KOERNER DISTRIBUTOR, INC. 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

The following description of the Koerner Distributor, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) feature sponsored by Koerner Distributor, Inc. (the "Company") for the benefit of all non-union employees who have at least one year of service and are age twenty-one or older. Entry dates are the first of any month following the date eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fifth Third Bank serves as the Plan trustee.

Contributions

Each year, participants may contribute up to the maximum limitation set by the Internal Revenue Service. The Plan has a 2% automatic deferral amount unless the participant makes a contrary election. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 23 investment options.

The Company makes a 3% safe harbor nonelective contribution each year. The Company can also make a discretionary nonelective contribution to all eligible participants without regard to employee contributions. Such contributions, if any, are allocated to participants in the ratio that each participating employees' compensation bears to the total compensation of all participants. All contributions are invested as directed by each individual participant. Contributions are subject to certain limitations under the Internal Revenue Code. The Company's discretionary contribution was 2% for 2012.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. PLAN DESCRIPTION (Continued)

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. Loan terms generally range from three to five years, but may be extended for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 8.5%. The rate of interest is determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a specified period of time, not exceeding a participant's life expectancy or joint life expectancy of a participant and participant's designated beneficiary. An eligible rollover distribution is also permitted. If the value of a participant's account is less than $1,000, a lump sum distribution will be made without regard to the consent of the participant as soon as administratively feasible.

The Plan also allows for in-service distributions once a participant has attained age 59 1/2.

Forfeited Accounts

The Plan uses forfeitures to pay plan administrative expenses and any remaining forfeitures are used to reduce Company discretionary contributions to the Plan. As of December 31, 2012 and 2011, forfeited nonvested accounts totaled $0 and $6,293, respectively. During the years ended December 31, 2012 and 2011, $6,293 and $0 of forfeitures were used by the Plan, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net gains and losses from investment transactions are computed by the Plan trustee. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan incurs administrative expenses and investment advisory fees. Distribution and loan fees are charged against the participant account incurring the distribution or loan. Any other plan expenses are paid by the Company.

3. INFORMATION CERTIFIED BY THE TRUSTEE

Fifth Third Bank (the "Trustee") has certified the completeness and accuracy of certain information which management used in preparing the financial statements, supplemental schedules and accompanying notes for the plan years ending December 31, 2012 and 2011. Accordingly, this information was not audited. The following is a summary of information, which the Trustee furnished:

a. Investments of the Plan at the beginning of the year and at the end of the year at market values.
b. All items of income and expense related to Plan investments.
c. All transactions for the years ended December 31, 2012 and 2011.

4. INVESTMENTS

The following presents investments held by the Plan that represent 5% or more of the Plan's net assets at December 31:

	2012	2011
American Funds Capital World G/I Fund	$698,330	$ *
Dodge & Cox International Stock Fund	*	755,469
Templeton Growth Fund	*	446,825
Columbia Large-Cap Index Fund	1,174,297	*
Franklin Income Fund	570,467	*
T Rowe Price Mid-Cap Value Fund	537,765	679,130
Fifth Third Equity Index Fund	*	800,344
PIMCO Total Return Fund	2,093,824	1,241,833
Fifth Third Stable Value Fund	684,008	1,073,267

* Represents less than 5% of the Plan's net assets available for benefits as of this date.

During 2012, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value by $765,945 as follows:

Life insurance	$ 5,702
Mutual funds	760,243
	$765,945

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

5. FAIR VALUE MEASUREMENTS (Continued)

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractural) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the plan at year end

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets and liabilities held in the fund. The funds seek to maximize total return through both current income and price appreciation, consistent with the preservation of capital and prudent risk taking. The fund has no restrictions on redemptions and has no unfunded commitments.

Insurance contracts: Valued at cash surrender value based on premiums paid and accumulated dividends.

.

5. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

	Investments at Fair Value as of December 31, 2012

There were no significant transfers between Level 1, Level 2 and Level 3 investments during the years ended December 31, 2012 and 2011.

The following table sets forth a summary of changes in fair value of the plan's Level 3 assets for the year ended December 31, 2012.

Balance, beginning of year	$ 75,549
Unrealized gains relating to instruments still held at the reporting date	5,702
Balance, end of year	$ 81,251

5. FAIR VALUE MEASUREMENTS (Continued)

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The insurance contracts are presented at fair value of $81,251 which was valued based on the amount available in cash upon the cancellation of the insurance policy before maturity as of the reporting period. The fair value is determined by the insurer and represents the exit price from the perspective of the Plan. However, since the valuation is considered unobservable, the cash surrender value calculation is classified as a Level 3 input.

6. COMMON COLLECTIVE TRUST

The Plan invests in a stable value fund held in a common collective trust. The Fifth Third Stable Value Fund invests primarily in benefit-responsive investment contracts such as conventional and synthetic guaranteed investment contracts issued by insurance companies and other financial institutions.

The Fifth Third Stable Value Fund issued an annual report for the year ended December 31, 2012, which contains the required disclosures for the fully benefit-responsive investment contracts.

7. INSURANCE CONTRACTS

The Plan invests in whole life insurance contracts on behalf of seven participants. Four of these policies are still active while the other three policies have been converted to reduced paid-up policies. The total face amount of all insurance held by the Plan is $272,513.

8. PLAN TERMINATION

The Plan was established January 1, 1990. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. TAX STATUS

The Internal Revenue Service has determined and informed Fifth Third Bank, the prototype sponsor, by a letter dated January 1, 2009, that the Plan, as then designed, is in accordance with the applicable requirements of the Internal Revenue Code (IRC). The prototype sponsor has informed the Plan's administrator that the Plan was amended since receiving the determination letter to comply with the Pension Protection Act of 2006, HEART Act and other IRS guidance. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by a plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

11. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of mutual funds managed by Fifth Third Bank who is the trustee of the Plan, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

The Plan incurs expenses related to general administration and record keeping. The Plan Sponsor pays a portion of these expenses and certain accounting and auditing fees relating to the Plan.

12. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 at December 31:

	2012	2011
Net assets available for benefits per the financial statements	$ 9,622,758	$ 8,123,894
Accrued employee contributions	(21,846)	(18,605)
Accrued employer contributions	(47,803)	(41,611)
Net assets available for benefits per Form 5500	$ 9,553,109	$ 8,063,678

The following is a reconciliation of contributions per the financial statement to the Form 5500 for the year ended December 31, 2012:

Contributions per financial statements	$ 777,443
Net effect of contributions receivable	(9,433)
Contributions per Form 5500	$ 768,010

13. NEW ACCOUNTING PRONOUNCEMENTS

In May, 2011, the FASB issued ASU No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards (Topic 820) – Fair Value Measurement* (ASU 2011-04). ASU 2011-04 was issued to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirement are similar between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for level 3 fair value measurements. ASU 2011-04 is effective for annual reporting periods beginning after December 15, 2011. Our adoption of this guidance did not have an effect on the Plan's financial statements.

14. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 15, 2013, which is the date the financial statements were available to be issued.
