We were engaged to audit the accompanying financial statements of Grayhill, Inc. Advantage Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S., the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matter

The supplemental schedule of assets (held at year end) as of December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following brief description of the Grayhill, Inc. (the Company) Advantage Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established to enable eligible employees of the Company to share in a portion of the Company's profits and to defer receipt of a portion of their compensation for the principal purpose of providing benefits at time of retirement, disability or death. Employees become eligible to participate upon completion of 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant contributions: Each year, participants may contribute up to the lower of 25 percent of their annual compensation or the maximum allowable by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer matching contributions: Company matching contributions are made at the discretion of the Company's Board of Directors equal to a percentage or dollar amount of a participant's contributions. Such amounts are credited among the accounts of participants who have made compensation reductions during the year. The Company's matching contributions during 2012 were dollar for dollar up to $300 and totaled $118,864.

Employer profit sharing contributions: Profit sharing contributions are made at the discretion of the Company's Board of Directors. Contributions are allocated to the eligible participants' accounts based upon the rate of each participant's points, as defined by the Plan, to the total points of all eligible participants. Points are awarded based upon employee compensation and length of service. The Company's profit sharing contributions during 2012 were $881,136.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching contribution, and an allocation of (a) the Company's discretionary profit sharing contribution, if any, (b) forfeitures of terminated nonvested accounts, (c) plan earnings and (d) administrative expenses. Allocations are based on participants' account balances or compensation, as defined. Earnings include interest, dividends and changes in the fair value of investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting: Participants are immediately vested in their contributions and Company matching contributions plus earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. For balances prior to January 1, 2007, a participant is 100 percent vested after seven years of credited service. For balances after January 1, 2007, a participant is 100 percent vested after six years of credited service. In the event of death, disability or retirement at designated ages, participants become fully vested.

Investment options: Upon enrollment in the Plan, participants may direct their account balances into a variety of investment options, as more fully described in the Plan's literature. Participants may change their investment options at any time.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Note terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account. The notes bear interest at rates that range from 3.25 percent to 8.25 percent at December 31, 2012, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest payments are paid through payroll deductions.

Payment of benefits: If a participant terminates for any reason, the Plan provides that the participant may receive benefits in the form of a lump-sum or installments. Withdrawals are also allowed at any time for hardship reasons as defined in the Plan.

Plan expenses: The Company pays certain administrative and overhead costs of the Plan.

Forfeited accounts: Forfeitures are allocated to the participants' accounts based upon the ratio of each participant's points, as defined by the Plan, to the total points of all eligible participants. At December 31, 2012 and 2011, forfeited nonvested accounts totaled $35,679 and $43,665, respectively. During the year ended December 31, 2012, forfeitures of $43,665 were allocated to participant accounts.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits and changes in net assets available for benefits present the fair value of the investment contract. There is no difference between fair value and contract value.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principle balances plus any accrued interest. Delinquent notes are treated as distributions based upon the terms of the plan document surrounding defaults.

Administrative expenses: Investment management and administrative expenses of the Plan are paid by the Plan as provided in the plan document. Certain other administrative expenses are paid by the Company on behalf of the Plan, without reimbursement.

Payment of benefits: Benefits are recorded when paid.

Note 2. Significant Accounting Policies (Continued)

Accounting estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

New accounting pronouncement: In May 2011, the Financial Accounting Standards Board (FASB) issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs, (ASU 2011-04).* ASU 2011-04 amended ASC 820, *Fair Value Measurements*. This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. See Note 7 for impact of adoption.

Pending accounting pronouncement: In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements.* The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The Plan Administrator is currently evaluating the effect that the provisions of ASU 2012-04 will have on the Plan's financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 7, 2013, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Prudential Bank & Trust, F.S. (Prudential), the Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2012	2011
Shares of pooled separate accounts	$ 13,966,535	$ 12,016,326
Guaranteed income fund	10,151,914	9,870,855
Shares of registered investment companies	3,417,132	2,602,636
Notes receivable from participants	1,006,538	993,270
Net appreciation in fair value of investments	$ 2,290,950	
Dividends earned on investments	47,743	
Interest on guaranteed income fund	226,221	
Interest income on notes receivable from participants	33,923	

Note 4. Investments

The following table presents the value of the investments that represent 5 percent or more of the Plan's net assets as of December 31, 2012 and 2011:

	2012	2011
Guaranteed income fund	$ 10,151,914	$ 9,870,855
Shares of pooled separate accounts		
Prudential Dryden S&P 500 Index	5,458,900	4,875,364
Prudential Balanced I Fund - Wellington Management	3,093,676	2,687,844
Prudential Small Cap Growth - Times Square	2,402,302	2,069,135
Shares of registered investment companies		
American Funds Growth Fund of America R4	1,865,686	1,452,393

Note 5. Related-Party Transactions

The Plan’s investments are held and managed by Prudential, the trustee. These transactions, therefore, qualify as party-in-interest. Prudential also performs administrative and recordkeeping services for the Plan. Fees paid by the Plan for the investment management services amounted to $9,964 for the year ended December 31, 2012.

Certain employees of the Company provide administrative services to the Plan. These employees did not receive compensation from the Plan for their services. The Company pays certain administrative expenses incurred by the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in inactive markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in valuation methodologies at December 31, 2012 and 2011.

Shares of pooled separate accounts: Valued at the total of the net asset value (NAV) of the underlying investments held by the account at year-end. The Plan's interest in the pooled separate accounts is valued based on the information reported by the investment advisor. These fair values are classified within Level 2 of the valuation hierarchy since the net asset value of the pooled separate account itself is not publicly quoted but the values are not dependent on the input of any significant judgments or assumptions by management.

Guaranteed income fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. These accounts are classified within Level 3 of the valuation hierarchy. See Note 8.

Shares of registered investment companies: Valued at quoted market prices which represent the NAV of shares held by the Plan at year-end.

Note 7. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Shares of pooled separate accounts				
Balanced fund	$ -	$ 3,093,676	$ -	$ 3,093,676
Large cap stock funds	-	6,339,875	-	6,339,875
Small cap stock funds	-	3,360,405	-	3,360,405
Fixed income	-	1,172,579	-	1,172,579
Guaranteed income fund	-	-	10,151,914	10,151,914
Shares of registered investment companies				
Balanced fund	1,865,686	-	-	1,865,686
International funds	1,551,446	-	-	1,551,446
Total assets at fair value	$ 3,417,132	$ 13,966,535	$ 10,151,914	$ 27,535,581

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Shares of pooled separate accounts				
Balanced fund	$ -	$ 2,687,844	$ -	$ 2,687,844
Large cap stock funds	-	5,580,422	-	5,580,422
Small cap stock funds	-	2,806,637	-	2,806,637
Fixed income	-	941,423	-	941,423
Guaranteed income fund	-	-	9,870,855	9,870,855
Shares of registered investment companies				
Balanced fund	1,452,395	-	-	1,452,395
International funds	1,150,241	-	-	1,150,241
Total assets at fair value	$ 2,602,636	$ 12,016,326	$ 9,870,855	$ 24,489,817

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7. Fair Value Measurements (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2012.

	Guaranteed Income Fund
Balance, beginning of year	$ 9,870,855
Interest income	226,221
Purchases	617,137
Sales	(562,299)
Balance, end of year	$ 10,151,914

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2012 and 2011:

	Fair Value		Unfunded Commitment		Redemption	Redemption
Investment	2012	2011	2012	2011	Frequency	Notice Period
Shares of pooled separate accounts						
Balanced fund (a)	$ 3,093,676	$ 2,687,844	$ -	$ -	Monthly	None
Large cap stock funds (b)	6,339,875	5,580,421	-	-	Monthly	None
Small cap stock funds (b)	3,360,405	2,806,637	-	-	Monthly	None
Fixed income (c)	1,172,579	941,423	-	-	Monthly	None
Total	$ 13,966,535	$ 12,016,325	$ -	$ -		

(a) This category is comprised of five distinct, multi-asset class, multi-manager investment portfolios, which offer a range of risk/return characteristics. The performance goal for each fund in this class is to consistently outperform its benchmark over full market cycles. Participants are allowed to transfer back into this category during the 30-day period. New contributions are allowed during this period.

(b) The shares of pooled separate accounts in this category primarily invest in equity securities of U.S. companies with small to large market capitalization. Selected funds within this category may invest in stocks of foreign companies, convertible debt securities, and real estate investment trusts. Participants are allowed to transfer back into this category during the 30-day period. New contributions are allowed during this period.

(c) This category includes securities that are AAA rated or issued by the U.S. government or its agencies and mortgage backed securities. Participants are allowed to transfer back into this category during the 30-day period. New contributions are allowed during this period.

Note 7. Fair Value Measurements (Continued)

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment for one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers in or out of Levels 1, 2, or 3.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
Guaranteed Income Fund	$10,151,914	Determined by Prudential as described in Note 8. The contract is evergreen. As a result, there is no future stated rate and contract value equals fair value.	Earnings at Guaranteed Crediting Rate	Unobservable	Interest is credited using a single portfolio rate approach. A single interest crediting rate is applied to all contributions made regardless of timing. Interest crediting rates are reviewed on a semi-annual basis. When establishing these rates, Prudential considers current economic and market conditions, the general interest rate environment and the experience of a reference portfolio. The minimum crediting rate is 1.50%. Actual observed yields ranged from 2.20% to 2.60% over the last two years.

In estimating fair value of the investments in Level 3, the Board of Trustees may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Board of Trustees evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

Note 8. Investment Contract with Insurance Company

The Plan maintains an investment contract with Prudential Retirement Insurance and Annuity Company (PRIAC). PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed income fund contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed income fund. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value within reasonable timeframes.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest and adjusted rate is based on a formula agreed upon with the issuer, but may not be less then 1.50 percent. Such interest rates are reviewed semiannually by PRIAC.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Participants should refer to the investment contract for a list of such events. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

There are no contract termination clauses or charges applied upon discontinuance to terminate the agreement prior to the scheduled maturity date.

	2012	2011
Average yields:		
Based on actual earnings	2.20%	2.60%
Based on interest rate credited to participants	2.20%	2.60%

Note 9. Tax Status

The Plan is a non-standardized 401(k) profit sharing plan and trust. The prototype plan has received an opinion letter dated March 31, 2008, from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2012 and 2011:

	2012	2011
Net assets available for benefits per the financial statements	$ 29,501,110	$ 25,858,087
Participant loans	1,006,538	993,270

Company contributions receivable	(1,000,000)	(375,000)
Refund to participants	41,009	-
Net assets available for benefits per the Form 5500	$ 28,542,119	$ 25,483,087

Then following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2012:

Net increase in net assets available for benefits per the financial statements	$ 3,643,023
Contributions receivable at December 31, 2012	(1,000,000)
Contributions receivable at December 31, 2011	375,000
Benefits due to participants	41,009
Net increase in the net assets available for benefits per Form 5500	$ 3,059,032

Independent Auditor's Report

To the Plan Administrator
Grayhill, Inc. Advantage Plan
La Grange, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Grayhill, Inc. Advantage Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S., the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matter

The supplemental schedule of assets (held at year end) as of December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following brief description of the Grayhill, Inc. (the Company) Advantage Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established to enable eligible employees of the Company to share in a portion of the Company's profits and to defer receipt of a portion of their compensation for the principal purpose of providing benefits at time of retirement, disability or death. Employees become eligible to participate upon completion of 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant contributions: Each year, participants may contribute up to the lower of 25 percent of their annual compensation or the maximum allowable by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer matching contributions: Company matching contributions are made at the discretion of the Company's Board of Directors equal to a percentage or dollar amount of a participant's contributions. Such amounts are credited among the accounts of participants who have made compensation reductions during the year. The Company's matching contributions during 2012 were dollar for dollar up to $300 and totaled $118,864.

Employer profit sharing contributions: Profit sharing contributions are made at the discretion of the Company's Board of Directors. Contributions are allocated to the eligible participants' accounts based upon the rate of each participant's points, as defined by the Plan, to the total points of all eligible participants. Points are awarded based upon employee compensation and length of service. The Company's profit sharing contributions during 2012 were $881,136.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching contribution, and an allocation of (a) the Company's discretionary profit sharing contribution, if any, (b) forfeitures of terminated nonvested accounts, (c) plan earnings and (d) administrative expenses. Allocations are based on participants' account balances or compensation, as defined. Earnings include interest, dividends and changes in the fair value of investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting: Participants are immediately vested in their contributions and Company matching contributions plus earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. For balances prior to January 1, 2007, a participant is 100 percent vested after seven years of credited service. For balances after January 1, 2007, a participant is 100 percent vested after six years of credited service. In the event of death, disability or retirement at designated ages, participants become fully vested.

Investment options: Upon enrollment in the Plan, participants may direct their account balances into a variety of investment options, as more fully described in the Plan's literature. Participants may change their investment options at any time.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Note terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account. The notes bear interest at rates that range from 3.25 percent to 8.25 percent at December 31, 2012, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest payments are paid through payroll deductions.

Payment of benefits: If a participant terminates for any reason, the Plan provides that the participant may receive benefits in the form of a lump-sum or installments. Withdrawals are also allowed at any time for hardship reasons as defined in the Plan.

Plan expenses: The Company pays certain administrative and overhead costs of the Plan.

Forfeited accounts: Forfeitures are allocated to the participants' accounts based upon the ratio of each participant's points, as defined by the Plan, to the total points of all eligible participants. At December 31, 2012 and 2011, forfeited nonvested accounts totaled $35,679 and $43,665, respectively. During the year ended December 31, 2012, forfeitures of $43,665 were allocated to participant accounts.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits and changes in net assets available for benefits present the fair value of the investment contract. There is no difference between fair value and contract value.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principle balances plus any accrued interest. Delinquent notes are treated as distributions based upon the terms of the plan document surrounding defaults.

Administrative expenses: Investment management and administrative expenses of the Plan are paid by the Plan as provided in the plan document. Certain other administrative expenses are paid by the Company on behalf of the Plan, without reimbursement.

Payment of benefits: Benefits are recorded when paid.

Note 2. Significant Accounting Policies (Continued)

Accounting estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

New accounting pronouncement: In May 2011, the Financial Accounting Standards Board (FASB) issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs, (ASU 2011-04).* ASU 2011-04 amended ASC 820, *Fair Value Measurements*. This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. See Note 7 for impact of adoption.

Pending accounting pronouncement: In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements.* The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The Plan Administrator is currently evaluating the effect that the provisions of ASU 2012-04 will have on the Plan's financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 7, 2013, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Prudential Bank & Trust, F.S. (Prudential), the Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2012	2011
Shares of pooled separate accounts	$ 13,966,535	$ 12,016,326
Guaranteed income fund	10,151,914	9,870,855
Shares of registered investment companies	3,417,132	2,602,636
Notes receivable from participants	1,006,538	993,270
Net appreciation in fair value of investments	$ 2,290,950	
Dividends earned on investments	47,743	
Interest on guaranteed income fund	226,221	
Interest income on notes receivable from participants	33,923	

Note 4. Investments

The following table presents the value of the investments that represent 5 percent or more of the Plan's net assets as of December 31, 2012 and 2011:

	2012	2011
Guaranteed income fund	$ 10,151,914	$ 9,870,855
Shares of pooled separate accounts		
Prudential Dryden S&P 500 Index	5,458,900	4,875,364
Prudential Balanced I Fund - Wellington Management	3,093,676	2,687,844
Prudential Small Cap Growth - Times Square	2,402,302	2,069,135
Shares of registered investment companies		
American Funds Growth Fund of America R4	1,865,686	1,452,393

Note 5. Related-Party Transactions

The Plan’s investments are held and managed by Prudential, the trustee. These transactions, therefore, qualify as party-in-interest. Prudential also performs administrative and recordkeeping services for the Plan. Fees paid by the Plan for the investment management services amounted to $9,964 for the year ended December 31, 2012.

Certain employees of the Company provide administrative services to the Plan. These employees did not receive compensation from the Plan for their services. The Company pays certain administrative expenses incurred by the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in inactive markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in valuation methodologies at December 31, 2012 and 2011.

Shares of pooled separate accounts: Valued at the total of the net asset value (NAV) of the underlying investments held by the account at year-end. The Plan's interest in the pooled separate accounts is valued based on the information reported by the investment advisor. These fair values are classified within Level 2 of the valuation hierarchy since the net asset value of the pooled separate account itself is not publicly quoted but the values are not dependent on the input of any significant judgments or assumptions by management.

Guaranteed income fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. These accounts are classified within Level 3 of the valuation hierarchy. See Note 8.

Shares of registered investment companies: Valued at quoted market prices which represent the NAV of shares held by the Plan at year-end.

Note 7. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Shares of pooled separate accounts				
Balanced fund	$ -	$ 3,093,676	$ -	$ 3,093,676
Large cap stock funds	-	6,339,875	-	6,339,875
Small cap stock funds	-	3,360,405	-	3,360,405
Fixed income	-	1,172,579	-	1,172,579
Guaranteed income fund	-	-	10,151,914	10,151,914
Shares of registered investment companies				
Balanced fund	1,865,686	-	-	1,865,686
International funds	1,551,446	-	-	1,551,446
Total assets at fair value	$ 3,417,132	$ 13,966,535	$ 10,151,914	$ 27,535,581

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Shares of pooled separate accounts				
Balanced fund	$ -	$ 2,687,844	$ -	$ 2,687,844
Large cap stock funds	-	5,580,422	-	5,580,422
Small cap stock funds	-	2,806,637	-	2,806,637
Fixed income	-	941,423	-	941,423
Guaranteed income fund	-	-	9,870,855	9,870,855
Shares of registered investment companies				
Balanced fund	1,452,395	-	-	1,452,395
International funds	1,150,241	-	-	1,150,241
Total assets at fair value	$ 2,602,636	$ 12,016,326	$ 9,870,855	$ 24,489,817

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7. Fair Value Measurements (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2012.

	Guaranteed Income Fund
Balance, beginning of year	$ 9,870,855
Interest income	226,221
Purchases	617,137
Sales	(562,299)
Balance, end of year	$ 10,151,914

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2012 and 2011:

	Fair Value		Unfunded Commitment		Redemption	Redemption
Investment	2012	2011	2012	2011	Frequency	Notice Period
Shares of pooled separate accounts						
Balanced fund (a)	$ 3,093,676	$ 2,687,844	$ -	$ -	Monthly	None
Large cap stock funds (b)	6,339,875	5,580,421	-	-	Monthly	None
Small cap stock funds (b)	3,360,405	2,806,637	-	-	Monthly	None
Fixed income (c)	1,172,579	941,423	-	-	Monthly	None
Total	$ 13,966,535	$ 12,016,325	$ -	$ -		

(a) This category is comprised of five distinct, multi-asset class, multi-manager investment portfolios, which offer a range of risk/return characteristics. The performance goal for each fund in this class is to consistently outperform its benchmark over full market cycles. Participants are allowed to transfer back into this category during the 30-day period. New contributions are allowed during this period.

(b) The shares of pooled separate accounts in this category primarily invest in equity securities of U.S. companies with small to large market capitalization. Selected funds within this category may invest in stocks of foreign companies, convertible debt securities, and real estate investment trusts. Participants are allowed to transfer back into this category during the 30-day period. New contributions are allowed during this period.

(c) This category includes securities that are AAA rated or issued by the U.S. government or its agencies and mortgage backed securities. Participants are allowed to transfer back into this category during the 30-day period. New contributions are allowed during this period.

Note 7. Fair Value Measurements (Continued)

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment for one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers in or out of Levels 1, 2, or 3.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
Guaranteed Income Fund	$10,151,914	Determined by Prudential as described in Note 8. The contract is evergreen. As a result, there is no future stated rate and contract value equals fair value.	Earnings at Guaranteed Crediting Rate	Unobservable	Interest is credited using a single portfolio rate approach. A single interest crediting rate is applied to all contributions made regardless of timing. Interest crediting rates are reviewed on a semi-annual basis. When establishing these rates, Prudential considers current economic and market conditions, the general interest rate environment and the experience of a reference portfolio. The minimum crediting rate is 1.50%. Actual observed yields ranged from 2.20% to 2.60% over the last two years.

In estimating fair value of the investments in Level 3, the Board of Trustees may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Board of Trustees evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

Note 8. Investment Contract with Insurance Company

The Plan maintains an investment contract with Prudential Retirement Insurance and Annuity Company (PRIAC). PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed income fund contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed income fund. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value within reasonable timeframes.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest and adjusted rate is based on a formula agreed upon with the issuer, but may not be less then 1.50 percent. Such interest rates are reviewed semiannually by PRIAC.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Participants should refer to the investment contract for a list of such events. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

There are no contract termination clauses or charges applied upon discontinuance to terminate the agreement prior to the scheduled maturity date.

	2012	2011
Average yields:		
Based on actual earnings	2.20%	2.60%
Based on interest rate credited to participants	2.20%	2.60%

Note 9. Tax Status

The Plan is a non-standardized 401(k) profit sharing plan and trust. The prototype plan has received an opinion letter dated March 31, 2008, from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2012 and 2011:

	2012	2011
Net assets available for benefits per the financial statements	$ 29,501,110	$ 25,858,087
Participant loans	1,006,538	993,270
Notes receivable from participants	(1,006,538)	(993,270)
Company contributions receivable	(1,000,000)	(375,000)
Refund to participants	41,009	-
Net assets available for benefits per the Form 5500	$ 28,542,119	$ 25,483,087

Then following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2012:

Net increase in net assets available for benefits per the financial statements	$ 3,643,023
Contributions receivable at December 31, 2012	(1,000,000)
Contributions receivable at December 31, 2011	375,000

Independent Auditor's Report

To the Plan Administrator
Grayhill, Inc. Advantage Plan
La Grange, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Grayhill, Inc. Advantage Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S., the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matter

The supplemental schedule of assets (held at year end) as of December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following brief description of the Grayhill, Inc. (the Company) Advantage Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established to enable eligible employees of the Company to share in a portion of the Company's profits and to defer receipt of a portion of their compensation for the principal purpose of providing benefits at time of retirement, disability or death. Employees become eligible to participate upon completion of 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant contributions: Each year, participants may contribute up to the lower of 25 percent of their annual compensation or the maximum allowable by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer matching contributions: Company matching contributions are made at the discretion of the Company's Board of Directors equal to a percentage or dollar amount of a participant's contributions. Such amounts are credited among the accounts of participants who have made compensation reductions during the year. The Company's matching contributions during 2012 were dollar for dollar up to $300 and totaled $118,864.

Employer profit sharing contributions: Profit sharing contributions are made at the discretion of the Company's Board of Directors. Contributions are allocated to the eligible participants' accounts based upon the rate of each participant's points, as defined by the Plan, to the total points of all eligible participants. Points are awarded based upon employee compensation and length of service. The Company's profit sharing contributions during 2012 were $881,136.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching contribution, and an allocation of (a) the Company's discretionary profit sharing contribution, if any, (b) forfeitures of terminated nonvested accounts, (c) plan earnings and (d) administrative expenses. Allocations are based on participants' account balances or compensation, as defined. Earnings include interest, dividends and changes in the fair value of investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting: Participants are immediately vested in their contributions and Company matching contributions plus earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. For balances prior to January 1, 2007, a participant is 100 percent vested after seven years of credited service. For balances after January 1, 2007, a participant is 100 percent vested after six years of credited service. In the event of death, disability or retirement at designated ages, participants become fully vested.

Investment options: Upon enrollment in the Plan, participants may direct their account balances into a variety of investment options, as more fully described in the Plan's literature. Participants may change their investment options at any time.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Note terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account. The notes bear interest at rates that range from 3.25 percent to 8.25 percent at December 31, 2012, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest payments are paid through payroll deductions.

Payment of benefits: If a participant terminates for any reason, the Plan provides that the participant may receive benefits in the form of a lump-sum or installments. Withdrawals are also allowed at any time for hardship reasons as defined in the Plan.

Plan expenses: The Company pays certain administrative and overhead costs of the Plan.

Forfeited accounts: Forfeitures are allocated to the participants' accounts based upon the ratio of each participant's points, as defined by the Plan, to the total points of all eligible participants. At December 31, 2012 and 2011, forfeited nonvested accounts totaled $35,679 and $43,665, respectively. During the year ended December 31, 2012, forfeitures of $43,665 were allocated to participant accounts.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits and changes in net assets available for benefits present the fair value of the investment contract. There is no difference between fair value and contract value.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principle balances plus any accrued interest. Delinquent notes are treated as distributions based upon the terms of the plan document surrounding defaults.

Administrative expenses: Investment management and administrative expenses of the Plan are paid by the Plan as provided in the plan document. Certain other administrative expenses are paid by the Company on behalf of the Plan, without reimbursement.

Payment of benefits: Benefits are recorded when paid.

Note 2. Significant Accounting Policies (Continued)

Accounting estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

New accounting pronouncement: In May 2011, the Financial Accounting Standards Board (FASB) issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs, (ASU 2011-04).* ASU 2011-04 amended ASC 820, *Fair Value Measurements*. This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. See Note 7 for impact of adoption.

Pending accounting pronouncement: In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements.* The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The Plan Administrator is currently evaluating the effect that the provisions of ASU 2012-04 will have on the Plan's financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 7, 2013, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Prudential Bank & Trust, F.S. (Prudential), the Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2012	2011
Shares of pooled separate accounts	$ 13,966,535	$ 12,016,326
Guaranteed income fund	10,151,914	9,870,855
Shares of registered investment companies	3,417,132	2,602,636
Notes receivable from participants	1,006,538	993,270
Net appreciation in fair value of investments	$ 2,290,950	
Dividends earned on investments	47,743	
Interest on guaranteed income fund	226,221	
Interest income on notes receivable from participants	33,923	

Note 4. Investments

The following table presents the value of the investments that represent 5 percent or more of the Plan's net assets as of December 31, 2012 and 2011:

	2012	2011
Guaranteed income fund	$ 10,151,914	$ 9,870,855
Shares of pooled separate accounts		
Prudential Dryden S&P 500 Index	5,458,900	4,875,364
Prudential Balanced I Fund - Wellington Management	3,093,676	2,687,844
Prudential Small Cap Growth - Times Square	2,402,302	2,069,135
Shares of registered investment companies		
American Funds Growth Fund of America R4	1,865,686	1,452,393

Note 5. Related-Party Transactions

The Plan’s investments are held and managed by Prudential, the trustee. These transactions, therefore, qualify as party-in-interest. Prudential also performs administrative and recordkeeping services for the Plan. Fees paid by the Plan for the investment management services amounted to $9,964 for the year ended December 31, 2012.

Certain employees of the Company provide administrative services to the Plan. These employees did not receive compensation from the Plan for their services. The Company pays certain administrative expenses incurred by the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in inactive markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in valuation methodologies at December 31, 2012 and 2011.

Shares of pooled separate accounts: Valued at the total of the net asset value (NAV) of the underlying investments held by the account at year-end. The Plan's interest in the pooled separate accounts is valued based on the information reported by the investment advisor. These fair values are classified within Level 2 of the valuation hierarchy since the net asset value of the pooled separate account itself is not publicly quoted but the values are not dependent on the input of any significant judgments or assumptions by management.

Guaranteed income fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. These accounts are classified within Level 3 of the valuation hierarchy. See Note 8.

Shares of registered investment companies: Valued at quoted market prices which represent the NAV of shares held by the Plan at year-end.

Note 7. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Shares of pooled separate accounts				
Balanced fund	$ -	$ 3,093,676	$ -	$ 3,093,676
Large cap stock funds	-	6,339,875	-	6,339,875
Small cap stock funds	-	3,360,405	-	3,360,405
Fixed income	-	1,172,579	-	1,172,579
Guaranteed income fund	-	-	10,151,914	10,151,914
Shares of registered investment companies				
Balanced fund	1,865,686	-	-	1,865,686
International funds	1,551,446	-	-	1,551,446
Total assets at fair value	$ 3,417,132	$ 13,966,535	$ 10,151,914	$ 27,535,581

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Shares of pooled separate accounts				
Balanced fund	$ -	$ 2,687,844	$ -	$ 2,687,844
Large cap stock funds	-	5,580,422	-	5,580,422
Small cap stock funds	-	2,806,637	-	2,806,637
Fixed income	-	941,423	-	941,423
Guaranteed income fund	-	-	9,870,855	9,870,855
Shares of registered investment companies				
Balanced fund	1,452,395	-	-	1,452,395
International funds	1,150,241	-	-	1,150,241
Total assets at fair value	$ 2,602,636	$ 12,016,326	$ 9,870,855	$ 24,489,817

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7. Fair Value Measurements (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2012.

	Guaranteed Income Fund
Balance, beginning of year	$ 9,870,855
Interest income	226,221
Purchases	617,137
Sales	(562,299)
Balance, end of year	$ 10,151,914

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2012 and 2011:

	Fair Value		Unfunded Commitment		Redemption	Redemption
Investment	2012	2011	2012	2011	Frequency	Notice Period
Shares of pooled separate accounts						
Balanced fund (a)	$ 3,093,676	$ 2,687,844	$ -	$ -	Monthly	None
Large cap stock funds (b)	6,339,875	5,580,421	-	-	Monthly	None
Small cap stock funds (b)	3,360,405	2,806,637	-	-	Monthly	None
Fixed income (c)	1,172,579	941,423	-	-	Monthly	None
Total	$ 13,966,535	$ 12,016,325	$ -	$ -		

(a) This category is comprised of five distinct, multi-asset class, multi-manager investment portfolios, which offer a range of risk/return characteristics. The performance goal for each fund in this class is to consistently outperform its benchmark over full market cycles. Participants are allowed to transfer back into this category during the 30-day period. New contributions are allowed during this period.

(b) The shares of pooled separate accounts in this category primarily invest in equity securities of U.S. companies with small to large market capitalization. Selected funds within this category may invest in stocks of foreign companies, convertible debt securities, and real estate investment trusts. Participants are allowed to transfer back into this category during the 30-day period. New contributions are allowed during this period.

(c) This category includes securities that are AAA rated or issued by the U.S. government or its agencies and mortgage backed securities. Participants are allowed to transfer back into this category during the 30-day period. New contributions are allowed during this period.

Note 7. Fair Value Measurements (Continued)

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment for one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers in or out of Levels 1, 2, or 3.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
Guaranteed Income Fund	$10,151,914	Determined by Prudential as described in Note 8. The contract is evergreen. As a result, there is no future stated rate and contract value equals fair value.	Earnings at Guaranteed Crediting Rate	Unobservable	Interest is credited using a single portfolio rate approach. A single interest crediting rate is applied to all contributions made regardless of timing. Interest crediting rates are reviewed on a semi-annual basis. When establishing these rates, Prudential considers current economic and market conditions, the general interest rate environment and the experience of a reference portfolio. The minimum crediting rate is 1.50%. Actual observed yields ranged from 2.20% to 2.60% over the last two years.

In estimating fair value of the investments in Level 3, the Board of Trustees may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Board of Trustees evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

Note 8. Investment Contract with Insurance Company

The Plan maintains an investment contract with Prudential Retirement Insurance and Annuity Company (PRIAC). PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed income fund contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed income fund. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value within reasonable timeframes.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest and adjusted rate is based on a formula agreed upon with the issuer, but may not be less then 1.50 percent. Such interest rates are reviewed semiannually by PRIAC.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Participants should refer to the investment contract for a list of such events. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

There are no contract termination clauses or charges applied upon discontinuance to terminate the agreement prior to the scheduled maturity date.

	2012	2011
Average yields:		
Based on actual earnings	2.20%	2.60%
Based on interest rate credited to participants	2.20%	2.60%

Note 9. Tax Status

The Plan is a non-standardized 401(k) profit sharing plan and trust. The prototype plan has received an opinion letter dated March 31, 2008, from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
