1. DESCRIPTION OF PLAN

The following description of the Total Transportation Corp. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Total Transportation Corp. (the "Company"), excluding specified classes. Pre-tax elective deferrals and matching contributions are available for all employees who are over 21 years old and have 1 year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended in 2012 to allow for notes receivable to participants.

Participant Contributions

Contributions to the Plan may be pre-tax Salary Deferrals. Participants direct the investment of their contribution into various investment options offered by the Plan. Participants are immediately vested in their contributions plus actual earnings thereon.

Rollover contributions are subject to the terms of the Plan and are fully vested and non-forfeitable.

Employer Contributions

The Company matches contributions equal to 50% of a participant's 401(k) elective deferral contribution. Only salary reductions up to 3% of Compensation are eligible for the employer match.

For the year December 31, 2012 the Company contributed $35,705 to the Plan.

Participant Accounts

Each participant's individual account is credited with (a) the participant's contribution, (b) an allocation of the Company's contribution, and (c) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of contributions into various investment options offered

by the Plan.

Vesting

Participants are immediately vested in their contributions plus rollovers and actual earnings thereon. Vesting in employer's contributions portion of their accounts plus actual earnings thereon is based on years of continuous service.

Employer matching contributions and earnings will be vested as follows:

Years of Vesting Service	Amount Vested
Less than 2	0%
2 years of service	100%

Forfeitures

The Company uses forfeited amounts to reduce employer contributions or administrative expenses of the Plan. At December 31, 2012 and 2011, forfeited nonvested accounts totaled $277 and $327, respectively. For the year ended December 31, 2012, the Plan allocated $327 of forfeiture accounts to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a specified limit of their elective deferral account balance. Notes receivable from participants are collateralized by the balance in the participant's account. The interest rate on outstanding loans is 4.25%. Loan payments are made through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant becomes 100% vested in their account balance and may receive benefits in one or more of the following forms of payment: 1) a qualified lump sum; 2) in installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a qualified lump-sum distribution.

Participants under the age of 59 and ½ may make withdrawals prior to termination of employment in the event of financial hardship, as defined in the Plan agreement.

Hardship Withdrawals

A participant may request hardship withdrawal under certain conditions as specified in the Plan agreement. Hardship withdrawals must be approved by the Plan administrator.

2. SUMMARY OF ACCOUNTING POLICIES

Accounting Standards Codification

The Financial Accounting Standards Board ("FASB") issued FASB Statement No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles*, effective for periods ending after September 15, 2009. This Statement establishes the FASB Accounting Standards Codification ("ASC") as the single source of authoritative United States generally accepted accounting and reporting standards for nongovernmental entities and these financial statements are referenced accordingly.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent loans are paid out as deemed distributions based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management of the Plan to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets.

Investments	2012	2011

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) resulted in an increase in value of $73,417, all of which were from mutual funds.

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The following information included in the accompanying financial statements and supplemental schedule as of and for the years December 31, 2012 and 2011 was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustee, Charles Schwab Bank.

	2012	2011
Investments, at fair value:	$ 1,085,362	$ 841,509
Net change in fair value of investments	73,417	(57,854)
Interest and dividends	30,235	20,114

5. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted market prices in inactive markets or quoted prices for similar assets in active markets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are not used.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

December 31, 2012	Level 1	Level 2	Level 3	Total

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2012, are reported in net change in fair value of investments.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100% vested in their accounts.

7. TAX STATUS

The Plan obtained its latest determination letter on October 22, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator

believes that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. PARTY-IN-INTEREST TRANSACTIONS

Charles Schwab Bank is the custodian of the Plan's investments and therefore certain transactions qualify as party-in-interest transactions. Investment fees of approximately $4,600 were paid to Charles Schwab Bank from the Plan during the year ended December 31, 2012.

Lilling & Company LLP is the auditor of the Plan and therefore certain transactions qualify as party-in-interest transactions. Audit fees of approximately $11,500 were incurred to Lilling & Company LLP from the Plan during the year ended December 31, 2012.

10. SUBSEQUENT EVENTS

In preparing the accompanying financial statements, the Plan has reviewed events that have occurred after December 31, 2012, through the date of issuance of these financial statements on October 1, 2013.
