We have audited the accompanying financial statements of Siteworks Landscape Incorporated 401k Plan, which comprise the statements of net assets available for benefits as of December 31, 2012, and the related statements of changes in net assets available for benefits for the year ended December 31, 2012 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Siteworks Landscape Incorporated 401k Plan as of December 31, 2012, and the changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information
Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report on the Compiled Financial Statement
We have compiled the accompanying statement of net assets available for benefits of Siteworks Landscape Incorporated 401k Plan as of December 31, 2011. We have not audited or reviewed the accompanying statement of net assets available for benefits and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist plan management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

Siteworks Landscape, Incorporated 401(k) Plan
Notes to Financial Statements

NOTE 1—DESCRIPTION OF PLAN

The following description of the Siteworks Landscape Incorporated 401k Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees (except for employees covered by a collective bargaining agreement, leased employees, & non-resident alien employees with no earned income subject to US tax) of the Company who have 520 hours in a three month period and are age 21 or older. Employees are eligible to enter the Plan on the first day of each calendar month. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan is a safe harbor plan. Subject to certain limitations, each year participants may contribute up to 100% of pretax annual compensation, as defined by the plan. The employee may make Pretax or Roth 401(k) post tax contributions. However, the annual contributions may not exceed the dollar limit specified in Code Section 402(g). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes 100% of the first 3% and 50% of the next 2% (maximum of 4.0%) of base compensation that a participant contributes to the Plan. All matching contributions are discretionary. Additional profit sharing amounts may be contributed at the option of the Company's board of directors.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, and Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers eleven mutual funds and a money market account as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is 100%.

NOTE 1—DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their accrued vested interest in their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 6.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions. Interest income is recognized when received.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Administrative Expenses
The Plan's sponsor absorbs the plan administrative expenses.

Forfeited Accounts
At December 31, 2012 and 2011, forfeited non-vested accounts totaled $0. Forfeitures, if any, are used to reduce employer matching cash contributions in the immediately following plan year.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value (Notes 3 & 4). Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
All expenses of maintaining the Plan are paid by the Company.

Subsequent Events
As of September 30, 2013, (the date financial statements are first available to be issued), management has considered and concluded that there are no subsequent events to report.

NOTE 3—INVESTMENTS

Plan investments consist of participant directed investments in mutual funds. The following schedule presents investments that represent 5% or more of the Plan's net assets:

	2012	2011
American Funds Washington Mutual	$ 176,024	$ 145,814
American Funds Growth Fund	$ 220,100	$ 168,079
American Funds Income Fund	$ 246,511	$ 206,908
American Funds Fundamental Investors Fund	$ 378,026	$ 277,467
American Funds American Balanced Fund	$ 389,585	$ 318,714
American Fund World Growth & Income Fund	$ 344,012	$ 267,711
American Fund New World Fund	$ 437,975	$ 358,275

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $282,545.

NOTE 4—FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

		Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2012				
Mutual funds	$	2,526,496	2,526,496	
Participant loans		38,329		38,329
Total	$	2,564,825	2,526,496	38,329

The Plan has characterized its investments, based on the priority of the inputs used to value the investments, subject to a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in the active markets for identical assets (Level 1), and the lowest priority to unobservable inputs (Level 3). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements
The participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance.

NOTE 5—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and to discontinue its contributions at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6—TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 7, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.
