Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Seco Tools Inc. Union Pension Plan

We were engaged to audit the financial statements of the Seco Tools Inc. Union Pension Plan as of December 31, 2011 (restated) and 2010 and the supplemental schedule as of and for the year ended December 31, 2011 (restated), as listed in the accompanying Table of Contents. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified to be complete and accurate by Principal Life Insurance Company, the Trustee of the Plan, except for comparing the information with the related information reported in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2011 and 2010 that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Based on the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As discussed in Note 1 to the financial statements, the 2011 financial statements have been restated to properly reflect the merger of this plan with the Seco Tools Inc. Employees' Pension Plan. Our opinion has not been modified from the opinion in our original report dated October 4, 2012.

FORM 5500

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2011 AND 2010

NOTE 1: Subsequent to the issuance of the financial statements, it was determined that the merger of the Seco Tools, Inc. Union Pension Plan (Union Plan) into the Seco Tools Inc. Employees' Pension Plan (Employees' Plan) is effective December 31, 2011. The Union Plan ceased to exist as a separate plan as of December 31, 2011 and all of its assets and liabilities were legally transferred to the control of the Employees' Plan. The financial statements have been restated to properly reflect the merger of the two plans as of December 31, 2011.

NOTE 2: DESCRIPTION OF PLAN:

The Seco Tools Inc. Union Pension Plan (the "Plan") is a non-contributory defined benefit plan sponsored by Seco Tools Inc. (the "Company"). The Plan's investments are funds managed by Principal Life Insurance Company. The Plan provides for retirement, death and disability benefits for its participants.

An employee hired prior to July 16, 2007 became eligible for participation in the Plan after the employee completed one year of service as long as the employee was employed in the United States and the employee was covered by a collective bargaining agreement, which agreement specifically provides for the application of this Plan to such employee. Employees hired on or after July 16, 2007 are excluded from the Plan. Employees who have vested five years or more of service in the Plan are entitled to annual pension benefits in full beginning at normal retirement age of 65 or in a reduced amount for early retirement. An employee may elect early retirement after attaining age 60 and having ten vested years of employment.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and related statutes and regulations. Detailed information regarding the Plan is contained in the Summary Plan Description. Copies of the Summary Plan Description are available upon request from the Company.

(Continued)

NOTE 3: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Accrual Basis - The accounting records of the Plan are maintained on the accrual basis method of accounting.

Investment Valuation - The reporting value of the Plan investments in the Principal Life Insurance Company Trust Funds are adjusted to fair value and certified as to value by Principal Life Insurance Company at year end.

The Plan presents in the Statements of Changes in Net Assets Available for Plan Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. The gain or loss on sale of investments is the difference between the proceeds received and the average cost of the investment sold.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees and their beneficiaries, beneficiaries of deceased employees, and present employees and their beneficiaries. Benefits for all Plan participants are based on their credited service earned prior to the valuation date. Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

(continued)

NOTE 3, SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

Actuarial Present Value of Accumulated Plan Benefits, continued -

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of December 31, 2011 and 2010 are described in detail in Note 6. The actuarial assumptions are based on the presumption that the Plan will continue to exist. If the Plan were to terminate, then different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The merger with the Employee's Plan did not terminate the accumulated plan benefits.

Contributions - The Company contributes such amounts as are necessary on an actuarial basis to provide the Plan with assets sufficient to meet the benefit obligations to be paid to the Plan participants. The interest on investments of the Plan serves to reduce future contributions that would otherwise be required to provide for the level of benefits defined under the Plan. While the Company has not expressed any intent to discontinue its contributions and to terminate the Plan, it is free to do so at any time, subject to the provisions set forth in ERISA. The discontinuance of contributions would result in the termination of the Plan.

(continued)

NOTE 3, SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

Plan Termination - In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its regulations, to provide benefits in the following order:

1. Benefits attributable to employee contributions, taking into account those paid out prior to termination.

2. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years or that employees eligible to retire during that three-year period would have been receiving had they retired with benefits in the normal form of annuity under the Plan.

3. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations, as explained below.

4. All other vested benefits (that is, vested benefits not insured by PBGC).

5. All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. Whether all participants receive their benefits should the Plan terminate in the future will depend on the sufficiency, at the time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Benefit Payments - Benefit payments to participants are recorded upon distribution.

Vesting Requirements - Employees hired prior to July 16, 2007 are vested after five years of service, during which a minimum of 1,000 hours have been worked each year. Employees hired on or after July 16, 2007 are not eligible to participate in the Plan.

(continued)

NOTE 3, SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term could be material to the financial statements.

Administrative Expenses - Certain administrative expenses of the Plan were paid directly by the Company.

Subsequent Events - The Plan has performed a review of events subsequent to the Statements of Net Assets Available for Plan Benefits date through March 13, 2013, the date the financial statements were available to be issued. No further disclosures are required.

(Continued)

NOTE 4: FAIR VALUE MEASUREMENTS - The Plan's investments are reported at fair value on the Statements of Net Assets Available for Plan Benefits. In measuring Plan assets at fair value, a fair value hierarchy is applied which categorizes and prioritizes the inputs used to estimate fair value into three levels. The fair value hierarchy is based on maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. Classification within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. The three levels of the fair value hierarchy are defined as follows:

Level 1 inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for identical or similar assets or liabilities in active or inactive markets, inputs other than quoted prices that are observable, and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3 inputs are unobservable inputs for the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled Separate Accounts - The fair value of the pooled separate accounts is determined at the net asset values of the underlying mutual funds less any applicable operating expenses.

(continued)

NOTE 4, FAIR VALUE MEASUREMENTS, continued:

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan has no assets as of December 31, 2011 since all of the Plan's assets were legally transferred to the control of the Seco Tools Inc. Employees' Pension Plan on December 31, 2011.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	INVESTMENTS AT FAIR VALUE AS OF DECEMBER 31, 2010

NOTE 7: PARTY-IN-INTEREST TRANSACTIONS - Seco Tools Inc. provides the Plan with certain accounting and administrative services for which no fees are charged. Seco Tools Inc. also pays for certain administrative expenses of the Plan.

NOTE 8: MINIMUM FUNDING REQUIREMENT - In accordance with Section 302 of ERISA, the Plan Sponsor is required to make a minimum annual contribution sufficient to cover the normal cost for the period, annual interest on unfunded amounts and various amortization costs. Sufficient contributions have been made by the Company to satisfy this minimum funding requirement for the year ended December 31, 2011.

(Continued)

NOTE 9: TAX STATUS - The Internal Revenue Service has determined and informed the Company in a letter dated May 4, 2009 that the Plan and related Trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan was merged with the Seco Tools Inc. Employees' Pension Plan effective December 31, 2011. The 2011 Form 5500 was amended to indicate a final return.

NOTE 10: RECONCILIATION TO FORM 5500 - There are no differences between the Statements of Net Assets Available for Plan Benefits and the Amended Form 5500 filed with the Department of Labor.

Methods Selected by Plan Sponsor	
Asset Method	The asset valuation method is prescribed by law for plans that elect to use a value other than market value. For each of the preceding two years, an expected value of assets at the end of the year is compared to the end of year market value. The resulting gain or loss is recognized evenly over three plan years. The expected value includes contributions, distributions, any deducted administrative expenses, and expected earnings (based on the lesser of the assumed interest rate or the Maximum Allowable Rate). The deferred gains and losses are added to the current market value and then restricted to no more than 110% and no less than 90% of that market value. When actual returns exceed the assumed return, the actuarial value of assets will lag below market value. The lag and the smoothing effect are limited since the value must be within 10% of market value.
Segment Rates	24 month average with no weighting to prior law basis. Use rates where August is the last month included in the average.
PBGC Premium Basis	Premiums are calculated using the funding target rates used for the plan year. This method was elected with the 01/01/2009 plan year and must continue for five years before a change can be made.
Methods Elected by Actuary	
Retirees	Assets and liabilities for current and future retirees are included.
HCE Benefit Payment Restrictions	A ratio of the market value of assets and funding target is used to determine if restrictions apply. Assets and Funding Target are as of the valuation date and are reduced by: • any retiree benefit index or floor • amounts for HCEs who were previously restricted • an amount for the retiring HCE
Vested Benefits	A benefit is included in vested benefits when the participant will meet age and service eligibility requirements at the valuation date. The benefit is multiplied by the participant's vesting percentage applicable to each benefit on the valuation date. The following ancillary benefits are always treated as nonvested: disability benefits payable to retirement age unless in pay status, and pre-retirement death benefits in excess of the Survivor Annuity Death Benefit except as noted in the Plan Provisions.

Assumptions and Methods Elected by Actuary Long-Term Contribution Level and Plan Accounting (formerly known as SFAS No. 35)	
With the exceptions below, all assumptions and methods are the same as those used in determining your plan's regular Funding Target and Target Normal Cost.	
Interest Rate Used to Value Liabilities	7.50%
Benefit Liability	Long-Term Contribution Level reflects: • Service and compensation projected to the age benefits are assumed to be paid. • Compensation and benefit limits projected at 2.25% per year.
Long-Term Contribution Level	Allocates the difference between the Benefit Liability and the Actuarial Value of Assets as a level percentage of payroll per year.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
