#### Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Fidelity holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Fidelity as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by Fidelity is complete and accurate.

#### Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

#### Other Matter

The supplemental schedule of assets held at December 31, 2012, is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

#### Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Fidelity have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

#### NOTE A - DESCRIPTION OF PLAN

The following description of the Major League Soccer 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all eligible employees of Major League Soccer LLC, Soccer United Marketing LLC and affiliate entities as defined in the plan agreement (the "Companies") and was established February 1, 1997 as a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 1, 2012, the Plan became a multiple employer plan to reflect a change in ownership interest in the Companies.

All full-time employees of the Companies who are not employed to play the game of professional soccer ("Staff") who have reached the age of 21 years are eligible to participate in the Plan. Effective January 1, 2011, Staff are also required to have completed six full months of service to be eligible to participate in the Plan. Effective January 1, 2005, the Plan was amended to provide for the participation of employees employed by the Companies to play the game of professional soccer ("Players") who are represented in collective bargaining by the Major League Soccer Players Union without regard to any minimum age or service requirements.

#### [1] Contributions:

Each year, participants may contribute up to 75% of pretax annual compensation to the Plan, not to exceed the dollar limit which is set by the Internal Revenue Code ("IRC") and regulations thereunder. All contributions are withheld through employee payroll deductions. In addition, contributions by the Companies are made to the participants' accounts. For Staff, the Companies made a discretionary contribution of 4% of each participant's annualized base compensation for the plan years ended December 31, 2012 and 2011, limited to the participant's annual voluntary contribution. Effective January 1, 2010, for Players, the Companies contributed 3.25% of each active participant's annual base compensation, as specified by the Plan, regardless of the Player's voluntary contribution. For the Players, the percentage will increase to 3.5% for 2013 and 2014.

#### [2] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### [3] Vesting:

Participants are immediately vested in their voluntary contributions plus earnings thereon. For Staff who were hired prior to January 1, 2001, their employer contributions plus earnings thereon are immediately vested and nonforfeitable. For Staff who were hired on or after January 1, 2001, their employer contributions plus earnings thereon are 100% vested and nonforfeitable after one year's completion of service, or, if earlier, upon the participant's death, disability or attainment of normal retirement age. Players are immediately 100% vested at all times.

#### [4] Payment of benefits:

Upon termination of service, a participant may receive a lump-sum amount equal to the vested value of his or her account or, upon death, disability or retirement, he or she may elect to receive annual installments over a period not to exceed the life expectancy of the participant.

Notes to Financial Statements
December 31, 2012 and 2011

#### NOTE A - DESCRIPTION OF PLAN (CONTINUED)

#### [5] Forfeitures:

Forfeitures totaling \$0 were used during the year ended December 31, 2012. As of December 31, 2012 and 2011, forfeited balances were \$19,307 and \$0, respectively. As described in the plan document, forfeitures shall be used to reduce matching contributions or, at the discretion of the Companies, be used to pay plan expenses.

#### [6] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance. Loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%, ranging from 4.25% to 6.25%. Repayment of loans must be made within five years (15 years if the loan is for the purchase or construction of the participant's principal place of residence), with equal payments made monthly. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES AND POLICIES

The Plan's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"). A summary of the significant accounting principles and policies used by the Plan are as follows:

#### [1] Basis of accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

#### [2] Investments and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### [3] Plan expenses:

Certain administrative expenses incurred by the Plan are paid for by the Companies.

Notes to Financial Statements December 31, 2012 and 2011

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES AND POLICIES (CONTINUED)

#### [4] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

#### [5] Payment of benefits:

Distributions to participants are recorded when paid. At December 31, 2012, there were no benefit claims payable.

#### NOTE C - INVESTMENTS AND FAIR VALUE MEASUREMENTS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, the statement of changes in net assets available for benefits for the year ended December 31, 2012 and the accompanying supplemental schedule of assets held at December 31, 2012.

FASB's Accounting Standards Codification ("ASC") 820, "Fair Value Measurements and Disclosures", provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In January 2010, the FASB issued ASU No. 2010-06, "Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements". FASB ASU No. 2010-06, among other things, requires purchases, sales, issuances, and settlements be presented on a gross basis for Level 3 measurements and is effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. Adoption of FASB ASU No. 2010-06 did not have a significant impact on the Plan's financial statements.

Notes to Financial Statements December 31, 2012 and 2011

#### NOTE C - INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds - Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common collective trust - Valued at the unit value of the trust. Unit prices of the trust are based on the market value of the underlying assets. The trust investments primarily are comprised of an investment fund which invests in investment contracts and security-backed contracts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012

#### NOTE C - INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

#### Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no significant transfers in or out of levels 1, 2 or 3.

The following table summarizes investments which are greater than 5% of the Plan's net assets available for benefits as of December 31, 2012 and 2011:

		December 31,			
	2012			2011	
Fidelity Advisor Freedom 2035 Fund - Class I Fidelity Advisor Freedom 2040 Fund - Class I Fidelity Advisor Freedom 2045 Fund - Class I Fidelity Advisor Freedom 2050 Fund - Class I	\$	1,281,925 2,157,752 3,460,720 3,788,266	\$	1,052,013 1,935,395 2,568,080 2,737,676	

The realized/unrealized appreciation/depreciation on investments bought and sold as well as held during the year is as follows for the year ended December 31, 2012:

Common/collective trust Mutual funds	\$ (1,908) <u>2,201,570</u>
Net appreciation in fair value of investments	\$ 2,199,662

#### **NOTE D - MUTUAL FUND FEES**

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

#### NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies reserve the right to amend or terminate the Plan at any time, subject to the provisions of the IRC and ERISA. In the event of a plan termination, participants will become 100% vested in their accounts subject to any further expenses, profits and losses which may occur prior to actual distribution.

#### **NOTE F - TAX STATUS**

The Internal Revenue Service ("IRS") has determined and informed the Companies by a letter dated March 29, 2011 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the tax determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Notes to Financial Statements December 31, 2012 and 2011

#### NOTE F - TAX STATUS (CONTINUED)

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; the Plan received a notification from the IRS on May 9, 2011 to audit the Plan's Form 5500 for the year ended December 31, 2008. On March 16, 2012, the Companies received a letter from the IRS stating the audit is complete and there is no change necessary in the information reported. The return was accepted as filed, and the audit is considered complete. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

#### **NOTE G - RELATED PARTY TRANSACTIONS**

Certain investments are shares of registered investment companies managed by affiliates of Fidelity and, therefore, these transactions qualify as party-in-interest transactions.

#### **NOTE H - RISKS AND UNCERTAINTIES**

The Plan provides for various investment options in mutual funds which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2012 may not necessarily be indicative of amounts that could be realized in a current market exchange.

#### NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of investment income per the financial statements for the year ended December 31, 2012, to Form 5500:

Net realized and unrealized gains per the financial statements	\$ 2,199,662
Common/collective trust realized gains	(4,895)
Net investment gain per Form 5500	\$ 2,194,767

#### NOTE J - SUBSEQUENT EVENTS

The Plan's management evaluated subsequent events through October 4, 2013, the date on which the financial statements were available to be issued.
