Trust No. 93007

Report on the Financial Statements

We have audited the accompanying financial statements of the **Kaiser Permanente Supplemental Savings and Retirement Plan For Ohio Permanente Medical Group** (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

MORRIS DAVIS CHAN & TAN LLP

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2012 and 2011, and the changes in net assets available for benefits for the years then ended in accordance with U.S. generally accepted accounting principles.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held as of December 31, 2012, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 2012 AND 2011

NOTE A - Description of the Plan

The following description of the **Kaiser Permanente Supplemental Savings and Retirement Plan For Ohio Permanente Medical Group** (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a money purchase pension plan which is intended to comply with the provisions of Section 401(a) and other applicable provisions of the Internal Revenue Code (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The purpose of the Plan is to provide additional retirement benefits for salaried employees who meet specified requirements.

Trustees and Custodian

Vanguard Fiduciary Trust Company (Vanguard) serves as the trustee for the mutual funds and the VFTC Interest Income Fund. Global Trust Company and State Street Bank and Trust Company (State Street) serve as the trustee and custodian, respectively, of the KP Growth Equity Fund held under the Kaiser Permanente Collective Investment Trust.

Participant Accounts

Each participant's account is credited with the participant's contributions, as well as any relevant Employer's contributions plus allocated Plan earnings and losses, and charged with administrative expenses. Allocations are based on participant account balances, as defined. The expenses incurred in operating the Plan, including the fees paid to actuaries, accountants, legal professionals, investment professionals, and other Plan service providers, may be charged against the accounts of Plan participants at the discretion of the Administrative Committee or the Investment Committee (the Committees) as defined in the Plan document. The Committees may use such discretion to charge these administrative expenses to participant accounts. Any actual administrative expenses charged to a participant's account shall be reflected in the participant's quarterly account statement. The benefit to which a participant is entitled is based on the participant's vested account balance.

Contributions

A participant may elect to contribute by payroll deductions, from 1% to 10% of his or her compensation on an after-tax basis. The Employer contributes 5% of the participants' compensation after 2 years of employment. All contributions are subject to applicable limitations set by the Internal Revenue Service (IRS).

Vesting

Each participant is immediately and 100% vested in his or her accounts.

NOTE A - Description of the Plan (Continued)

Payment of Benefit

A participant shall be entitled to receive all or a portion of his or her account upon occurrence of the earlier of the participant's retirement, death, disability, or termination of employment, as defined by the Plan document. A participant may take a distribution of any after-tax contribution and applicable earnings at any time.

NOTE B - Significant Accounting Policies

Accounting Pronouncement Adopted

During 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS*, to converge U.S. GAAP and International Financial Reporting Standards on fair value measurements and disclosures. The amended guidance changes several aspects of the fair value measurement guidance in FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, including information about valuation techniques and unobservable inputs used in level 3 fair value measurements and a narrative description of the sensitivity of level 3 measurements to changes in unobservable inputs. The amended guidance must be applied prospectively and is effective beginning after December 15, 2011. ASU 2011-04 was adopted by the Plan in 2012 and did not have a significant impact on the Plan's financial statements.

Significant accounting policies of the Plan are summarized below:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note D - Fair Value Measurements).

NOTE B - Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Fully benefit-responsive investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade date basis. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain investment funds charge transaction fees. These fees are deducted from participant accounts and are reflected in the accompanying financial statements as administrative expenses.

Subsequent Event

The Plan's financial statements have been evaluated for subsequent events or transactions for potential recognition through September 27, 2013, the date the financial statements are available to be issued. Plan management determined that there are no subsequent events or transactions that require disclosure to or adjustment in the financial statements.

NOTE D - Fair Value Measurements

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value:

- Mutual funds are valued at the net asset value of shares held by the Plan at year end.
- Collective investment funds are stated at fair value as determined by the issuers based on the unit values of the funds. Unit values are determined by dividing the funds' net assets, which represent the unadjusted prices in active markets of the underlying investments, by the number of units outstanding at the valuation date. While not publicly traded, the funds are comprised primarily of underlying securities represented by a variety of asset classes that are publicly traded on exchanges or over-the-counter, and price quotes for the assets held by the funds are readily observable and available.

NOTE D - Fair Value Measurements (Continued)

There have been no changes in the methodologies used as of December 31, 2012 and 2011.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

Investments at Fair Value as of December 31, 2012				
	Level 1	Level 2	Level 3	Total
Mutual funds				
Domestic stock funds	\$ 1,212,681	\$ -	\$ -	\$ 1,212,681

NOTE E - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain fully vested in their accounts.

NOTE F - Tax Status

The Plan obtained its latest determination letter on May 15, 2012, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan administrator has indicated that it will take the necessary steps, if any, to maintain the Plan's qualified status.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that would not meet the more likely than not standard and be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE G - Party-in-Interest Transactions

Certain Plan investments are managed by Vanguard and State Street. Vanguard and State Street are the trustee and custodian, respectively, of the Plan. Vanguard also serves as the recordkeeper. Transactions with the trustee, custodian, and recordkeeper qualify as party-in-interest transactions.

NOTE H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
