Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of United Foundries, Inc. Retirement Plan, International Association of Machinists, Lodge 1019, which comprise the statement of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by PNC Bank, N.A., the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2012 and 2011, and for the years ended December 31, 2012 and 2011, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules (Schedule of Assets Held for Investment Purposes at End of Year and Schedule of Reportable Transactions) as of and for the year ended December 31, 2012 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis, but are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following description of the United Foundries, Inc. Retirement Plan, International Association of Machinists, Lodge 1019 ("Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began October 1, 1980 and was restated effective October 18, 2004, to comply with legislation affecting tax qualified retirement plans, is a non-contributory defined benefit pension plan covering substantially all hourly employees of the Youngstown plant of United Foundries, Inc. ("Company") that are represented by the International Association of Machinists, Lodge 1019. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was amended effective January 1, 2007. The amendment changed the valuation provisions for lump sum distributions, defined the maximum annual pension amount under the Plan as the lesser of \$160,000 or a participant's highest average compensation for three consecutive years of service while they were an active participant in the Plan, reduces the maximum benefit if the employee retires before age 65, and provides an appeals procedure for grievances.

As of March 31, 2009, the Youngstown plant was shut down and all employees laid off. There were no changes to the Plan due to the plant shut down.

Eligibility:

All employees of the Company age 21 and older and are employed for one year of continuous service.

Funding Policy:

The Company has agreed to voluntarily contribute such amounts as are necessary to provide assets sufficient to meet the benefits to be paid to Plan participants. The Company's present intention is to make contributions in amounts sufficient to annually fund the Plan's current service cost and prior service cost, plus interest over a period of 30 years. The Plan has met the ERISA minimum funding requirements.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Investments:

Marketable securities are reported at fair market value as of the balance sheet date. Fair market value represents quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker.

Interest income is recorded when received by the Plan. Dividends are recorded on the ex-dividend date.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Actuarial Present Value of Accumulated Plan Benefits:

Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' average annual compensation during five highest consecutive completed calendar years out of the last 10 years of credited service. The accumulated plan benefits for active employees are based on their highest average compensation during the five years ending on the date as of which the benefit information is presented ("valuation date"). Benefits payable under all circumstances - retirement, death, disability and termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

2 Summary of Significant Accounting Policies, Continued

Administrative Fees:

All administrative expenses are paid by either the Plan or Company. Fees paid during the year for professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Payment of Benefits:

Benefit payments to participants are recorded upon distribution.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC"). In the event the Plan terminates, the net assets of the Plan shall be allocated among the participants and beneficiaries in accordance with the priorities mandated by ERISA. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and level of benefits guaranteed by PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and PBGC guaranty, while other benefits may not be provided for at all. A full description of the defined benefit Plan termination priorities is available in the Plan document.

Risks and Uncertainties:

The Plan's investment includes investments in mutual funds with varying degrees of risk, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through September 13, 2013, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

As defined in FASB ASC 820, "Fair Value Measurements", fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. In determining fair value, the Company utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable firm inputs. The Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the examination of the inputs used in the valuation techniques, the Company is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- * Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- * Level 2: Inputs to the valuation methodology include:
 - * Quoted prices for similar assets or liabilities in active markets;
 - * Quoted prices for identical or similar assets or liabilities in inactive markets;
 - * Inputs other than quoted prices that are observable for the asset or liability;
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- * Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

3 Fair Value Measurements, Continued

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds and Money Market Fund

The fair value of the mutual funds are based on quoted market prices and are classified as Level 1. The fair value of the money market fund is based on the values of the underlying assets as determined by the investment broker and is classified as Level 2.

The following table presents the financial instruments carried at fair value, on a recurring basis, as of December 31, 2012, by the valuation hierarchy (as described previously).

4 Tax Status

On June 13, 2008, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however; the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2012, there were no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2009.

5 Accumulated Plan Benefits

The Plan's actuary, CBIZ Benefits & Insurance Services, Inc., estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and expected date of payment.

The accumulated plan benefit information as of the beginning of the Plan year is as follows:

	<u>January 1 2012</u>
Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Participants currently receiving payments	\$ 6,335,213
Other participants	<u>610,023</u>

The changes in the actuarial present value of accumulated plan benefits are as follows:

	<u>2012</u>
Present value of benefits - beginning of the year	\$ 7,599,299
Change in actuarial assumptions	(619,691)
Benefits paid	(682,881)

Significant assumptions underlying the actuarial computations are:

Mortality basis: 2012 Combined Mortality Table for Healthy Lives.

Actuarial cost method: Entry age normal cost method.

Investment return: Approximately 6.8% per year compounded annually. The tiered segment rates specified by the Pension Protection Act of 2006 were utilized in 2012. The tiered segment rates range from 5.54% - 7.52%.

Disability: Rates are based on age and gender. Representative rates are as follows:

<u>Age</u>	<u>Male Rate</u>	<u>Female Rate</u>
25	0.0%	0.0%
35	0.1%	0.1%
40	0.2%	0.3%
55	0.7%	1.0%

Withdrawal: Age based rates. Illustrative rates below:

<u>Age</u>	<u>% Withdrawing</u>
25	7.7
35	6.3
40	5.2
55	1.0

Retirement: Employees completing 30 years of service prior to age 64 are expected to retire at the later of age 62 or the age when 30 years of service are completed. Other employees are expected to retire at age 64 (if they have at least 10 years of service), otherwise at later of age 65 or the age when five years of service are completed.

Vesting: Employees who complete five years of service are vested in their benefits.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
