(1) Description of Plan

The following description of AVI-SPL 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan that covers substantially all employees of AVI-SPL, Inc. and its wholly owned subsidiaries including Audio Visual Innovations, Inc., Signal Perfection Limited, AVI Rental Services Division, LLC, and AV Marketplace, Inc., (collectively the Company or Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 1, 2009, the Plan was formally amended by the Company to allow Signal Perfection Limited 401(k) Plan (the SPL Plan) to merge with AVI-SPL 401(k) Retirement Plan to create the AVI-SPL 401(k) Plan. Prior to this merger the Plan was named AVI 401(k) Retirement Plan. Subsequent to the transfer of the SPL Plan assets during 2009, the SPL Plan was terminated.

Effective July 1, 2011, the Plan was formally amended by the Company to allow automatic enrollment at three percent upon participant eligibility and to allow automatic deferral increase for all active participants annually by one percent up to six percent of compensation.

Effective October 3, 2011, the Plan was formally amended by the Company to adjust investment options under the Plan from Class A to Institutional Class investments. As part of this amendment, an investment asset based service fee of 25 basis points per annum is assessed to each participant. Previously, these fees were charged directly to the funds and included as a reduction of fund earnings.

Effective January 1, 2012, the Plan was formally amended to change the entry date for employer matching contributions to be the first day of each month.

(b) Contributions

An employee is eligible to participate in the Plan after the employee reaches 18 years of age and has completed one month of service. Employees are eligible to participate in the matching contribution portion of the Plan after completion of one year of service, as defined.

Each year, participants may elect to contribute up to 60% of their pre-tax annual compensation, as defined by the Plan, not to exceed $17,000 in 2012. As allowed by the IRS, the limit on catch-up elective deferrals for participants age 50 and over was an additional $5,500 for the 2012 plan year.

(1) Description of Plan - Continued

(b) Contributions - Continued

The Company may make matching contributions, at its discretion, equal to the declared percentage of participant deferrals for the period. The Company's discretionary match formula was $0.25 on the dollar for up to 6% of the qualified employee deferrals, as defined. For the year ended December 31, 2012, the Company elected to match at $0.25 on the dollar for up to 6% of the qualified employee deferrals, as defined. Discretionary matching contributions totaled $689,220 for the year ended December 31, 2012.

The Plan accepts rollovers and direct transfers from other tax-qualified plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, if any, an allocation of the Company's additional discretionary contribution, if any, and Plan earnings. Each participant's account is charged with an allocation of Plan losses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their salary deferrals, voluntary rollovers, and the actual allocated earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings for all Audio Visual Innovations, Inc., AVI Rental Services Division, LLC, and AV Marketplace, Inc., participants occurs under the following schedule:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

In accordance with the terms of the SPL Plan termination and merger, all Signal Perfection Limited participants became immediately 100% vested in their existing account balances effective April 1, 2009, the date of termination. Future vesting in Company contributions for these participants will follow the above vesting schedule.

(1) Description of Plan - Continued

(e) Investment Options

The Plan permits participants to direct the investment of their elective deferrals and Company contributions into various investments offered by the Plan.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 7.50% as of December 31, 2012. Principal and interest are paid through payroll deductions.

(g) Payment of Benefits

Upon termination, retirement, attainment of age 59 ½, death, disability or financial hardship, the participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account under several options. A participant may elect to rollover the vested portion of their account to another qualified Plan. A participant may also elect to receive a single lump sum payment subject to withholding for income taxes, or receive installment payments.

(h) Forfeitures

All forfeitures of Plan assets will be used to offset future employer matching contributions. There were forfeited non-vested accounts used to offset employer matching contributions for the year ended December 31, 2012 of approximately $20,000. The remaining non-vested accounts available to offset future employer matching contributions are not material to the Plan's financial statements at December 31, 2012.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts in the statements of net assets available for benefits and changes in net assets available for benefits. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies - Continued

(c) Investment Valuation

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices and the Plan's investments in units of common collective trusts are stated at fair value with an adjustment to contract value.

(d) Notes Receivable from Participants

The Plan's notes receivable from participants are stated in accordance with the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010- 25). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as notes receivable from participants. Interest income related to the notes receivable from participants has been separately presented as interest income- notes receivable from participants.

(e) New Accounting Pronouncements

Fair Value Measurements - In May 2011, the Financial Accounting Standards Board ("FASB") issued guidance which amends Accounting Standards Codification ("ASC") 820. This guidance requires the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level 1 and Level 2. In addition, it provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The guidance requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The new guidance is effective for reporting periods beginning after December 15, 2011. Net assets available for benefits and changes in net assets available for benefits of Plan were not affected by the adoption of the new guidance.

(f) Administrative Expense

Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(g) Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(2) Summary of Significant Accounting Policies - Continued

(h) Unit Values

Individual participant accounts for the common and collective trusts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

(3) Certification of Plan Investments (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2012 and 2011 and for the year ended December 31, 2012:

- Total investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2012 and 2011;

- The adjustments from fair value to contract value for fully benefit responsive investment contracts as of December 31, 2012 and 2011;

- Total investment income and related investment activity for the year ended December 31, 2012, as shown in the statement of changes in net assets available for benefits;

- The schedule of assets (held at end of year), as of December 31, 2012, as shown in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Investments

Investments which individually comprise greater than 5% of net assets available for Plan benefits are as follows at December 31, 2012 and 2011:

	2012	2011
Dreyfus Basic S&P 500 Index Fund	$ 2,870,083	2,166,218
Fidelity Advisor Freedom 2020 Fund - Institutional Class	4,058,311	3,104,743
Fidelity Advisor Freedom 2025 Fund - Institutional Class	2,340,976	2,044,094
Fidelity Advisor Freedom 2030 Fund - Institutional Class	3,800,913	3,068,671
Fidelity Advisor Freedom 2035 Fund - Institutional Class	2,448,775	1,848,718
Fidelity Advisor New Insights Fund - Institutional Class	3,425,235	2,909,737
Fidelity Advisor Stable Value Fund - Class I	3,079,424	2,808,926

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of plan termination, participants will become 100% vested in their accounts.

(6) Income Tax Status

The Plan has adopted a prototype plan. The prototype plan obtained its latest opinion letter on October 9, 2003, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the prototype plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and is thus exempt from federal income taxes under the provisions of Section 401(a).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

(7) Parties-in-Interest

The Plan investments are managed by an affiliate of Fidelity. Fidelity acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions.

(8) Investment Contracts

The Plan has adopted Accounting Standard Codification 946-210, *Fully Benefit-Responsive Investment Contracts* (ASC 946-210).

ASC 946-210 defines the circumstances in which an investment contract is considered fully benefit responsive and provides certain reporting and disclosure requirements for fully benefit responsive investment contracts in defined contribution, health and welfare and pension plans. Fidelity has identified the Fidelity Advisor Stable Value Portfolio, in which the Plan invests, to be fully benefit responsive. The crediting interest rate for this common collective trust was 1.11% and 1.26% for 2012 and 2011, respectively, and the average yield for this common collective trust was 1.69% and 1.74% for 2012 and 2011, respectively. There are no restrictions on withdrawals from the common collective trust for authorized distribution, withdrawal, or loan disbursements to a plan participant or beneficiary.

ASC 946-210 requires that fully benefit responsive investments be reported at fair value. However, contract value is the relevant measure to the Plan because it is the amount that is available for Plan benefits. Investments in Fidelity Advisor Stable Value Portfolio, a fully benefit responsive investment, are presented at fair value with an adjustment to contract value reflected on the accompanying statements of net assets available for benefits.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) certain amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

(9) Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Form 5500:

		2012	2011
Net assets available for benefits per the financial statements	$	42,992,191	35,272,908

Net assets available for benefits per the Form 5500	$	42,375,178	34,939,771

The following is a reconciliation of net increase in net assets available for benefits per the financial statements for the year ended December 31, 2012 to net income of Form 5500:

Net increase in net assets available for benefits per the financial statements	$	7,719,283
Difference in contributions receivable - participant		22,108

Difference in excess contribution refund payable		(6,527)
Contract value adjustment for common-collective trust		10,504
Net income per Form 5500	$	7,435,407

(10) Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

a) Quoted prices for similar assets or liabilities in active markets;

b) Quoted prices for identical or similar assets or liabilities in inactive markets;

c) Inputs other than quoted prices that are observable for the asset or liability;

d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan had no significant transfers between Level 1 and Level 2 for the year ended December 31, 2012.

(10) Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

(11) Excess Contribution Refund Payable

Contributions received from participants for the year ended December 31, 2012 are net of payments of $69,857 made in 2013 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. This amount is included in the Plan's statement of net assets available for benefits as excess contribution refund payable at December 31, 2012.

(12) Subsequent Event

The Plan's management has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 3, 2013, the date which the financial statements were available to be issued.
