NOTES TO FINANCIAL STATEMENTS**

NOTE 1. PLAN DESCRIPTION

The following description of the Fitz Aerospace, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

Effective September 1, 2012, Fitz Aerospace, Inc. (the Company) adopted a defined contribution plan covering all employees who have at least 90 days of service, and are at least age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may defer up to 100% of their compensation, as defined, up to specified limits allowed by law. The Company matched up to 4% of any contributing participant's salary during the period from inception (September 1, 2012) through December 31, 2012.

Vesting

Participants are immediately vested in their contributions to the Plan and allocated earnings thereon. Participants are 100% vested in Employer contributions and allocated earnings immediately upon employer safe harbor contribution.

Participants are fully vested in employer nonelective contributions, employer additional matching contributions, and allocated earnings thereon with six years of credited service (20% per year of service starting after the first year). Additionally, a participant becomes 100% vested upon death, disability, or attainment of normal retirement.

Investment Options

All investments are participant directed. Participants have the option of transferring their funds between investment options daily. Each participant's account is credited for the employer's contribution (when applicable) and debited for the participant's distribution (when applicable) and an allocation of administrative expenses. Participants can direct contributions to any investment option.

Forfeitures

Forfeitures attributable to employer nonelective contributions, employer additional contributions, and allocated earnings thereon are used to reduce employer matching contributions for the Plan year in which the forfeiture occurs and, if necessary, to reduce employer matching contributions in subsequent Plan years. Any other forfeiture is allocated to remaining participants in the ratio that the compensation for the Plan year for each participant bears to the total compensation of all such participants for the Plan year. At December 31, 2012, forfeited nonvested accounts totaled zero. Employer contributions were not reduced by forfeited, nonvested accounts during the period ended December 31, 2012.

**FITZ AEROSPACE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 1. PLAN DESCRIPTION – CONTINUED

Distributions to Participants

Upon retirement, death, disability or termination of employment, a participant (or the participant's beneficiary, if applicable) may elect to receive a lump sum distribution, or an annuity providing their vested account balance exceeds \$5,000.

Notes receivable from participants

Participants were not permitted to borrow against their investments during the period from inception (September 1, 2012) through December 31, 2012.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, as applicable, and Plan earnings. Participant accounts are charged an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all Plan assets would, at the discretion of the Company, either be distributed to the participants in the form of lump sum distributions in cash or would continue to be held in a trust fund to be distributed to each participant upon retirement, death, permanent disability, or termination of employment.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Income Taxes

The Plan has adopted a non-standardized form of a prototype plan sponsored by Sentry Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service, as to the prototype plan's qualified status. The Plan administrator believes the plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

**FITZ AEROSPACE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Income Taxes – Continued

The Plan recognizes in their financial statements the financial effects of a tax position if that position is more likely than not to be sustained upon examination, including resolution of any appeals or litigation, based upon the technical merits of that position. Accordingly, the Plan has not recorded an income tax liability for uncertain tax positions. The Plan's tax year 2012 remains subject to examination.

Administration of Plan Assets

Certain administrative functions are performed by employees of the Plan sponsor. No such employee receives compensation from the Plan. The Plan sponsor may absorb certain administrative expenses of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

The net appreciation in fair value of investments includes realized and unrealized investment gains and losses. Realized gains or losses on the disposal of securities are determined on the basis of the average cost of securities sold, while unrealized gains or losses are determined on the basis of the cost of securities held at the end of the year.

Fully Benefit-Responsive Contracts

The Plan provides an investment option to invest in a benefit-responsive guaranteed interest account with Sentry Life Insurance (Sentry), who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract is included in the financial statements at contract value which approximates fair value. Contract value represents contributions made under the contracts, plus interest accrued at the current rate, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**FITZ AEROSPACE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Fully Benefit-Responsive Contracts – Continued

There are no reserves against the contract value of the group annuity contract-fixed option for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were both approximately 2.20% for the period from inception (September 31, 2012) through December 31, 2012. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than a specified rate, which was 2.20% for the period from inception (September 31, 2012) through December 31, 2012. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents, (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at the contract value with participants are probable of occurring.

Risks and Uncertainties

The Plan utilizes various investment options including a money market fund and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The Plan evaluated all events or transactions that occurred after December 31, 2012, up through September 17, 2013, the date these financial statements were available to be issued.

NOTE 3. INVESTMENTS

During 2012, the Plan's investments were held and invested by Sentry Life Insurance Co. The Plan administrator has obtained certification from the trustee that the information is complete and accurate as of and for the period from inception (September 1, 2012) through December 31, 2012. The Plan's certified investments totaled \$130,336 at December 31, 2012. Investment income certified by the trustee totaled \$1,891 for the period from inception (September 30, 2012) through December 31, 2012.

The Plan held the following investments in a trust fund administered and certified by Sentry as of December 31, 2012.

**FITZ AEROSPACE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 3. INVESTMENTS – CONTINUED

Investments that represent 5% or more of the Plan's net assets are separately identified:

Description of Investment	2012

Equity Growth & Income Account	7,739

NOTE 4. FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

This fair value may be different than the settlement value based on company-specific inputs, such as credit rating, futures markets and forward curves, and readily available buyers or sellers for such assets or liabilities. The Plan has adopted a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The three levels of the fair value hierarchy are as follows:

Level 1 inputs: Unadjusted, quoted prices in active markets that are accessible by the Plan at the measurement date for identical, unrestricted assets or liabilities.

Level 2 inputs: Inputs, other than quoted prices in active markets that are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the instrument's anticipated life.

Level 3 inputs: Prices or valuations that require inputs that are both significant to the fair measurement and unobservable.

An investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the assets measured at fair value.

Mutual Funds: Valued at the closing price reported on the active market on which the individual securities are traded.

FITZ AEROSPACE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4. FAIR VALUE MEASUREMENTS – CONTINUED

Pooled Separate Accounts: Valued based on quoted market prices of the investments underlying the pool.

Group annuity contract: Valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the classification of the securities by level at December 31, 2012:

NOTE 5. PARTY-IN-INTEREST

Sentry Life Insurance Company is the trustee and record keeper of the Plan. Certain Plan investments in the guaranteed interest fund and mutual funds are managed by Sentry Life Insurance Company. Therefore, Sentry is considered a party-in-interest (as defined in ERISA) to the Plan.
