NOTES TO FINANCIAL STATEMENTS
December 31, 2012

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Allied Digital Services, LLC 401 (k) Savings Plan (the "Plan") provides only general information. Allied Digital Services, LLC (the "Company") is the plan sponsor. Employees of Allied Digital Services, LLC are eligible to participate in the Plan. Participants should refer to the Plan agreement and Summary Plan Description for a more complete description of the Plan's provisions.

1. *General*

The Allied Digital Services, LLC 401 (k) Savings Plan is a defined contribution plan for all employees of the Company who are at least twenty-one years of age and have been completing 6 consecutive months of eligibility service. Effective January 1, 2011, all employees shall be eligible to participate following their election on the Entry Date, which are the first day of the plan year and the first day of the fourth, seventh and tenth months of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. *Contributions*

Within each calendar year, participants may voluntarily elect to contribute up to the annual dollar limit, as defined in the Plan ("Salary Deferral"). The Participant's Salary Deferral is subject to annual dollar limits published by the Internal Revenue Service of $17,000 for years ended 2012. The Company has elected to make discretionary matching contributions, which equal to that percentage of each Qualifying Contributing Participant's Elective Deferral which the Employer, in its sole discretion, determines from year to year. The amount, the allocation formula, and the percentage or dollar amount limit applicable to such match, if any, is at the complete and sole discretion of the Employer and may vary from year to year. Any matching contribution is allocated in a nondiscriminatory manner based upon each Contributing Participant's Elective Deferrals ("Employer Matching"). There have been no Employer matching contributions during the year. Employer matching contributions are subject to a vesting schedule, as described below. The Company also is permitted to make annual discretionary profit sharing contributions; however, no such profit sharing contributions were made for the years ended 2012. The Company's discretionary profit sharing

contribution must be allocated in the same ratio as the individual participant's compensation to all participants' compensation. Participants are also permitted to make rollover contributions ("Rollover Account Balance") to the Plan of distributions from certain other tax-qualified retirement plans in which the Participant has participated. The plan does not accept Roth Elective Deferrals as direct or indirect rollovers.

3. *Participant Accounts and Vesting*

Separate accounts are maintained for each participant's contributions and earnings thereon. The participant may direct that the account be invested in one or more funds, as permitted by the Plan. During the year the participants were entitled to increase, decrease or resume the contributions on a monthly basis. Upon termination of employment, a participant is entitled to 100% of the value of his / her Salary Deferral account balance and Rollover Account balance and qualifying rollover distribution plus a specified percentage of his/her Employer Matching account balance (participant's share of employer matching contributions), based upon the vesting provisions of the Plan (25% vested after two year of service, 50% vested after three years of service, 75% vested after four years of service and 100% vested after five years of service). Forfeitures, resulting from application of the vesting provisions, are maintained separately by the Plan. Forfeitures can only be used to reduce employer-matching contributions in the future. In the event of the Plan termination, any unused forfeiture balances will be allocated to participant accounts.

4. *Withdrawals and Distributions upon Termination of Employment*

Upon termination of employment for any reason, a participant's vested account balance will be distributed to the participant, or designated beneficiary, at his or her option.

5. *Loans to Participants*

Loans are available to active participants and employees who have made Rollover Account contributions to the Plan but have not yet satisfied the plan eligibility requirements.

The Plan provides for loans to a maximum of the lesser of (1) $50,000 or (2) 50% of the participant's vested account balance. The loans are payable over a maximum of five years, unless the loan is used to acquire a principal residence, with interest as specified in the Plan. The loans are secured by

one-half of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan. Interest rates ranged from 4.00% to 6.00% in 2012. Principal and interest are paid ratably through payroll deductions. If a participant has an outstanding loan balance and leaves employment for any reason, then such loan balance is immediately payable.

6. *Administrative Expenses*

Certain administrative expenses, such as processing fees are borne by the Plan. All other expenses are borne by the Company.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. *Basis of Accounting*

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as applied to profit sharing plans and in accordance with the terms of the trust agreement.

2. *Use of Estimates in Financial Statements*

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions in determining the reported amounts of net assets and disclosure of contingent assets and liabilities, as of the date of the financial statements, and reported amounts of additions to the net assets and deductions from the net assets during the reporting period. Actual results may differ significantly from those estimates.

3. *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Participant loans are valued at their outstanding balances, which approximate fair value.

Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment

securities, it is at least reasonably possible that changes in risk in the near term could materially affect the amounts reported in the Statement of Net Asset Available for Plan Benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is accrued as earned.

4. ***Payment of Benefits***

Benefits are recorded when paid.

5. ***Gains and Losses***

The realized gain or loss on the sale of investment is the difference between the proceeds received and the average cost of the investment sold. Unrealized appreciation of depreciation in the aggregate fair value of investments represents the changes in the difference between the fair value and cost of investment.

Realized gains and losses are computed on a current value basis for Form 5500. This difference may result in a differing classification between realized and unrealized gains and losses; total gain or loss will be unaffected.

6. ***Concentration of Credit Risk***

Financial instruments that potentially subject the plan to concentrations of credit risk are part of the holdings in Plan's investments. Management believes that the Custodian maintains the Plan's investment with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

7. ***Fair Value Measurements***

The Plan applies Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. This statement applies whenever other accounting pronouncements require or permit fair value measurements.

NOTES TO FINANCIAL STATEMENTS
December 31, 2012

NOTE C - RELATED-PARTY TRANSACTIONS

Certain plan investments, including shares of pooled separate accounts, are managed by American United Life Insurance Company. American United Life Insurance Company ("AUL") is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $2,172 for the year ended December 31, 2012.

NOTE D - PLAN TERMINATIONS

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100 percent vested in their employer contributions.

NOTE E - INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2012. All investments are participant directed. The Plan's investment in pooled separate accounts has (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $ 71,906 in 2012.

NOTE F - TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401 (a) of the Code and is therefore exempt from Federal income tax under Section 501(a) of the Code. The Plan has received a favorable determination letter dated, March 31, 2008. The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS
December 31, 2012

Accounting principles generally accepted in the United States of America ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan administrator has concluded that as of December 31, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE G - FAIR VALUE MEASUREMENT

The Plan discloses its assets that are measured at fair value in its statement of net assets available for benefits by level within the fair value hierarchy as defined by applicable accounting standards:

Level 1: Quoted market prices in active markets for identical assets or liabilities

Level 2: Other observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3: Unobservable inputs that cannot be corroborated by market data that reflect the reporting entity's own assumptions

Transfers of investments between different levels of the fair value hierarchy are recorded as of the end of the reporting period. The following tables set forth, by level within the fair value hierarchy, a summary of the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2012.

NOTE H - INFORMATION CERTIFIED BY AUL

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and regulations for Reporting and Discloser under ERISA, the Company has accepted the certifications of AUL, the trustees of the Plan, as to the accuracy and completeness of the investment information included in the accompanying financial statements and schedule and instructed the Plan's independent accountants not to perform any auditing procedures with respect to such information. Accordingly, the following information was certified by AUL for the year ended December 31, 2012. This information was not subjected to any auditing procedures expect for comparing such information with the related information contained in the accompanying financial statements and schedule.

- Market value and number of shares of investments at December 31, 2012.
- Interest and dividend income for the year ended December 31, 2012.
- Net appreciation in fair value of investments for the year ended December 31, 2012.
- All information regarding assets held by the Plan at December 31, 2012 is included in the schedule of Assets (Held at End of year).

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
