Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. The plan administrator has informed us that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial status of JV Enterprises of Illinois, Inc. 401(k) Profit Sharing Retirement Plan (the "Plan") as of December 31, 2012 and 2011, and the changes in its financial status for the year ended December 31, 2012, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules listed in the accompanying index, together referred to as "Supplemental Information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects on the [identify schedules] of the matter described in the Basis for Qualified Opinion paragraph, the information is fairly stated in all material respects in relation to the financial statements as a whole.

401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012

NOTE 1 – DESCRIPTION OF PLAN

The following description of the J.V. Enterprises of Illinois, Inc. Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. GENERAL

The Plan is a defined contribution plan covering employees of the Company who have completed one year of service, and have attained age 21 as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. CONTRIBUTIONS

Profit-sharing contributions are made at the discretion of the Company. No contributions were declared for the plan years ended December 31, 2012 and 2011. The Plan also contains an elective 401(k) deferred compensation component. Eligible participants may elect to contribute a portion of their compensation to the 401(k) component of the Plan in any amount from 1% up to 15% of compensation, not exceeding the dollar limitation set forth in Internal Revenue Code Section 402(g). It is Company policy to match a discretionary percentage of the participants' 401(k) deferrals, such percentage to be determined on an annual basis. The matching contribution for the Plan year ended December 31, 2012 was $4,469.

C. PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses, excluding those absorbed by the company. Allocations are based on participant account balances, as defined in the plan. The benefit to which a participant is entitled is the amount vested in a participant's account.

D. VESTING

Participants are immediately vested in their 401(k) salary deferrals and rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus accrual earnings thereon, is based on years of service. A participant is 100% vested after completion of six years of service. Participant accounts become fully vested upon attainment of the normal retirement age of 65, or in the event of early retirement, as defined under the Plan, death, or total disability. Amounts forfeited by terminated participants of the Plan are to be used to reduce Company's contribution obligations for the Plan year.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

E. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their account a minimum of $1,000. The maximum amount of any loan is the lesser of 50% of the participant's vested account or $49,999, reduced by outstanding loan balance. The loans are secured by the balance in the participant's account and bear interest at a rate that ranges from 6% to 10%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

F. DISTRIBUTIONS TO PARTICIPANTS

Upon termination of employment, a participant's vested balance of $5,000 or less will be distributed in a lump sum. If a terminated participants' vested account balance exceeds $5,000, the participant may elect to receive a lump sum distribution immediately or to defer the distribution until age 65. However, the Plan agreement stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 70-1/2, unless the participant is not a 5% owner of the Company and is still employed by the Company.

Participants may be eligible to withdraw their own salary deferral contributions and certain rollover and transfer amounts under the hardship provisions of the Plan.

At December 31, 2012, participants with account balances totaling $9,605 had separated from service and had withdrawn their vested benefits from the Plan. All benefits paid out were for 100% of the participants' accounts.

G. EXCESS CONTRIBUTIONS

During the year ended December 31, 2012, the Plan had no excess contributions.

H. FORFEITIED ACCOUNTS

The non-vested accounts of a participant are forfeited as of the earlier of the following:

1. The date of the participant's death, if prior to such date he had ceased to be an employee.
2. Forfeiture date.

Forfeitures are first applied to expenses, excess are applied toward Company's contribution. The balance of forfeited non-vested accounts was $0.00 as of December 31, 2012 and 2011.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. DATE OF MANAGEMENT'S REVIEW

Subsequent events were evaluated through July 9, 2012, which is the date the financial statements were available to be issued.

B. ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts which, per AUL's policies, is the same as the contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

E. INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end, based on market prices at that date.

F. PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. OPERATING EXPENSES

All expenses of maintaining the Plan are paid by the Company.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1- Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is measured using an income approach based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (5% at both December 31, 2012 and 2011) and discount rates in a range of 5.8% to 7.2%.

For those assets with fair value measured using Level 3 inputs, the Plan administrator determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer and the Plan trustee.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

		Fair Value Measurements at the End of the Reporting Period Using:

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2012, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2012, there were material transfers of $1,472 into Level 3.

NOTE 7 – CREDIT RISKS

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
