation techniques for level 2 and level 3 measurements, and for level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between level 1 and level 2 of the fair value hierarchy. The Plan adopted the new disclosure requirements effective January 1, 2012.

Subsequent events – The Plan has evaluated subsequent events through September 19, 2013, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds and money market fund: Valued at the daily closing net asset value (NAV) of shares held by the Plan at year end, as reported and published by the fund.

Fully benefit-responsive common/collective trust fund (CCT): Valued at the NAV of shares held by the Plan at year end, which is determined using a discounted cash flow methodology where the underlying individual contract cash flows are discounted at the prevailing interpolated yield curve rate.

The CCT as of December 31, 2012 and 2011 was the Morley Capital Stable Value Fund. The objective of the fund was to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The fund sought to achieve this objective by investing primarily in a variety of high quality Stable Value Investment Contracts (the performance of which may be predicated on underlying fixed income securities), as well as cash and cash equivalents. Withdrawals from the fund for benefit payments and participant transfers to noncompeting options to be paid to Plan participants shall be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to approval. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a 12 month advance written notice.

Unit investment trusts and common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

NOTE 3 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Charles Schwab, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 - PARTICIPATION AND BENEFITS

Participant contributions - Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Effective June 26, 2012, employees are able to make after-tax contributions to the Plan. The Plan also permits the automatic enrollment of eligible employees in the Plan with a contribution of 3% of eligible compensation, unless the employee affirmatively elects otherwise. Effective January 1, 2012, a participant's automatic deferral election percentage was automatically increased as of the first day of each Plan year by 1% of compensation per year, up to a maximum of 6%. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions - The Company is allowed to make contributions to the Plan, as defined in the Plan and as approved by the Board of Directors. In 2012 and 2011, the Company matched 50% of each eligible participant's contribution up to a maximum of 6% of the participant's eligible compensation.

Vesting - Participants are immediately vested in their contributions. Participants vest 20% per year in the employer's matching contributions allocated to their account and become fully vested after five years of credited service.

Participant accounts - Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution, if any. Allocation of the Company's matching contribution is based on participant contributions or eligible employee compensation, as defined in the Plan.

Payment of benefits - Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount or an installment equal to the value of the participant's vested interest in their account. The Plan allows for the automatic distribution of participant vested account balances that do not exceed $1,000.

Notes receivable from participants - The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2012 carry interest rates ranging from 4.25% to 9.5%.

NOTE 5 – CERTIFIED INFORMATION

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable at December 31, 2012 and 2011, and net appreciation or depreciation, interest, and dividends for the years ended December 31, 2012 and 2011, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

REPORT OF INDEPENDENT AUDITORS

To the Megger Savings Plan Committee of the
Megger Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Megger Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing such information with the related information included in the 2012 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Praxity MEMBER GLOBAL ALLIANCE OF INDEPENDENT FIRMS

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2012 financial statements. Accordingly, we do not express an opinion on the 2012 financial statements.

Other Matter - 2011 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2011 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated July 24, 2012, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplementary Information

The Schedule H, line 4(i) – Schedule of assets (held at end of year) as of December 31, 2012 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2012 financial statements and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of the Megger Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 1979 by AVO International Inc., dba Megger, (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

During 2012, the Company acquired HDW Electronics, Inc. (HDW). The Plan was amended to allow former eligible employees of HDW to contribute to the Plan as of July 1, 2012 and receive credit for service recognized with HDW.

Administration – The Company's Board of Directors has appointed the Megger Savings Plan Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with a third-party administrator to process and maintain the records of participant data and Charles Schwab Bank (Charles Schwab) to act as the trustee. Substantially all expenses incurred for administering the Plan are paid by the Plan.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts – Forfeited nonvested accounts at December 31, 2012 and 2011 totaling approximately $34,000 and $50,000, respectively, will be used to reduce future Plan administrative expenses and future employer matching contributions. Forfeitures utilized to pay Plan administrative expenses for the year ended December 31, 2012 amounted to $35,000. No forfeitures were utilized for the year ended December 31, 2011.

Investment valuation and income recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. The Plan has a fully benefit-responsive common/collective trust as an investment, and contract value approximates fair value.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Income taxes – The Plan has been amended since receiving its latest favorable determination letter dated September 8, 2010. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Recent accounting pronouncements – In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Fair Value Measurement (Topic 820) – Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs.* ASU No. 2011-04 requires disclosure of valuation techniques for level 2 and level 3 measurements, and for level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between level 1 and level 2 of the fair value hierarchy. The Plan adopted the new disclosure requirements effective January 1, 2012.

Subsequent events – The Plan has evaluated subsequent events through September 19, 2013, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds and money market fund: Valued at the daily closing net asset value (NAV) of shares held by the Plan at year end, as reported and published by the fund.

Fully benefit-responsive common/collective trust fund (CCT): Valued at the NAV of shares held by the Plan at year end, which is determined using a discounted cash flow methodology where the underlying individual contract cash flows are discounted at the prevailing interpolated yield curve rate.

The CCT as of December 31, 2012 and 2011 was the Morley Capital Stable Value Fund. The objective of the fund was to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The fund sought to achieve this objective by investing primarily in a variety of high quality Stable Value Investment Contracts (the performance of which may be predicated on underlying fixed income securities), as well as cash and cash equivalents. Withdrawals from the fund for benefit payments and participant transfers to noncompeting options to be paid to Plan participants shall be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to approval. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a 12 month advance written notice.

Unit investment trusts and common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

NOTE 3 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Charles Schwab, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 - PARTICIPATION AND BENEFITS

Participant contributions - Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Effective June 26, 2012, employees are able to make after-tax contributions to the Plan. The Plan also permits the automatic enrollment of eligible employees in the Plan with a contribution of 3% of eligible compensation, unless the employee affirmatively elects otherwise. Effective January 1, 2012, a participant's automatic deferral election percentage was automatically increased as of the first day of each Plan year by 1% of compensation per year, up to a maximum of 6%. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions - The Company is allowed to make contributions to the Plan, as defined in the Plan and as approved by the Board of Directors. In 2012 and 2011, the Company matched 50% of each eligible participant's contribution up to a maximum of 6% of the participant's eligible compensation.

Vesting - Participants are immediately vested in their contributions. Participants vest 20% per year in the employer's matching contributions allocated to their account and become fully vested after five years of credited service.

Participant accounts - Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution, if any. Allocation of the Company's matching contribution is based on participant contributions or eligible employee compensation, as defined in the Plan.

Payment of benefits - Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount or an installment equal to the value of the participant's vested interest in their account. The Plan allows for the automatic distribution of participant vested account balances that do not exceed $1,000.

Notes receivable from participants - The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2012 carry interest rates ranging from 4.25% to 9.5%.

NOTE 5 – CERTIFIED INFORMATION

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable at December 31, 2012 and 2011, and net appreciation or depreciation, interest, and dividends for the years ended December 31, 2012 and 2011, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following presents the fair values of investment funds that represent 5% or more of the Plan's net assets at December 31:

Common/collective trust	90,106	100,249
Other	24,384	-
	$ 1,863,931	$ (1,039,985)

NOTE 6 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.
