SUMMA HEALTH SYSTEM PENSION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - Description of the Plan

The following brief description of the Summa Health System Pension Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Summa Health System (the System) who are not covered by a collective bargaining agreement. Participation in the Plan was frozen as of March 31, 1997. Since March 31, 1997, no additional individuals are permitted to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Prior to March 31, 1997, the System made a contribution equal to 1% of each participant's compensation, as defined in the Plan agreement. No contributions have been made by the System to the Plan since March 31, 1997. Participants are not permitted to make contributions to the Plan.

Participant accounts

Each participant's account is credited with the System's contributions, if any, and an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on each participant's account balance. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account. Effective January 1, 2001, participants have the option to direct the investment of their accounts into various shares of registered investment companies.

Vesting

Vesting in the participant's account is based upon years of continuous service in accordance with the following schedule:

<u>Completed years of service</u>	<u>Vesting Percentage</u>
Fewer than 3	0%
3 or more	100%

A participant will also become 100% vested in the event of (a) retirement at age 65 while still an employee; (b) death or permanent disability while an employee; or (c) the Plan is terminated or partially terminated.

Forfeitures

Forfeitures represent the non-vested portion of System contributions plus earnings thereon which are not distributable to participants who terminate employment before they are 100% vested. In the event a terminated employee is not re-employed within five years, such forfeitures are first used to pay plan fees or adjust previous allocations. Any remaining forfeited amounts are allocated to the remaining participants in the Plan. There were no forfeitures for the years ended December 31, 2012 and 2011.

SUMMA HEALTH SYSTEM PENSION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - Description of the Plan, continued

Payment of benefits

Upon termination of service due to death, disability, or retirement, or due to separation of service from the System, participants will receive a lump-sum amount equal to the value of their account balance if it is \$5,000 or less. If the value of the participant's account balance is greater than \$5,000, benefits will be paid either in the form of an annuity for the life of the participant with a survivor annuity for the participant's surviving spouse or in a lump sum payment, based on the participant's election.

Administrative expenses

Certain administrative and other expenses of the Plan are paid by the System. All other administrative fees are paid by the Plan.

NOTE B - Summary of significant accounting policies

Basis of accounting

The accompanying financial statements and supplemental schedule have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payments of benefits

Benefits are recorded when paid.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note I for discussion of fair value measurements.

Purchases and sales of investments are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Subsequent events

The Plan has evaluated subsequent events through October 3, 2013, the date the financial statements were available to be issued.

SUMMA HEALTH SYSTEM PENSION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE C - Investments

The Plan's investments at December 31, 2012 and 2011 were held by Fidelity Management Trust Company, the trustee. Individual investments that represent 5% or more of the fair value of the Plan's net assets are as follows:

	<u>2012</u>	<u>2011</u>
Spartan 500 Index	\$ 1,905,308	\$ 1,741,718
Fidelity Investment Grade Bond	1,891,093	1,897,828
Fidelity Short-Intermediate Government	1,544,857	1,630,822
Fidelity Retirement Money Market	1,152,932	1,235,721
Fidelity Growth Company	1,508,440	1,339,652
Fidelity Mid-Cap Stock	1,090,192	998,918
Fidelity Capital & Income	841,718	758,251

During the years ended December 31, 2012 and 2011 net appreciation (depreciation) of the Plan's investments, (including investments bought, sold, and held during the year) was as follows:

	<u>2012</u>	<u>2011</u>
Shares of registered investment companies	\$ <u>897,151</u>	\$ <u>(274,626)</u>

NOTE D - Party-in-interest transactions

Certain plan investments in registered investment companies and money market funds were managed by Fidelity Management Trust Company, the trustee. Therefore, these transactions qualify as party-in-interest transactions. There were no fees paid by the Plan during 2012 and 2011 for trustee services.

NOTE E - Tax status

The Internal Revenue Service has determined and informed the System by a letter dated December 19, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

SUMMA HEALTH SYSTEM PENSION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE E - Tax status, continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE F - Plan termination

Although the System has not expressed any intent to terminate the Plan, the System has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE G - Information certified by the trustee (unaudited)

The financial information included in the Plan's financial statements, except for distributions for withdrawals and terminations, has been derived from information certified as complete and accurate by the trustee, Fidelity Management Trust Company, in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE H - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - Fair value measurements

The ASC Topic *Fair Value Measurements and Disclosure* defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements in accordance with accounting principles generally accepted in the United States of America. *Fair Value Measurements and Disclosure* does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

SUMMA HEALTH SYSTEM PENSION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE I - Fair value measurements, continued

Fair Value Measurements and Disclosure establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Shares of registered investment companies: Valued at the net asset value of shares held by the Plan at year-end.

Money market investments: Valued at \$1 per unit including applicable interest and fees.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
