Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **The Gem City Engineering 401(k) Plan** (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by ING Life Insurance and Annuity Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules included in the table of contents, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE GEM CITY ENGINEERING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of **The Gem City Engineering 401(k) Plan** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - On January 1, 1990, The Gem City Engineering Co. (the "Company") adopted a Section 401(k) profit-sharing plan. The Plan allows all employees of the Company to participate. Employees may enter the Plan on the first day of calendar quarters. During 2010, the Company acquired Vistek Medical, Inc. Effective May 15, 2010, Vistek Medical, Inc. became a participating employer in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary deferrals up to the Internal Revenue Code Section 402(g) limit. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Effective April 1, 2011, the Plan was amended to allow Roth 401(k) contributions, which are combined with pre-tax contributions, for purposes of the Section 402(g) limit. The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferrals. For the years ended December 31, 2012 and 2011, the Company matched 10% of the elective deferrals that a participant contributed to the Plan up to 1% of the employee's annual compensation. The Company, upon approval of the Board of Directors, may also make a discretionary profit sharing contribution to the Plan. For the years ended December 31, 2012 and 2011, the Company did not make a discretionary profit sharing contribution to the Plan.

Forfeitures - Forfeited balances of terminated participants' non-vested accounts are used to pay the fees of the Plan or reduce future employer contributions. Forfeitures, which are invested in the ING Fixed Account, are reallocated at any time during the Plan year upon request of the Plan administrator. Forfeitures used to reduce the employer matching contribution totaled \$3,294 and \$1,475 for the years ended December 31, 2012 and 2011, respectively. Forfeitures used to pay Plan expenses totaled \$0 for both years ended December 31, 2012 and 2011. Unallocated forfeitures at December 31, 2012 and 2011 were \$1,510 and \$892, respectively.

Participant Accounts - ING Life Insurance and Annuity Company (the "Trust") is trustee and custodian of Plan investments. The Trust maintains the self-directed investment accounts for each participant containing the participant's contributions, Company contributions, net earnings or losses, forfeitures, and distributions and withdrawals. Company contributions are allocated based on participants' compensation as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately, and distinctly, into which investment the participant contribution, employer match, and discretionary contribution is to be invested.

Vesting - Participants are immediately vested in their voluntary contributions, employer profit sharing contributions, rollover balances, and corresponding earnings. The following schedule will be used to determine vesting in the Company match and its earnings:

<u>Completed Years of Service</u>	<u>Vesting Percentages</u>
Fewer than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

THE GEM CITY ENGINEERING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN - continued

Distributions - Upon termination of service by reason of retirement, death, permanent disability, or otherwise, participants or designated beneficiaries may elect to receive their vested balance either in a lump-sum amount, or payments over a period of time in cash installments, or in a form agreeable to the Plan administrator. The Plan administrator may elect to automatically distribute to terminated participants balances of \$5,000 or less. In addition, participants may receive distributions of the employee deferral amount for qualified financial hardships.

Participant Loans - Participants may borrow from the Plan in any amount between \$1,000 and \$50,000, but not more than 50% of their vested account balance. Loans bear interest at an agreed-upon percentage based on prevailing market rates, as determined by the Plan administrator. Loan terms are for a period not exceeding five years. A longer term may be approved by the Plan administrator if proceeds are to be used for the purchase of a primary residence. Plan provisions allow only one loan per calendar year and only one loan may be outstanding at one time.

Investment Options - Upon enrollment in the Plan, a participant may currently direct contributions in any of twenty-one investment options in increments of one percent. Participants may change their investment options at any time via phone or Internet. Deferral percentages can only be adjusted with a participant change form at the quarterly enrollment dates, unless the participant wishes to stop his/her deferrals, which is allowed at any time.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of net assets, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees - Certain administrative fees of the Plan are paid by the Company if Plan forfeitures are not sufficient to cover these expenses. Fees for specific transactions, such as a loan withdrawal, are paid by the individual participant. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, determined by quoted market prices in an active market, of the underlying funds, which represent the net asset value of shares held by the Plan. See Note F for discussion of fair value measurements. Unrealized appreciation and depreciation are calculated by comparing fair value to cost. Security transactions are recorded on a trade date basis. Gains and losses are computed using the specific identification method. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

THE GEM CITY ENGINEERING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the Statement of Net Assets Available for Benefits.

Benefit-Responsive Investment Contract - Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Management has determined that the ING Fixed Account is a fully benefit-responsive investment contract.

Participant Loans Receivable - Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No reserve is considered necessary for participant loans at December 31, 2012 and 2011.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 8, 2013, the date the financial statements were available to be issued.

NOTE C - INVESTMENTS

The Plan's investments are held by a financial services administrated trust fund. The following table presents the fair values of the investments at December 31, 2012 and 2011.

The Plan's investments (including bought, sold, and held during the year) appreciated (depreciated) in value in 2012 and 2011 as follows:

	<u>2012</u>	<u>2011</u>
Pooled separate accounts	<u>\$ 1,010,251</u>	<u>\$ (355,227)</u>

NOTE D - SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

The total fair value of the investments held by the trustee at December 31, 2012 and 2011 was \$8,199,150 and \$8,077,685, respectively. The cost of the investments at December 31, 2012 and 2011, was not readily determinable.

The trustee of the Plan, ING Life Insurance and Annuity Company, has supplied the Plan administrator with a certification as to the completeness and accuracy of the following information:

- Investments
- Interest and dividend income
- Net appreciation (depreciation) in fair value of investments

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The ING Fixed Account is an annuity contract with a fixed rate of interest. This annuity contract has been issued by ING Life Insurance and Annuity Company. The contract pays a stated rate of return, which was a 3% effective annual rate at December 31, 2012 and 2011. The effective rate consists of a current rate, determined at least monthly, and a guaranteed minimum floor rate. The guaranteed minimum floor rate will reset annually. The contract is included in the Statement of Net Assets Available for Benefits as a guaranteed interest account at its fair market value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the Plan documents, including complete or partial plan termination or merger with another plan, 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE F - FAIR VALUE MEASUREMENTS

Accounting standards define fair value and establish a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements), and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the accounting standards are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

THE GEM CITY ENGINEERING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE F - FAIR VALUE MEASUREMENTS - continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

Guaranteed interest account: Valued based on the contractual terms of the underlying guaranteed interest accounts; provides a daily mil-rate for income accretion.

Pooled separate accounts: Valued at the net asset value (NAV) of units held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

NOTE G - BENEFITS ALLOCABLE TO WITHDRAWN PARTICIPANTS

There were no benefits payable to participants terminated prior to year-end for the years ended December 31, 2012 and 2011.

NOTE H - RELATED PARTY TRANSACTIONS

Certain Plan assets are invested with ING Life Insurance and Annuity Company. Thus, ING Life Insurance and Annuity Company, as trustee defined by the Plan, qualifies as a party-in-interest.

NOTE I - TAX STATUS

The Company adopted a Prototype Non-Standardized Profit Sharing and 401(k) Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

THE GEM CITY ENGINEERING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE I - TAX STATUS - continued

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in the employer portion of contributions.

NOTE K - NON-EXEMPT TRANSACTIONS

During 2012, the Plan failed to timely remit participant contributions of \$76. As a result of this failure, non-exempt transactions were reported. In addition to these amounts, the Plan sponsor is liable for lost earnings and excise tax. The Plan sponsor remitted the amounts relative to these non-exempt transactions on August 15, 2013.

NOTE L - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There are no differences between the financial statements and the Form 5500 for the years ended December 31, 2012 and 2011.
