As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Putnam Fiduciary Trust Company and Reliance Trust Company, the trustees of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Putnam Investor Services, Inc. held the plan's investment assets and executed investment transactions from September 4, 2012 to December 31, 2012, and that Hartford Retirement Services, LLC held the plan's investment assets and executed investment transactions as of December 31, 2011 and for the period January 1, 2011 to September 3, 2012. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustees is complete and accurate.

### **Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

### **Other Matter**

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4(i) - Schedule of assets (Held at End of Year) as of December 31, 2012, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

### **Report on Form and Content in Compliance With DOL Rules and Regulations**

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**Note 1 - DESCRIPTION OF PLAN**

The following description of the ACC 401(k) Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

**GENERAL**

The plan is a defined contribution retirement plan covering all employees of the company who are age twenty-one or older and are not a part of a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**CONTRIBUTIONS**

Each year, participants may contribute a percentage of eligible annual compensation not to exceed the annual dollar limitation defined by the Internal Revenue Code, as defined in the plan. Participants may also contribute amounts representing rollover distributions from other qualified plans. All employee contributions are invested with Putnam Investor Services, Inc. at December 31, 2012.

The company may make discretionary matching contributions for each plan year equal to a uniform percentage or dollar amount of qualified elective deferrals. Participant deferrals qualify for this match only if they are employed on the last day of the plan year and have completed at least 1,000 hours of service during that plan year.

The company may make a discretionary profit sharing contribution to the plan, subject to certain limitations. The company made no discretionary profit sharing contributions for the plan years ended December 31, 2012 and 2011.

**PARTICIPANT ACCOUNTS**

Each participant account is credited with the participant's contribution, any discretionary company contributions and the allocation of the any investment fund earnings and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**VESTING**

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant becomes 20% vested in company contributions after two years of service and vests ratably thereafter until 100% vested after six years of credited service. A minimum of 1,000 hours of service during the plan year is required for one year of service.

**INVESTMENT OPTIONS**

Upon enrollment in the plan, participants are able to direct their contributions, including company contributions, among any or all of the multiple investment account options. On September 4, 2012, ACC 401(k) Plan changed plan asset custodians from Hartford Retirement Services, LLC to Putnam Investor Services, Inc. Investment options have been modified in 2012 as a part of this change. Investment options are shares of registered investment company funds held by Putnam Investor Services, Inc. and certified by Putnam Fiduciary Trust Company, the trustee of the plan. Participants may change their investment options daily.

Contributions may be temporarily held as cash balances prior to the execution of the investment according to the participant's direction.

The plan provides for various investment fund options, which, in turn invest in a combination of stocks, bonds, and other investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

#### **HARDSHIP WITHDRAWALS**

Participants are permitted to withdraw not in excess of the amount of the immediate qualified need, from the employee contribution portion of their account balance, under certain conditions. These conditions include unreimbursed medical expenses, the purchase or repair of the participant's principal residence, the payment of post-secondary education tuition, the payment of funeral expenses or casualty losses or to prevent eviction or foreclosure from the participant's principal residence. A participant's right to make deferrals to the plan will be suspended for six months after the receipt of a hardship withdrawal.

#### **NOTES RECEIVABLE FROM PARTICIPANTS**

Participants may borrow from their fund accounts. The amount the plan may loan to a participant is limited by rules under the Internal Revenue Code. The maximum amount a participant may borrow is equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. Loan terms generally range from one to five years. If used to acquire a principal residence the plan administrator can permit a longer repayment period up to 15 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% and are fixed over the life of the loan. The plan requires repayment on the loan obligations through weekly payroll deductions and the loans can be repaid at any time.

#### **EXCESS CONTRIBUTIONS PAYABLE**

Excess contributions payable represents payments accrued to certain active participant for the excess amount of deferral contributions made during the plan year as required to satisfy the relevant non-discrimination provisions of the plan. There were no excess contributions payable at December 31, 2012. Excess contributions payable at December 31, 2011 totaled \$1,817.

#### **FORFEITURES**

Forfeitures of nonvested company profit sharing contributions are reallocated to active eligible participants based on their relative qualified compensation for the current plan year. Forfeitures of nonvested company match contributions are used to reduce future employer match contributions. The total forfeited account balance was \$87,485 and \$63,087 at December 31, 2012 and 2011, respectively. Forfeitures of approximately \$39,000 and \$21,000 were used to offset company matching contributions during 2012 and 2011, respectively.

#### **PAYMENT OF BENEFITS**

On termination of service due to death, disability or retirement, a participant or beneficiary may receive a single lump-sum distribution equal to the value of the participant's vested interest in his or

her account. Benefits are recorded when paid. Participants with a vested balance under \$1,000 must receive the distribution in a lump sum upon termination.

#### **ADMINISTRATION OF PLAN ASSETS**

The plan assets are held by Putnam Investor Services, Inc. at December 31, 2012. Administrative expenses for the plan are primarily paid by the plan sponsor.

### **Note 2 - SUMMARY OF ACCOUNTING POLICIES**

#### **BASIS OF ACCOUNTING**

The financial statements of the plan are prepared using the accrual method of accounting.

#### **ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results may differ from those estimates.

#### **VALUATION OF INVESTMENTS AND INCOME RECOGNITION**

The plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

#### **COMMON COLLECTIVE TRUST**

As described in FASB ASC 962, *Plan Accounting - Defined Contribution Pension Plans*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by ASC 962, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis with respect to the investment contract. There were no fully benefit-response investment contracts at December 31, 2012.

#### **SUBSEQUENT EVENTS**

Management has evaluated subsequent events through September 10, 2013, the date the financial statements were available to be issued.

## Note 3 - FAIR VALUE MEASUREMENTS

The plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using Level 1 inputs because they generally provide the most

reliable evidence of fair value. Level 2 inputs were used when there were observable inputs other than quoted market prices for the assets. No Level 3 inputs were available to the plan.

#### *Level 1 Fair Value Measurements*

The fair value of registered investment companies is based on quoted net asset values of the shares held by the plan that are listed in active markets at year-end.

#### *Level 2 Fair Value Measurements*

The fair value of the common collective trust held at December 31, 2011 is based on the net asset value provided by the fund manager and is calculated as the value of the underlying assets owned by the fund, minus its liabilities divided by the number of units outstanding. There are no restrictions on redemptions made from the trust.

### **Note 4 - INVESTMENT CONTRACT**

The objective of the Fixed Fund (the Fund) is to provide a diversified group of investments offering competitive levels of yield consistent with stable fixed-income methodology and the careful and prudent assumption of investment risk providing for preservation of capital, stability and predictability of returns, liquidity to pay plan benefits and high credit quality. The Fund seeks to achieve this objective by investing in conventional, synthetic and separate account investment contracts (collectively contracts) issued by life insurance companies, banks and other financial institutions. Characteristics of these contracts allow for their principal value to remain stable regardless of the volatility of the financial markets.

In accordance with FASB ASC 962, the Fund is presented at fair value on the statements of net assets available for benefits. The adjustment from fair value to contract value is based on the contract value as reported by the Fund (which represents invested principal plus accrued interest thereon).

Separate account GICs are investments in a segregated account of assets maintained by an insurance company for the benefit of the investors. The total return of the segregated account assets supports the separate account GIC's return. The credited rate on this product will predominately reset monthly with a one month look back for the portfolio statistics and it will have an interest rate of not less than 0%.

As part of the change in asset custodians (see Note 1) during the year ended December 31, 2012, the investment contract of the fund was terminated and invested in shares of registered investment companies at the direction of the participants.

FASB ASC 962 requires that the plan provide the following disclosures regarding certain investments in guaranteed investment contracts held at December 31, 2011:

Common collective trust	Total return	Crediting interest rate
Fixed Fund	1.66%	1.17%

The total return is based on the value of a single unit of participation outstanding throughout the year. It represents the percentage change in net asset value per unit between the beginning and end of the year and assumes reinvestment of distributions, if any. The calculation includes only expenses charged to the Fund. This may differ from the crediting interest rate, which is based upon the weighted average crediting rate of all investment contracts and short-term income at year-end.

#### Note 5 - INVESTMENTS PREPARED AND CERTIFIED BY TRUSTEE

The following table presents the fair values of investments at December 31, 2012 and 2011, and was obtained from data that has been certified as complete and accurate by Putnam Fiduciary Trust Company in 2012 and Reliance Trust Company in 2011. Contract value has been presented for the common collective trust as it is the relevant measurement for financial statement purposes. Investments that represent five percent or more of the plan's net assets are separately identified. There are no nonparticipant-directed investments.

During the year ended December 31, 2012, the plan's investments (including investments bought, sold and held during the year) earned interest and dividends of \$312,588 and appreciated in value by \$1,045,397.

**Note 6 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent vested in their accounts.

**Note 7 - TAX STATUS**

The plan obtained its latest determination letter in March 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

The plan has adopted the provisions of FASB ASC 740-10, *Income Taxes*, relating to accounting for uncertain tax positions. ASC 740-10 defines a recognition threshold and measurement process for accounting for uncertain tax positions and also provides guidance on various related matters such as interest, penalties, derecognition and disclosures. The plan does not have any plan level uncertain tax positions. The plan files income tax returns in the U.S. federal jurisdiction. The plan is no longer subject to U.S. federal examinations by tax authorities for years before 2009.

**Note 8 - PARTY-IN-INTEREST TRANSACTIONS**

Trustees of the plan are active participants. These transactions qualify as party-in-interest transactions.
