1. DESCRIPTION OF PLAN

The following description of the Edmunds.com, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and related amendments for more complete description of the Plan's provisions.

General

The Plan was established by Edmunds.com, Inc. (the Sponsor or Company) and is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan assets were transferred to Charles Schwab Trust Company from State Street Bank & Trust Company effective January 1, 2007.

Eligibility

All employees of the Sponsor who have attained age 18 are eligible to become participants on the first day of the month following the date of hire.

Contributions

Employee

Pretax 401(k) Contributions

Participants may elect to contribute a portion of their compensation to the Plan as a pre-tax deferral. Section 401(k) of the Internal Revenue Code of 1986, as amended, and the Plan limit the amount certain highly compensated individuals may contribute, based on amounts contributed by lower compensated individuals. All participants may defer up to 100% of their pre-tax earnings with a maximum deferral as defined in Internal Revenue Code Section 402(g). If any participant's deferrals for a year exceed the maximum allowable for the year, the excess amount must be returned to the participant as taxable compensation. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans.

Roth 401(k) Contributions

Roth 401(k) contributions are withheld on an after-tax basis and account balances and earnings will grow tax-free. The sum of the Roth 401(k) and pre-tax contributions are subject to the IRS maximum deferral limit for the year.

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Employer

Matching and Profit Sharing Contributions

Employer matching contributions are made semi-monthly and the formula and the amount of the contributions are discretionary. For the year ended December 31, 2012, the Company matched 50% of the total employee contributions, with a maximum matching contribution of 3% of the employee's compensation, subject to certain limitations. In addition, the Company may elect to make additional discretionary profit sharing contributions. The Company did not make any profit sharing contributions during the year ended December 31, 2012.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of respective investment income or losses by investment fund option. Allocations are based on participant account balances, as defined in the Plan document. The participant is only entitled to the vested portion of matching contributions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service, (a year is defined as the completion of 1,000 hours worked in a Plan year). Each participant is entitled to 20% vesting each year and is fully vested at the end of the fifth service year.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years or up to 30 years if the loan proceeds are used for the purchase of a primary residence. The loans are secured by the balance in participants' accounts and bear interest at rates that range from 4.25 percent to 6.00 percent, which commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through semi-monthly payroll deductions and credited to the participants' accounts and invested in the same manner as regular contributions.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts may be used to reduce future Company contributions or to pay administrative expenses of the Plan. At December 31, 2012, there was $18,417 in forfeited accounts.

1. DESCRIPTION OF PLAN (Continued)

Distribution of Benefits to Participants

A participant having a separation of service due to retirement, disability (or if applicable, the beneficiary of a participant so separated), will receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

Terminated participants having a vested balance of less than $5,000 will be paid in a lump sum as soon as practical thereafter. If a terminated participant has a balance greater than $1,000 and less than $5,000 and fails to elect a lump sum distribution or a direct rollover to another qualified plan, it may be transferred to an IRA on the participant's behalf, after allowing the participant time to consider whether to receive cash or a direct rollover. Terminated participants having a vested balance greater than $5,000 have the option to receive a distribution of the balance or may elect to defer payment of the balance.

Participants may make withdrawals from their individual accounts upon termination, death, disability, financial hardship (as defined by the Internal Revenue Service Safe Harbor Rules) or attainment of the normal plan retirement age of 59 ½. Distribution of pre-tax contribution funds shall occur once the account receives a valuation after separation from employment or request for withdrawal. Benefit payments are recorded when paid.

Administrative Expenses

All administrative expenses of the Plan are paid by the Company. Certain investment management fees and other charges paid to the custodian are offset against fund performance in the net appreciation section of the statement of changes in net assets available for plan benefits and are not, therefore, separately reflected as administrative expenses. For the year ended December 31, 2012, the Plan recognized administrative expenses of $3,750.

Investment – Self Directed Brokerage Account

Under the investment policy established by the Plan administrator, participants can direct how their investment is invested under the Schwab Personal Choice Retirement Account (PCRA). This account allows participants with previous investing experience greater flexibility in their investment choices. The investment options offered under this brokerage account are approved by the Plan.

ERISA Bond Requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total Plan assets and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the Plan year or $500,000.

1. DESCRIPTION OF PLAN (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of such termination, the Plan document provides for full vesting for all participants, and participants will receive a distribution equal to the value of their individual accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Plan Administration

The Plan is administered by an Administrative Committee appointed by the Sponsor. The Plan's Administrative Committee has the responsibility to control and manage the operation and administration of the Plan.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investments

The Plan's investments are stated at fair market value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. See Note 6, *Investments and Fair Value Measurements*, for discussion of fair value. The Plan's investments in mutual funds are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Investments in common trust funds are reported at fair market value based on quoted market prices for the underlying investments. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes both realized and unrealized gain and losses.

Notes Receivable from Participants

Loans to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The Plan's administrator has made a number of estimates and assumptions relating to the reporting of assets, liabilities, additions and deductions and disclosure of contingent assets and liabilities to prepare these financial statements in accordance with generally accepted accounting principles. Accordingly, actual results may differ from those estimates.

3. CERTIFICATION BY TRUSTEE

The Charles Schwab Trust Company (the Trustee) has certified that the following information included in the financial statements as of December 31, 2012 and 2011 is complete and accurate.

a. Investments and participant loans as included in the Statements of Net Assets Available for Plan Benefits.

b. All information pertaining to investment income, including net (reduction) appreciation, and interest and dividends, in the Statement of Changes in Net Assets Available for Plan Benefits.

c. Schedule of Assets Held for Investment Purposes at End of Year

4. PARTY-IN INTEREST TRANSACTIONS

Certain Plan investments are shares of common trusts and mutual funds managed by Charles Schwab, the custodian, as defined by the Plan, and, therefore, these transactions qualify as party in interest.

5. INVESTMENTS

The following table represents carrying values of investments, with investments representing 5% or more of total plan assets and participant loans separately identified, as of December 31, 2012.

Schwab S&P 500 Index Fund	$ 6,410,155	19 %
Schwab Retirement Advantage Money	3,262,462	10 %
Loomis Sayles Inv Grade BD CL I	2,331,564	7 %
Thornburg Intl Value I	1,841,284	5 %
Individual investments less than 5% of total plan assets	19,895,811	59 %
Total Investments	$ 33,741,276	100 %

6. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

6. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

Level I - Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments in Level I include listed equities and other securities held in the name of the Company, and exclude listed equities and other securities held indirectly through commingled funds.

Level II - Pricing inputs, including broker quotes, are generally those other than exchange quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

Level III - Pricing inputs are unobservable for the investment and include situations where there is little, if any market activity for the investment. The inputs into the determination of fair value require significant management or estimation. Investments that are included in this category generally include privately held investments and partnership interests.

The Plan's investments are carried at fair value using quoted prices in active markets or level one inputs under ASC 820.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of:

Assets at Fair Value as of December 31, 2012

	Level 1	Level 2	Level 3	Total
Money market fund	$ 3,262,462	-	-	$ 3,262,462
Common/collective trusts	3,038,856	-	-	3,038,856
Mutual funds	25,555,856	-	-	25,555,856
Personal choice retirement account (self-directed brokerage account)	1,884,102	-	-	1,884,102
Total assets at fair value	$ 33,741,276	-	-	$ 33,741,276

Assets at Fair Value as of December 31, 2011

	Level 1	Level 2	Level 3	Total
Money market fund	$ 3,409,891	-	-	$ 3,409,891
Common/collective trusts	2,273,977	-	-	2,273,977
Mutual funds	20,264,758	-	-	20,264,758
Personal choice retirement account (self-directed brokerage account)	1,212,615	-	-	1,212,615
Total assets at fair value	$ 27,161,241	-	-	$ 27,161,241

7. CONCENTRATION OF MARKET AND CREDIT RISK

The Plan's exposure to credit loss in the event of non-performance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preferences. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements.

8. TAX STATUS

The Plan obtained its latest determination letter on May 23, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan takes an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

9. SUBSEQUENT EVENT

In preparing these financial statements, the Plan administrator has evaluated subsequent events and transactions for potential recognition or disclosure through October 7, 2013, the date the financial statements were available to be issued.
