REPORT OF INDEPENDENT AUDITORS

To the Investment Committee of the
Wolfe Engineering, Inc.
Profit Sharing 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Wolfe Engineering, Inc. Profit Sharing 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Charles Schwab Bank, the custodian of the Plan, except for comparing such information with the related information included in the 2012 financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2012 financial statements. Accordingly, we do not express an opinion on the 2012 financial statements.

Other Matter – 2011 Financial Statements

The financial statements of the Plan as of December 31, 2011 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the or custodian. Their report, dated August 24, 2012, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the or custodian, was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplementary Information

The Schedule H, line 4(i) – Schedule of assets (held at end of year) as of December 31, 2012 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2012 financial statements and supplementary information, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

WOLFE ENGINEERING, INC.
PROFIT SHARING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of the Wolfe Engineering, Inc. Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 1995 by Wolfe Engineering, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration – Under the terms of the Plan, a group of designated officers of the Company act as the trustee. The Company has appointed an Investment Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Charles Schwab Bank (Schwab) to act as the custodian and a third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts – Forfeited nonvested accounts will be used to reduce future employer contributions or pay Plan administrative expenses.

Investment valuation and income recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Certain investments in guaranteed investment contracts are valued at contract value as reported by The Standard Insurance Company (The Standard) which approximates fair value.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Income taxes – The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

WOLFE ENGINEERING, INC.
PROFIT SHARING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Recent accounting pronouncements – In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Fair Value Measurement (Topic 820) – Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU No. 2011-04 requires disclosure of valuation techniques for level 2 and level 3 measurements, and for level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between level 1 and level 2 of the fair value hierarchy. The Plan adopted the new disclosure requirements effective January 1, 2012.

Subsequent events – The Plan has evaluated subsequent events through October 2, 2013, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

WOLFE ENGINEERING, INC.
PROFIT SHARING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end based on active market.

Common/collective trust funds: Valued using the market approach at the NAV units held by the Plan at year end as determined by the trustee of the fund.

The JPMorgan SmartRetirement Income Funds seek current income and some capital appreciation. The funds each seek total return with a shift to current income and some capital appreciation over time as each fund approaches and passes its respective target retirement date.

Guaranteed investment contract: Valued using the income approach by discounting the related cash flows driven by fixed interest rate guarantees for the product. Level 3 assumptions for the policyholder behavior and future index interest rate declarations significantly influence the calculation.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2012.

	Guaranteed investment contract
Balance, beginning of year	\$ -
Purchases	97,869
Sales	(10)
	<u>\$ 97,859</u>

Quantitative information about significant unobservable inputs used in level 3 fair value measurements:

Name	Fair value	Valuation technique	Unobservable inputs	Range of input values
Guaranteed investment contract	\$ 97,859	Discounted cash flow	Expected future option purchase	1% - 5%
			Various assumptions	(a)

(a) Represents various actuarial assumptions which include combined lapse, mortality and withdrawal rates which generally have a range of inputs from 5% to 36%

NOTE 3 – GUARANTEED INVESTMENT CONTRACTS

In November 2012, the Plan entered into a benefit-responsive investment contract with The Standard. The Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

On a quarterly basis, The Standard's asset advisory group provides an interest forecast for the coming quarter based on the investments underlying The Standard's contracts. Based on these rates and the margins required for The Standard's business, a crediting rate is declared for assets in the fund for the coming quarter. The minimum crediting rate specified in the contract is 1% per annum.

WOLFE ENGINEERING, INC.
PROFIT SHARING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

The average yield of the contract based on actual earnings for 2012 was 2.67%. The average yield credited to participants in 2012 was 2.4%.

Certain events may limit the ability of the Plan to transact at contract value with The Standard. Such events include the termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawals or transfer rules. Upon occurrence of any of these events, a payout adjustment may apply. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The contract owner may terminate the contract at any time with 30 days advance written notice to The Standard. The Standard may terminate the contract with 30 days advance writing notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by federal or state law, failure to render performance necessary of at least \$25,000, Plan disqualification, and failure to adopt the Plan in a reasonable period of time. Upon termination by either party, the payout value may be subject to adjustment, either in a single lump sum payment or in installment payments.

NOTE 4 – PARTICIPATION AND BENEFITS

Participant contributions – Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – The Company is allowed to make discretionary matching contributions to the Plan, as defined in the Plan and as approved by the Board of Directors. In 2012 and 2011, the Company matched 15% of each eligible participant's contribution up to a maximum of 6% of the participant's eligible compensation. The Plan also provides for a discretionary profit sharing contribution. No discretionary profit sharing contributions have been made for the year ended December 31, 2012.

Vesting – Participants are immediately vested in their contributions and employer's matching contributions allocated to their account. Participants are fully vested in the profit sharing contributions allocated to their account after six years of credited service.

Participant accounts – Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution, if any. Allocation of the Company's contribution is based on participant contributions or eligible employee compensation, as defined in the Plan.

Payment of benefits – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. The Plan allows for the automatic lump sum distribution of participant vested account balances that do not exceed \$1,000.

WOLFE ENGINEERING, INC.
PROFIT SHARING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Notes receivable from participants – The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2012 carry interest rates ranging from 4.25% to 6.25%.

NOTE 5 – CERTIFIED INFORMATION

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2012 and 2011, and net appreciation, interest, and dividends for the year ended December 31, 2012, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Schwab in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 6- PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.
