Independent Auditors' Report

The Plan Administrator
Plastic Enterprises Co., Inc.
Profit Sharing Plan
Lee's Summit, Missouri

Report On The Financial Statements

We were engaged to audit the accompanying financial statements of Plastic Enterprises Co., Inc. Profit Sharing Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis For Disclaimer Of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis For Disclaimer Of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.), the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Custodian as of December 31, 2012 and 2011, and for the years then ended, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer Of Opinion

Because of the significance of the matter described in the Basis For Disclaimer Of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis For Disclaimer Of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report On Form And Content In Compliance With DOL Rules And Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description Of The Plan

The following description of the Plastic Enterprises Co., Inc. Profit Sharing Plan (the Plan) is provided for general information only. Plan participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that provides retirement benefits for eligible employees of Plastic Enterprises Co., Inc. (the Employer). The Employer established the Plan effective January 1, 1984. On December 31, 2003, the Amended and Restated Profit Sharing Plan for Employees of Plastic Enterprises Co., Inc. was merged into the Plastic Enterprises Co., Inc. Employee Stock Ownership Plan and renamed the Plastic Enterprises Co., Inc. Employee Stock Ownership Plan and Profit Sharing Plan. On February 4, 2011, 100% of the Employer's outstanding shares, including all of the Employer shares held in the Plan, were acquired by an unrelated third party. On this same date, the Plan ceased to invest in Employer stock, and the employee stock ownership plan provisions ceased to apply. The Plan Document was fully amended and restated, effective February 4, 2011, and the Plan was renamed the Plastic Enterprises Co., Inc. Profit Sharing Plan. Total sales proceeds from the sale of the Employer shares held by the Plan were $36,242,477. At December 31, 2012, $1,388,577 was still due to be remitted to the Plan and is reflected as sale proceeds receivable in the accompanying statement of net assets available for benefits. This amount is being held in escrow and has been withheld in accordance with the sale agreement. The remaining amount due to the Plan was received in August 2013.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by a Benefit Committee consisting of one or more members appointed by the Board of Directors of the Employer.

Employees may begin participation in the 401(k) salary deferral portions of the Plan as of the first day of the calendar quarter following the first day of employment.

Employees who have completed one year of service, as defined by the Plan, are eligible to participate in the Employer safe harbor 401(k) contributions and profit sharing portions of the Plan. Employees begin participation as of the January 1 or July 1 next following completion of the service conditions. Prior to February 4, 2011, employees who had completed one year of service, as defined by the Plan were eligible to participate in the Employee Stock Ownership (ESOP) portion of the Plan.

Contributions

Eligible employees may elect to defer up to 50% of their annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan includes 401(k) safe harbor provisions. Under these provisions, the Employer makes required contributions equal to 3% of compensation for each eligible employee. The safe harbor contributions for 2012 and 2011 were $295,507 and $271,435, respectively.

The Board of Directors of the Employer may also elect to make discretionary contributions to the profit sharing portion of the Plan, which is allocated based on eligible compensation, as defined in the Plan. The profit sharing contributions for 2012 and 2011 were $157,147 and $206,375, respectively. Participants who are not employed on the last working day of a Plan year are not eligible for an allocation of profit sharing contributions for that Plan year. Participants were required to be employed on the last day of the Plan year in order to be eligible for an allocation of the Employer ESOP contribution.

Investments

Participants may direct their deferrals, rollover and Employer profit sharing contributions into various investment options maintained by John Hancock Life Insurance Company (U.S.A.) (John Hancock).

Participant Accounts

Prior to February 4, 2011, an ESOP stock account and another investment account were maintained for each participant for the ESOP portion of the Trust assets. Annually an allocation was made to each participant's Employer stock account for the participant's allocable share of (a) Employer stock purchased and paid for by the Plan or contributed in kind to the Plan, (b) forfeitures of Employer stock, and (c) stock dividends of Employer stock. Annually an allocation was made to each participant's other investment account for the participant's allocable share of (a) the net income or loss of the Plan, (b) cash dividends on Employer stock, (c) forfeitures in other than Employer stock and (d) cash payments for the acquisition of Employer stock other than Employer stock acquired in a transaction in which the Plan incurred a debt obligation. Effective February 4, 2011, participants' ESOP stock accounts were liquidated and transferred to the participants' accounts at John Hancock.

Each participant's account at John Hancock is credited with the participant's contributions, the Employer's safe harbor and profit sharing contributions, forfeitures, and an allocation of Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the profit sharing discretionary contributions plus earnings thereon is based on years of service as follows:

Years Of Service	Vesting Percentage
2 years or more	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participants that were employed on February 4, 2011, became 100% vested in the Employer ESOP contributions. Participants are immediately 100% vested in their contributions and Employer safe harbor contributions. A participant is 100% vested upon termination due to death, disability or retirement, as defined by the Plan. Forfeited balances of terminated participants' nonvested accounts are reallocated to participants in the same manner as Employer contributions.

Forfeitures

Forfeitures of nonvested participant balances are reallocated to active participants who meet the eligibility requirements for the profit sharing contributions. At December 31, 2012 and 2011, unallocated forfeited nonvested accounts total $22,420 and $66,415, respectively.

Payment Of Benefits

Upon termination of service due to death, disability, retirement or other termination of employment, a participant's benefit can be distributed in a lump sum, or in substantially equal annual payments over a period not to exceed certain life expectancies, as defined by the Plan. Certain distributions of accounts less than $5,000 are limited to a lump sum form of distribution. For the former ESOP portion of a participant's total balance, distributions were made in cash, or if a participant elected, in the form of Employer stock.

Administrative Expenses

All significant expenses for Plan administration are paid by the Employer.

Subsequent Events

Management has evaluated subsequent events through September 24, 2013, the date which the financial statements were available for issue.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net appreciation (depreciation) represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year, and includes any realized gains and losses in shares that were bought and sold during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in fully benefit-responsive investment contracts through a collective investment in the John Hancock Stable Value Fund Collective Investment Trust. Accounting guidance requires the Plan's investment in this stable value fund be accounted for similar to a fully benefit-responsive investment contract The statement of net assets available for benefits presents the fair value of the investment in the stable value fund as well as the adjustment from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis. The adjustment from fair value to contract value has been presented separately in the accompanying statement of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis.

Payment Of Benefits

Benefits are recorded when paid.

3. Participant Directed Investments

John Hancock holds the Plan's participant directed investments under a flexible investment group annuity contract which provides for pooled separate investment accounts where the underlying investments are primarily mutual funds.

Financial information related to the assets and earnings from the annuity contract is included in the accompanying financial statements and is based on information provided by John Hancock. This information, which has not been audited by the Plan's auditors, has been certified as complete and accurate by John Hancock.

The Plan's investments in pooled separate accounts at fair value that represent 5% or more of the Plan's net assets available for benefits at the end of the respective Plan years are as follows:

	December 31,	
	2012	2011
Pooled separate accounts		
JH Lifestyle Fund - Conservative Fund Portfolio	**$ 11,227,697**	$ 12,503,944
JH Lifestyle Fund - Balanced Fund Portfolio	**6,737,931**	6,321,920
JH Lifestyle Fund - Growth Fund Portfolio	**1,483,027**	***
JH Lifestyle Fund - Moderate Fund Portfolio	**1,277,451**	***
John Hancock Stable Value Fund	**1,330,489**	***

*** Investment did not meet the 5% threshold in the Plan year.

Stable Value Funds

During 2012 and 2011, the Plan was invested in the John Hancock Stable Value Fund Collective Investment Trust (the John Hancock Fund).

The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the John Hancock Fund's constant net asset value (NAV) of $1 per unit. It is the policy of the John Hancock Fund to use its best efforts to maintain a stable net asset value of $1 per unit, although there is no guarantee that the John Hancock Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the John Hancock Fund, plus earnings, less participant withdrawals and administrative expenses. The John Hancock Fund imposes certain restrictions on the Plan, and the John Hancock Fund itself may be subject to circumstances that impact its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the John Hancock Fund to transact at less than contract value is remote.

As described in Note 2, because the John Hancock Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the John Hancock Fund.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts

Valued at the net asset value (NAV) of units held by the Plan at year end. The NAV, as provided by the administrator of the pooled separate accounts, is used as a practical expedient to estimate fair value. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of shares of registered investment companies held through sub-accounts of a separate account of an insurance company. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable daily at the adjusted NAV under agreements with the insurance company. However, it is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in the market conditions, liquidity requirements, and the economic environment may significantly affect the NAV of the registered investment companies and, consequently, the fair value of the Plan's investments.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts				
Conservative allocation (a)	$ —	$ 12,505,148	$ —	$ 12,505,148
Moderate allocation (b)	—	6,737,931	—	6,737,931
Large blend (c)	—	1,846,665	—	1,846,665
Stable value (d)	—	1,330,489	—	1,330,489
Other	—	1,615,516	—	1,615,516
Total assets at fair value	$ —	$ 24,035,749	$ —	$ 24,035,749

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts				
Conservative allocation (a)	$ —	$ 13,548,466	$ —	$ 13,548,466
Moderate allocation (b)	—	6,321,920	—	6,321,920
Large blend (c)	—	1,235,668	—	1,235,668
Stable value (d)	—	1,086,477	—	1,086,477
Other	—	1,137,589	—	1,137,589
Total assets at fair value	$ —	$ 23,330,120	$ —	$ 23,330,120

(a) Conservative allocation funds seek to provide both capital appreciation and income by investing in three major areas: stocks, bonds and cash. These funds tend to hold smaller positions in stocks than moderate-allocation funds. These funds typically have 20% to 50% of assets in equities and 50% to 80% of assets in fixed income and cash.

(b) Moderate allocation funds seek to provide both capital appreciation and income by investing in three major areas: stocks, bonds and cash. These funds tend to hold larger positions in stocks than conservative-allocation funds. These funds typically have 50% to 70% of assets in equities and the remainder in fixed income and cash.

(c) Large blend funds have portfolios that are fairly representative of the overall stock market in size, growth rates and price. They tend to invest across the spectrum of U.S. industries and owing to their broad exposure, the funds' returns are often similar to those of the S&P 500 Index.

(d) The Fund seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

There have been no changes in the methodologies used at December 31, 2012 or 2011.

5. Plan Termination

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan Administrator by a letter dated September 11, 2013 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since applying for the determination letter, the Plan Administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan's federal tax returns for tax years 2009 and later remain subject to examination by taxing authorities.

7. Transactions With Party-In-Interest

Certain Plan investments are units of pooled separate accounts managed by John Hancock. John Hancock is the Custodian and recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

9. Reconciliation Of Financial Statements To Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:
