INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Diagnostic Imaging Group 401(k) Plan
Hicksville, NY

Report on the Financial Statements

We were engaged to audit the financial statements of Diagnostic Imaging Group 401(k) Plan, which comprise of the statement of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements. We have not audited the statement of net assets available for benefits for the previous year ended December 31, 2011.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DIAGNOSTIC IMAGING GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2012

1. Description of Plan

The following description of Diagnostic Imaging Group 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering all full-time employees of Diagnostic Imaging Group, LLC (the "Company") who have three months of service and are age twenty-one or older. Participants employed on April 1, 2003 (date of inception) were automatically eligible to participate in the Plan. Effective by Plan Amendment on September 1, 2008, if an employee does not make an election not to participate, a mandatory contribution of 2% will be deducted from employee earnings. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the designated administrator of the Plan. The Plan became effective April 1, 2003.

b. Contributions

Each year, participants may contribute a maximum of 90% of pre-tax annual compensation, as defined by the Plan and consistent with the Internal Revenue Service guidelines. A participant's total contributions in any year may not exceed the maximum amounts for that year as specified in Sections 401(k) and 415 of the Internal Revenue Code and regulations thereunder. Additionally, participants may rollover or transfer to the Plan any portion or all of the property received from another qualified employee benefit trust (rollover contribution). Employees age 50 and over may contribute an additional \$5,500 per Internal Revenue regulations.

In addition, the Company may make a matching and/or discretionary contribution, at the option of the Company's Board of Directors. This contribution is determined each year by the Company and is based on the amount of each participant's elective deferral for the Plan year. Any participant who makes an elective deferral contribution and is credited with at least 1,000 hours of service during the Plan year will be eligible to receive an employer matching contribution. During the year ended December 31, 2012, the Company did not make any matching or discretionary contributions.

c. Participant Accounts

Each participant's account is credited with the participant's contribution, employer's matching and/or discretionary contributions and allocations of the Plan earnings. Allocations of earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeitures of employer contributions and earnings thereon are used to reduce future employer contributions to the Plan.

d. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants shall have a vested percentage in their employer contribution accounts according to a graded vesting schedule based on years of service. A participant is 100% vested after five years of credited service.

DIAGNOSTIC IMAGING GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEAR ENDED DECEMBER 31, 2012

1. Description of Plan (continued)

e. Notes receivable from participants

Participants may borrow from their fund accounts not to exceed the lesser of 50% of their vested account balance or \$50,000. Interest on participant loans is based on comparable market rates. At December 31, 2012, interest rates ranged from 4.25% to 9.25% per annum, with loans having various maturity dates. Principal and interest is paid ratably through monthly payroll deductions over a term of no more than five years. Loans are available to all participants.

f. Payment of Benefits

Participants are eligible to receive benefit payments when they terminate service or reach age 65. On termination of service, a participant may elect to receive an annuity, installment payments or a lump sum amount equal to the participant's account. Benefit payments are also permitted for death, disability or retirement.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

b. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. See Note 6 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income on notes receivable from participants is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962 "Plan Accounting – Defined Contribution Pension Plans," investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to a fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the provisions of FASB ASC 962, the statements of net assets available for benefits presents the fair value of the investment contracts as well as an additional line item showing an adjustment of fully benefit-responsive contracts from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract value basis. At December 31, 2012 an adjustment of \$(44,877) was required to adjust the fully benefit-responsive contract from fair value to contract value.

As of December 31, 2012, the Plan's participants had \$1,544,288 at contract value invested in Wells Fargo Stable Return Fund G (the "Fund"). The Fund provides its participants with a medium for collective investment and reinvestment in investment contracts, including traditional guaranteed investment contracts and security-backed contracts issued by insurance companies and other financial institutions. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals. The fair value of the investment in the Fund was \$1,589,165 at December 31, 2012.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) YEAR ENDED DECEMBER 31, 2012

2. Summary of Significant Accounting Policies (continued)

c. Payments of Benefits

Benefits are recorded when paid.

d. Subsequent Events

Management has evaluated subsequent events through October 3, 2013, the date the financial statements were available to be issued. Based on this evaluation, no significant material subsequent events have been identified that would require adjustment to the accompanying financial statements. The Plan's 5500 for 2011 is under review by the Internal Revenue Service. No determination has been made as of the financial statement date. The Plan was terminated on January 31, 2013 and the assets were transferred to BlueStar Retirement Services, Inc.

3. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. The Plan was terminated on January 31, 2013 and the assets were transferred to BlueStar Retirement Services, Inc.

4. Investments

Reliance Trust Company (Reliance Trust) is the custodian of the assets of the Plan. Reliance Trust has certified as to the accuracy and completeness of investments and notes receivable from participants and related income as reported in the accompanying financial statements and supplemental schedule as of December 31, 2012 and 2011, and for the year ended December 31, 2012.

At December 31, 2012 investments that represent 5% or more of the Plan's investments at fair value consisted of the following:

Investments, at fair value:

Wells Fargo Stable Return Fund	\$1,589,165
PIMPCO Total Return Fund	228,928
Blackrock Global Allocation Fund	253,288
Blackrock S&P 500 Index Fund	327,108

6. Fair Value Measurements

FASB Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2012.

The Level 1 inputs relate to mutual funds whose underlying assets are valued at the net asset value (NAV) of shares held by the Plan at year end.

The Level 2 inputs relate to a common collective trust whose underlying assets consist primarily of guaranteed investment contracts, synthetic guaranteed investment contracts and security-backed investment contracts which are valued at fair value by discounting related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

7. Tax Status

The Plan is a prototype plan that has received a determination letter dated August 7, 2001 issued by the National Office of the Internal Revenue Service that the Plan is qualified under Code Section 401. The Plan has been amended since receiving the determination letter; however the Sponsor believes that the Plan is correctly designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2009. The Plan's 5500 for 2011 is being examined by the Internal Revenue Service, no determination has been made as of the financial statement date.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statement of Net Assets Available for Benefits and Statements of Changes in Net Assets Available for Benefits.

9. Party-in-Interest Transactions

Certain services are rendered to the Plan by the Company at no cost to the Plan. Certain recordkeeping fees for the Plan were paid to the record keeper directly by a financial institution whose investments were included in the Plan.
