NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012**

NOTE 1 DESCRIPTION OF THE PLAN

Organization

SRI/Surgical Express, Inc. 401(K) Plan (the "Plan") is a defined contribution plan covering all eligible employees of SRI/Surgical Express, Inc. which was acquired by Synergy Health AST, LLC (the "Company" or the "Employer") on July 17, 2012. The Plan was established on January 1, 1999, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The following brief description of the Plan provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General

The Plan covers all eligible employees of the Company as defined by the Plan Document. To participate in the Plan, employees must complete six months of service and attain the age of 21. Employees are automatically enrolled to defer 2% of their pay unless they choose not to defer, or choose a different percentage. The elective deferral agreement is effective on the first day of the pay period following entry date.

Contributions

Participants in the Plan may contribute up to 15% of their annual pretax compensation, not to exceed \$17,000, the maximum allowed by the Internal Revenue Code (the "Code") for 2012. In addition, the Plan and the Code permit participants age 50 or over during the Plan year to make additional "catch-up contributions" of up to \$5,500 for 2012. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Company may make a discretionary matching contribution to the Plan. The matching contributions are based on participants' compensation and elective deferrals. Matching contributions are made after each pay period and are made to all participants who were active at any time during the payroll period. For the year ended December 31, 2012, the Company made a matching contribution of 50% of salary deferral contributions for the first 4% of a participant's compensation, totaling approximately \$324,000, of which approximately \$22,000 in forfeitures were applied, resulting in the net matching contribution of approximately \$302,000 that is reflected in the statement of changes in net assets available for benefits.

Investment Options

Upon enrollment, a participant may direct participant and Employer contributions to any of the Plan's fund options. Participants have a choice of 44 investment options as of December 31, 2012. Participants may also redirect their contributions or exchange their existing fund account balances on any business day.

SRI/SURGICAL EXPRESS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of Employer contributions and Plan investment results. Allocations of Employer contributions are based on participant earnings and allocations of Plan investment results and administrative expenses are based on account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Notes Receivable from Participants

Participants may borrow from their account balances a minimum of \$1,000 to a maximum of the lesser of one-half of the vested account value or \$50,000. The loan must be repaid in equal monthly installments, amortized over a term of no more than five years. The loans are secured by the balance in the participant's account and bear interest at 4.25% to 9.25%, a reasonable rate as determined by the Plan administrator. At the time a participant terminates employment with the Company, outstanding loans are offset against the participant's account balance. Principal and interest are paid ratably through payroll deductions. The Plan provides for an early repayment option.

Vesting

Participant's contributions, including rollover contributions, and actual earnings thereon, are 100% vested. Employer contributions and actual earnings thereon are incrementally vested over three years at 50% per year, beginning the second year of vesting service. In the event of death, total or permanent disability, or retirement, participants become fully invested in the Employer contributions.

Payment of Benefits

Upon death, disability, retirement, or termination of service, participants or their designated beneficiaries may receive a lump-sum payment amount equal to the vested amount of their account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to amend or discontinue the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, the account of each participant will be 100% vested.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting and in conformity with generally accepted accounting principles in the United States ("GAAP").

SRI/SURGICAL EXPRESS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

Valuation of Investments

The Plan's investments, comprised of pooled separate accounts, mutual funds, and guaranteed investment contracts ("GICs"), are stated at the value as reported by Principal Life Insurance Company (the "Custodian"), which approximates fair value.

The units of pooled separate accounts are valued at the Net Asset Value (the "NAV") managed by Principal Life Insurance Company. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. See fair value measurements footnote at Note 4.

Mutual funds are valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end.

Investments in GICs are not considered to be benefit responsive as there is a possible market value adjustment for transfers to other investment options. See investment contract footnote at Note 5.

Purchases and sales of securities are recorded on a trade-date basis. Gain or loss on sales of securities is based on average cost. Dividend income is recorded on the ex-dividend date. Interest income is recognized as earned on the accrual basis.

The Plan presents, in the statement of changes in net assets available for benefit, the net appreciation or depreciation in the fair value of its investments. This consists of the realized gains or losses and the unrealized appreciation or depreciation in those investments.

Investment management expenses charged to the Plan for investments in pooled separate accounts are deducted from income earned and are not separately reflected. Consequently, investment management expenses are reflected as a reduction of investment return for such investments.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Forfeitures

Forfeitures of terminated non-vested accounts are used to reduce Employer contributions.

There were forfeitures of approximately \$22,000 and \$29,000 at December 31, 2012 and 2011, respectively. During 2012, the actual cash contributed by the Employer was reduced by approximately \$22,000 for forfeited nonvested accounts.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual

**SRI/SURGICAL EXPRESS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012**

basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems that participant loan to be in default, the participant loan balances is reduced and a benefit payment is recorded.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2012 excess contributions to the applicable participants on February 28, 2013.

Benefit Payments

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Subsequent Events

In accordance with Financial Accounting Standards Board Accountancy Standards Codification "FASB ASC" Topic 855, *Subsequent Events*, the Plan evaluated subsequent events through August 29, 2013, the date the financial statements were available for issue.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

During 2012 and 2011, the Plan's investments (including investments purchased, sold, as well as held during the year) appreciated (depreciated) in fair value as determined by quoted market prices as follows:

	<u>2012</u>	<u>2011</u>
Quoted market prices:		
Pooled separate accounts	\$ 804,325	(87,784)
Mutual funds	<u>115,657</u>	<u>(72,378)</u>
Total net appreciation (depreciation)	<u>\$ 919,982</u>	<u>\$ (160,162)</u>

NOTE 4 FAIR VALUE MEASUREMENTS

In accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, the Plan assessed the guidelines for measuring fair value. These guidelines provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. FASB ASC 820 establishes three levels of fair value hierarchy that are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data are also included. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following methods and assumptions were used to estimate fair value of each class of assets that are recognized at fair value:

Pooled separate accounts

These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within the Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

Guaranteed investment contract

The guaranteed investment contract is valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Mutual funds

The investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus the liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

The Plan's investments measured at fair value on a recurring basis were as follows as of December 31, 2012:

NOTE 5 INVESTMENT CONTRACT

The Plan entered into a non-benefit responsive investment contract with the Custodian of the Plan. The Custodian maintains the contributions in a general account to which it provides a guaranteed interest rate for a specified period of time as determined, or allowed, by the Plan. The rate credited is the rate in effect on the day when each deposit is directed to the account. To simplify reporting to participants, all rates credited during the 12-month 'deposit year' are averaged into a single composite rate. The employer chose the 12-month period for deposit year, which is the same as the Plan year. Reports, expenses, and guarantee periods are based on deposit year.

The guaranteed investment contract promises contract value for a benefit event (termination, death, disability and retirement); however, there is a possible surrender charge when funds are withdrawn prior to their maturity. Thus, the guaranteed investment contract is considered non benefit responsive.

Fair market value is the amount the Plan would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. This fair market value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

NOTE 6 INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated July 22, 2003, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once

SRI/SURGICAL EXPRESS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and therefore no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. While the Plan is subject to routine audits by taxing authorities, the Plan is not currently being audited by any tax authorities. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by Section 29 CFR 2520.109(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the Custodian of certain Plan assets, has certified as to the completeness and accuracy of the funds held by them as reflected in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2012 and 2011 and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2012.

**SRI/SURGICAL EXPRESS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012**

NOTE 9 PARTIES IN INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments are funds managed by the Custodian. Transactions involving these investments are considered to be party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made a direct payment to the third party administrator of approximately \$15,000 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.
