Greensboro Radiology, P.A. 401(k) Profit Sharing Plan
Greensboro, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of Greensboro Radiology, P.A. 401(k) Profit Sharing Plan ("Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2012 and 2011, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Greensboro Radiology, P.A. 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

(1) Description of Plan

The following description of Greensboro Radiology, P.A. 401(k) Profit Sharing Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

- (a) **General** - The Plan is a qualified defined contribution plan covering all employees of Greensboro Radiology, P.A. ("Company") and its affiliates who are at least 21 years of age with six months of eligible service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are participant directed.
- (b) **Contributions** - Participants may contribute, through payroll deduction, amounts up to 100% of their annual earnings, subject to certain limitations. Employees who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions. The Company funds a safe harbor match amount equal to a maximum of 3% of the participants' compensation and 50% of the next 2% of compensation. The Company funds as a regular employer match the next 1% of compensation equally. Participants must complete one year of service to be eligible for employer contributions.

Each year the Company may make additional discretionary contributions to the Plan. Discretionary contributions of \$1,452,629 and \$1,271,662 were recorded for 2012 and 2011, respectively.

- (c) **Participant Accounts** - Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions, Plan earnings and administrative fees. Allocations are based on participant earnings or account balances, as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.
- (d) **Expenses** - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.
- (e) **Vesting** - Participants are immediately vested with respect to their elective deferral contributions and safe harbor match contributions and actual earnings thereon. Vesting in regular employer match and discretionary contributions and actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years and vests an additional 20% every year thereafter, until reaching 100% after six years of credited service.
- (f) **Forfeitures** - Forfeitures of employer matching contributions are used to reduce future employer contributions. For the year ending December 31, 2012, \$10,459 was forfeited from unvested participant accounts and \$5,092 of the forfeitures was used to reduce employer contributions. During 2011, \$1,513 was forfeited from unvested participant accounts and no forfeitures were used to reduce employer contributions. At December 31, 2012 and 2011, forfeited nonvested accounts totaled \$8,852 and \$2,178, respectively.
- (g) **Payment of Benefits** - In the event of termination of employment, disability, death or retirement (age 59 ½), a participant may elect to receive benefits either by a lump sum distribution or periodic installments over a period of time as described in the Plan Agreement. Distributions of vested account balances of \$5,000 or less will generally be made in a single sum payment. Hardship distributions of participant's contributions are permitted.
- (h) **Plan Termination** - The Company expects to continue the Plan indefinitely, but reserves the right to terminate the Plan in whole or in part at any time upon giving written notice to all parties concerned subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Greensboro Radiology, P.A. 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2012 and 2011

(2) Summary of Accounting Policies

- (a) **Basis of Accounting** - The financial statements are prepared using the accrual method of accounting.
- (b) **Management Estimates** - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
- (c) **Investment Valuation** - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.
- Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.
- (d) **Payment of Benefits** - Benefits are recorded when paid.
- (e) **Reclassifications** - Certain reclassifications have been made to prior period balances to conform to current period presentation.

(3) Investments

During 2012, the Plan's investments (including investments bought, sold, as well as held during the year) appreciated in fair value as follows:

Self-directed accounts	\$ 2,818,348
Mutual funds	<u>1,898,629</u>
Total	<u>\$ 4,716,977</u>

Loomis Sayles Investment Grade Bond Class A represents greater than 5% of the Plan's net assets at December 31, 2012 and 2011.

FASB ASC 820, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable and Level 3 inputs have the lowest priority and are unobservable inputs of market activity. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Greensboro Radiology, P.A. 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2012 and 2011

(4) Tax Status

The Plan is based on a WLR & Associates prototype defined contribution plan. WLR & Associates Administrators, Inc. obtained an opinion letter dated March 31, 2008 in which the Internal Revenue Service stated that the prototype plan is designed in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving this letter. However, the Plan administrator, trustees and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is not currently under examination for any tax periods. The Plan, by expiration of the statute of limitations, is generally no longer subject to examination by taxing authorities for the fiscal years ending December 31, 2009 or earlier.

(5) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(6) Subsequent Events

Management has evaluated subsequent events through September 25, 2013 the date which the financial statements were available to be issued.
