NOTE 1 – DESCRIPTION OF PLAN

The following description of the Dynamic Manufacturing, Inc. ("the Company") 401(k) Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Dynamic Manufacturing, Inc. and Partipilo Family Ltd. Partnership. The Plan covers all employees who have reached 21 years of age and have completed one thousand hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to the maximum dollar amount allowable as established by the Internal Revenue Service, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investment choices through American Funds, the custodian of the Plan's investments, which include mutual funds through various registered investment companies. The Plan also allows for a safe-harbor matching contribution of 100% of the first 3% of salary deferred, and 50% of the next 2% of salary deferred.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, if any, and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's safe-harbor matching contributions, plus actual earnings thereon.

Notes Receivable From Participants

Effective November 20, 2009, the Plan was amended to remove the ability of participants to request loans from the Plan. At December 31, 2012, the Plan had various notes receivable outstanding that originated prior to this amendment. Those notes receivable were made under the terms that the note receivable could not exceed the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at a rate of 3.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Payment of Benefits

On termination of service due to death, disability, retirement or any other reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Administration

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared under the accrual method of accounting.

Cash and cash equivalents

Cash and cash equivalents include deposits in financial institutions and short term investments with maturities of 90 days or less when acquired.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Reclassification

Certain prior year amounts have been reclassified to conform with current year presentation.

Subsequent Events

The plan has evaluated subsequent events through August 19, 2013, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 for those assets held by Capital Bank and Trust Company during 2012 and 2011.

Capital Bank and Trust Company is responsible for the maintenance of all accounting records and the preparation of reports of activity relative to these accounts. Capital Bank and Trust Company is the trustee of all participant investment accounts, and has certified to the Plan Administrator the completeness and accuracy of the investment information as of and for the years ended December 31, 2012 and 2011.

The following table presents investments that represent 5% or more of the Plan's net assets as of December 31:

Mutual Funds – at Fair Value	**2012**	**2011**
American Funds 2025 Target Date	$ 831,653	$ 699,721
American Funds 2020 Target Date	614,422	557,073

American Funds 2010 Target Date	311,784	238,715
American Funds 2040 Target Date	291,965	**
American Funds 2015 Target Date	**	229,992

**Amount was less than 5% of Plan's net assets

NOTE 3 – INVESTMENTS (UNAUDITED) (continued)

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $649,984.

NOTE 4 –FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 –FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011.

	Assets at Fair Value as of December 31, 2012			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds				
Target date funds	$ 3,268,444	$ -	$ -	$ 3,268,444
Balanced funds	257,585	-	-	257,585
Growth funds	1,683,604	-	-	1,683,604
Fixed income funds	147,457	-	-	147,457
Money market funds	244,121	-	-	244,121
Total assets at fair value	$ 5,601,211	$ -	$ -	$ 5,601,211

	Assets at Fair Value as of December 31, 2011			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds				
Target date funds	$ 2,624,117	$ -	$ -	$ 2,624,117
Balanced funds	152,969	-	-	152,969
Growth funds	1,168,174	-	-	1,168,174
Fixed income funds	154,532	-	-	154,532
Money market funds	114,109	-	-	114,109
Total assets at fair value	$ 4,213,901	$ -	$ -	$ 4,213,901

NOTE 5 – RELATED PARTY TRANSACTIONS

All of the plan investments are shares of mutual funds managed by American Funds. American Funds is the custodian of the Plan's investments; therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $4,103 for the year ended December 31, 2012. As described in Note 1, the Company paid certain expenses related to plan operations to various service providers. These transactions are party-in-interest transactions under ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated December 5, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 8 – RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
