Independent Auditors' Report

Plan Administrator and Trustees of
Magid Glove and Safety Manufacturing Company, LLC 401(k) and Profit Sharing Plan
Chicago, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of Magid Glove and Safety Manufacturing Company, LLC 401(k) and Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Tel: 847-941-0100 Fax: 847-941-0101 Website: www.weltmanbernfield.com

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2012 and 2011, and the changes in net assets available for benefits for the year ended December 31, 2012, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions as of December 31, 2012, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. DESCRIPTION OF PLAN

The following description of the Magid Glove and Safety Manufacturing Company LLC, 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, amended and restated January 1, 2009, and most recently amended August 29, 2013, is a defined contribution plan covering all eligible employees of Magid Glove & Safety Manufacturing Company, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Charles Schwab Bank ("CSB") and Charles Schwab & Co., Inc. ("CSC") are the custodians of the participant-directed and nonparticipant-directed investments of the Plan, respectively. Shore Tompkins Actuarial Services, LLC ("Shore") is the third party administrator, and ASPire, Inc. ("ASP") is the recordkeeper of the Plan.

Effective September 1, 2013, in connection with a recent Plan amendment, all of the nonparticipant-directed investments are being converted to participant-directed accounts, which will be maintained by CSB. In connection therewith, the nonparticipant-directed investments are being liquidated, and participants will be allowed to choose among the available investment options to re-invest such funds in their participant-directed accounts.

Eligibility

Employees become eligible to participate in pre-tax contributions to the Plan on their date of hire, provided the employee is not represented by a collective bargaining agreement, is not a nonresident alien, is not a leased employee or independent contractor, is not employed by an affiliated employer, or is not an employee acquired in an acquisition, merger or similarly defined transaction.

Participants are eligible for employer contributions following the completion of one year of service (at least 1,000 hours), as defined, and upon being actively employed on the last day of the Plan year. Participants will share in employer contributions in the event of their death during the Plan year.

Contributions-employee

Salary deferral contributions - Each year, participants may contribute a portion of annual compensation, as defined in the Plan, as either a pre-tax or Roth deferral, up to the maximum allowed by the Internal Revenue Code (IRC 402(g)(1)), $17,000 for the year ended December 31, 2012, adjusted annually for the cost of living.

Catch-up deferral contributions - Each year, participants over the age of 50 may elect to make catch-up contributions up to the maximum allowed by the Internal Revenue Code ("IRC"), which is $5,500 for the year ended December 31, 2012.

1. DESCRIPTION OF PLAN (CONTINUED)

Contributions-employee (Continued)

Rollover and transfer contributions - Participants may also contribute amounts representing distributions from other qualified plans.

Participants direct the investment of their contributions and employer matching contributions, as described below, into various investment options offered by the Plan.

The participant-directed portion of the Plan, held in the custody of CSB, currently offers participants 13 investment options which are: 9 mutual funds, 3 collective investment trusts and 1 money market fund.

Contributions-employer

Matching contribution - The Company may make employer discretionary matching contributions on behalf of each participant in an amount equal to a percentage of the participants' deferral contributions during the plan year, as determined annually by the Company's Board of Directors. For 2012, matching contributions were equal to 25 percent of participants' salary deferral contributions, not to exceed $750 per participant. Matching contributions for the year ended December 31, 2012 amounted to $113,752.

Profit sharing contribution - The Company may also make employer discretionary profit sharing contributions, at the discretion of its Board of Directors, to be allocated to participants in proportion to the participant's compensation. Discretionary contributions for the year ended December 31, 2012 amounted to $825,000.

Special contribution - The Company may also make employer special contributions, which are non-elective and only paid to certain non-highly compensated participants. The amount of this contribution shall not exceed the maximum annual addition that can be allocated to the participant's accounts for that year, reduced by all other annual additions. Special contributions for the year ended December 31, 2012 amounted to $253,719.

Employer discretionary and special contributions are nonparticipant-directed and are invested in bond mutual funds, money market funds, mortgage-backed securities, common stocks, and U.S. Government securities.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, (b) the Company's discretionary and special contributions, (c) forfeitures, and (d) Plan earnings (losses). Additionally, each participant's account is charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts at the time of a distribution request.

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested 100 percent in their contributions, employer matching and special contributions, and rollover contribution accounts, plus actual earnings thereon. Participant balances in the Company's discretionary profit sharing contribution, and earnings thereon, vest based on years of service with a participant being 100 percent vested after six years of credited service. Participants are immediately fully vested upon normal retirement (age 62), death, or permanent disability.

Forfeitures

In the event of termination of employment before full vesting, the nonvested portion of a participant's account is treated as a forfeiture. The amount of the participant's accounts forfeited will be reinstated provided that the participant resumes employment prior to incurring a "break in service", as defined. Amounts forfeited during the year are first used to restore any prior forfeiture in the event of a former participant's return to employment, and then can be used for payment of plan expenses, or allocated to participants eligible to share in the employer discretionary profit sharing contribution in the same proportion that their compensation bears to the total compensation of all such participants.

Forfeitures reallocated to participant accounts for the years ended December 31, 2012 and 2011 approximated $28,600 and $11,200, respectively. Unallocated forfeitures amounted to approximately $1,075 and $980, respectively, at December 31, 2012 and 2011.

Notes receivable from participants

Participants of the Plan may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, less their highest outstanding loan amount during the prior 12 months, or one-half of their total vested account balance in the Plan. A participant may have only two loans outstanding at any given time. Both vested participant-directed and vested nonparticipant-directed balances are eligible for participant loans, but loan proceeds are taken from vested participant-directed balances first with any additional proceeds being supplemented by the vested nonparticipant-directed balances. Loans are repaid, with interest, through equal payroll deductions over a term of one to five years, unless the loan is used to acquire a principal residence, at which time the loan can be repaid over a reasonable period of time beyond five years. The loans are secured by the vested balance in the participant's accounts. The interest rate is determined by the Plan administrator based on the prime rate offered by a qualifying financial institution. Loans are considered to be a directed investment. Accordingly, all interest earned on loans is credited to the participant's accounts. The interest rates on outstanding loans ranged from 3.25 percent to 8.25 percent at December 31, 2012.

1. DESCRIPTION OF PLAN (CONTINUED)

Payment of benefits
On termination of service due to death, disability or retirement, participants may elect to receive an amount equal to the value of the participant's vested interest in their account in either a lump-sum or a life annuity contract. In addition, participants may receive hardship withdrawals while still employed by the Company if they meet Internal Revenue Service ("IRS") qualifications for such withdrawals.

At December 31, 2012 and 2011, there were no amounts owed to former participants whose employment had been terminated and who requested payouts of their account balances.

Cash
At times during the year, the Plan maintains cash balances in excess of Federal Deposit Insurance Corporation insured limits. The Company does not believe the Plan is exposed to any significant credit risk.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion regarding fair value measurements of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (appreciation) depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions upon the terms of the plan document.

Payment of benefits
Benefits are recorded when paid.

Plan administrative expenses
Plan expenses directly attributable to a participant, such as loan fees and withdrawal fees, are paid by the applicable participant. Other administrative expenses are paid with forfeitures, plan assets or by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator and management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Recent accounting pronouncements

In May 2011, the FASB issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs (ASU 2011-04)*. ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures,* to converge the fair measurement guidance in GAAP and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. This amendment was effective beginning January 1, 2012, and did not have a material impact on the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access and have the highest priority.

Level 2 – Inputs consist of: a) quoted prices for similar assets in active markets, b) quoted prices for identical or similar assets in inactive markets, c) inputs other than quoted prices that are observable for the asset, and d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs are unobservable and significant to the fair value measurement and have the lowest priority.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for asset measurement at fair value. There have been no changes in the valuation methodologies used at December 31, 2012, as compared to December 31, 2011.

Mutual funds-level 1: Fair values are based on quoted market prices of the fund which represents net asset value (NAV) of shares held by the Plan at year-end.

Money market funds-level 1: Fair values are based on NAV of $1 per share at year-end.

Common stocks-level 1: Fair values are based on the closing price reported on the active market on which the securities are traded at year-end.

Mortgage-backed securities, foreign bonds, and U.S. Government Securities-level 2: Fair values are based on the closing price reported on the appropriate market on which the individual securities are traded. Inputs to the valuation methodology include account pricing performed by the use of evaluated appraisals from pricing services, which calculate the approximate price of an investment using the derived yield level based on categorizing investments with similar features and applying a general yield level to the entire category.

Collective investment trusts-level 2: Fair values are based on the NAV of shares held by the Plan at year-end as determined by the investment advisor using audited financial statements of the collective trust funds at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level the Plan's assets measured at fair value as of December 31, 2012 and 2011:

Investment	Fair Value	Redemption Frequency	Redemption Notice Period
Collective investment trusts			
Retirement trust funds (a)	$ 483,351	Daily	None

(a) This category consists of equity and fixed income investments. These investment funds can be redeemed daily at the current NAV per share based on the fair value of the underlying assets.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2012, are reported in net appreciation (depreciation) in fair value of investments.

4. INVESTMENTS

The following represents the only individual investment in excess of 5 percent of the Plan's net assets at December 31:

	2012	2011
SPDR Gold Shares ETF Common Stock	$ 1,644,507	$ 1,747,885

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $2,182,865 as follows:

Equity mutual funds	$ 529,265
Bond mutual funds	150,377
Mortgage-backed securities	(165,478)
Common stocks	1,598,253
Collective investment trusts	60,208
Foreign bonds	(918)
U.S. Government Securities	11,158
Net appreciation	$ 2,182,865

The Plan's interest and dividends during 2012 were as follows:

Equity mutual funds	$ 168,892
Bond mutual funds	209,250
Mortgage-backed securities	224,494
Common stocks	234,644
Collective investment trusts	65
Foreign bonds	3,720
U.S. Government securities	27,106
Money market funds	409
Total interest and dividends	$ 868,580

5. RELATED-PARTY TRANSACTIONS

Plan investments are held by CSB and CSC, the custodians of the participant-directed and nonparticipant-directed investments of the Plan, respectively, and therefore, qualify as parties-in-interest as defined by ERISA. Fees paid by the Plan for investment management and other administrative expenses aggregated $125,891 in 2012. In addition, certain administrative functions are performed by trustees of the Plan or employees of the Company for which no compensation is received from the Plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer profit-sharing contributions. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. TAX STATUS

The Plan, as adopted by the Company, is a Volume Submitter Profit Sharing Plan with CODA Prototype Plan ("Prototype Plan") sponsored by Sungard Corbel LLC. The Prototype Plan obtained its latest determination letter on March 31, 2008, in which the IRS stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not requested its own IRS determination letter. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PROHIBITED TRANSACTIONS

The Company determined that $285,349 of salary deferrals and loan repayments for the years 2008, 2009 and 2010, were not deposited within the period required under the U.S. Department of Labor's ("DOL") regulations (Note 10). The DOL considers late deposits to be nonexempt (prohibited) party-in-interest transactions. Lost earnings on the above deposits aggregated $4,497. Deposits of $1,397 and $3,100 were made into the Plan, in October 2012 and January 2013, respectively, for the benefit of all participants who were impacted during the respective years. The Company also filed Form 5330 and paid all applicable excise taxes, aggregating $209, to the IRS. These tax payments were made from the Company's assets, not from the assets of the Plan.

10. DEPARTMENT OF LABOR COMPLIANCE

Based upon DOL analysis, the Company revised its original computation for late salary deferrals and loan repayments (Note 9) for the years 2008 through 2010 from $359,511 to $285,349. The Company calculated lost earnings aggregating $4,497 for the Plan years 2008 through 2010 and remitted this amount to the Plan from Company assets, not from the assets of the Plan, with the last amount paid in January 2013. The DOL subsequently issued a "no further action" letter to the Company dated February 12, 2013, and the matter is now closed.

11. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through September 13, 2013, which is the date the financial statements were available to be issued. No events, except as noted above, have occurred from the date of the financial statements to September 13, 2013, which would require adjustment to or disclosure in the accompanying financial statements.
