To the Trustees
Hallmark Circuits, Inc.
401(k) Salary Reduction Plan and Trust

We have conducted a DOL limited-scope audit of the financial statements of Hallmark Circuits, Inc. 401(k) Salary Reduction Plan and Trust for the year ended December 31, 2012. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplementary information taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of American and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we communicate to you the following information related to our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated July 9, 2013, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America except that, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by plan management, we did not perform any auditing procedures with respect to information prepared and certified to by Lincoln National Life Insurance Company, the trustee, in accordance with DOL Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements.

Our responsibility for the supplementary information accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the supplementary information, other than that derived from the information certified to by the trustee, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Planned Scope and Timing of the Audit

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit involves judgment about the number of transactions to be examined and the areas to be tested.

Our audit included obtaining an understanding of the plan and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. However, as part of the scope of limitation discussed in the first paragraph, we did not consider internal control relating to the information prepared and certified to by Lincoln National Life Insurance Company. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations, including prohibited transactions with parties in interest or other violations of ERISA rules and regulations, that are attributable to the plan or to acts by management or employees acting on behalf of the plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Hallmark Circuits, Inc. 401(k) Salary Reduction Plan and Trust are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the period. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

- The fair value of investments are reported to the Plan on the valuation methodologies deemed appropriate by the fund managers. The Plan reviews and evaluates the values provided by fund managers.

Financial statement disclosures are neutral, consistent, and clear. Certain financial statement disclosures may be particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- Guaranteed Interest Contract (Note 4)
- Investments (Notes 2 & 3)

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

- The attached schedule of misstatements detected as a result of audit procedures were corrected by management.

Disagreements With Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreement arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter.

Management Consultations With Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principal to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Trustees and management of Hallmark Circuits, Inc. 401(k) Salary Reduction Plan and Trust and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

Note 1 - Description of Plan and Significant Accounting Policies:

Description of Plan

The following description of the Hallmark Circuits, Inc. 401(k) Salary Reduction Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Hallmark Circuits, Inc. (the "Company") who have completed one month of service and attained the age of 18. An employee will become a participant in the Plan on the first day of the quarter immediately following the date of employee satisfies the eligibility conditions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has appointed Lincoln National Life Insurance Company as the trustee of the Plan assets with authority over management and investment of Plan assets and Plan accounting and reporting.

Contributions

Each year participants may elect to make pre-tax contributions of at least 1% of eligible annual compensation up to the maximum amount allowed by law. The Plan permits Roth Elective Deferrals. The Plan also provides for a matching contribution at the discretion of the Company. In addition to the discretionary matching contribution, the Company may elect to make a discretionary profit sharing contribution to the Plan at any time. A participant is eligible to participate in the profit sharing contribution if he/she has completed 1,000 hours of service during the Plan year and is employed on the last date of the Plan year. There were no employer matching or discretionary profit sharing contributions made for the year ended December 31, 2012.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company contributions and allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct their salary deferral contributions and their allocated share of employer contributions into various investments, which are more fully described in the Plan's literature. The Plan currently offers a variety of mutual funds, a guaranteed interest contract and a money market fund. Participants may change their investment options any time throughout the year.

Vesting

Participants are immediately vested in their voluntary contributions and for all employer contributions made after January 1, 2001, plus actual earnings thereon.

Note 1 - Description of Plan and Significant Accounting Policies: (Continued)

Description of Plan (Continued)

Participant Loans

Participants may borrow from their accounts in amounts not to exceed the lesser of $50,000 or 50% of the participant's vested account balance, with a minimum of $1,000. The loans bear interest at rates equal to the prime rate plus 2% (through December 31, 2006) and 1% (effective January 1, 2007), established when the loan is granted. At December 31, 2012, interest rates ranged from 4.25% to 6% on the participants' loan balances and mature through November 2017. Loans are repaid through payroll withholding, generally over five years; however, the Plan provides for longer maturities if the loan is used to acquire a principal residence.

Payment of Benefits

Upon termination of services due to death, disability or retirement, a participant or his/her beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his/her account in either a lump-sum amount or through various annuities, based on the participant's election. Participants with account balances of $5,000 or less will receive a lump-sum distribution upon termination of service with the Company. Participants with account balances of greater than $1,000 but less than $5,000, a direct rollover will be made to an individual retirement account unless otherwise directed by the participant.

Participants may receive withdrawals for reasons of financial hardship. These withdrawals are included with benefits paid and cannot exceed the participant's voluntary contributions and vested employer contributions plus earnings.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. All accounting and legal services and administrative fees (other than loan and investment transfer fees) of the Plan are either provided or paid for by the Company, at no cost to the Plan.

Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting which is in accordance with accounting principles generally accepted in the United States of America (GAAP). Employee and employer contributions were recognized in the period that contributions are due.

Guaranteed interest contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the guaranteed investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Note 1 - Description of Plan and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Fair Value Measurements

Fair value accounting standards define fair value, establish a framework for measuring fair value, outline a fair value hierarchy based on inputs used to measure fair value and enhance disclosure requirements for fair value measurements. The fair value hierarchy distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Level 1 or 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

The Plan's statements of net assets available for benefits include the following financial instruments that are required to be measured at fair value on a recurring basis:

- Investments in mutual funds are considered Level 1 assets and are reported at fair value based on quoted net asset values of the shares held by the Plan at year-end.

- The guaranteed interest contract is considered a Level 3 asset and is reported at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Loans to participants are reported at their unpaid balances plus any accrued and unpaid interest.

Note 1 - Description of Plan and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 26, 2013, the date the financial statements were available to be issued.

Note 2 - Fair Value Measurements:

The following table summarizes assets measured at fair value by classification within the fair value hierarchy as of December 31:

Purchases, sales, issuances, and settlements (net)	(178,393)
Balance at December 31, 2012	$ 1,053,619

Note 3 - Investments:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Lincoln National Life Insurance Company, the trustee of the Plan assets, as complete and accurate, except for comparing such information certified by the trustee of information included in the Plan's financial statements and supplementary information.

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31:

	2012	2011
Guaranteed Investment contract with Lincoln National Life Insurance Company, at contract value, (fair value $1,053,619 and $1,182,264, respectively)	$ 935,662	$ 1,082,537
Federated Government Ultrashort Duration fund	281,543	-
Stadion Managed Moderate	218,121	-
401k Toolbox Managed Moderate	-	232,672
Small Capitalization Equity	-	228,905
Short-Term	-	225,731

Investment income certified by Lincoln National Life Insurance Company consisted of the following for the year ended December 31, 2012:

Net appreciation in fair value of investments	$ 358,493
Interest and dividends	35,668
Participant loan interest	6,047
Total Investment Income	$ 400,208

Note 4 - Guaranteed Interest Contract:

The Plan has a benefit responsive investment contract with Lincoln National Life Insurance Company ("Lincoln"). Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by Lincoln. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

As described in Note 1, because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported to the plan by Lincoln represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the contract was $1,053,619 and $1,182,264 at December 31, 2012 and 2011, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. The rate in effect was approximately four percent for the years ended December 31, 2012 and 2011. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed interest contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2012	2011
Average Yields:		
Based on interest rate credited to participants	3.11%	3.37 %

Note 5 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6 - Tax Status:

The prototype plan sponsor, Lincoln Retirement Services Company, LLC, has obtained an opinion letter dated March 31, 2008, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan administrator timely adopted the restated prototype plan. The plan administrator believes that the plan is currently being operated in accordance with the IRC.

Note 6 - Tax Status: (Continued)

The Plan believes that it has appropriate support for any tax position taken, and as such, does not have any uncertain tax positions that are material to the financial statements. The Plan is subject to routine audits by taxing authorities, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2009.

Note 7 - Party-In-Interest Transaction:

Certain plan investments are shares of mutual funds managed by Lincoln National Life Insurance Company, the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid contract administrator fees totaling $18,860 and investment advisory and management fees totaling $7,159. In addition the Plan may pay fees for investment management services which are included in net appreciation in fair values of investments.

Note 8 - Reconciliation of Financial Statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31:

	2012	2011
