We were engaged to audit the accompanying financial statements of Wheeling Island Gaming, Inc. Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. Effective January 1, 2013 - Role of MassMutual

Massachusetts Mutual Life Insurance Company (together, with its affiliates, "MassMutual") acquired The Hartford's Retirement Plans business effective January 1, 2013. In connection with the acquisition, MassMutual has been appointed to provide all administrative services necessary to support the Administrative Services Agreement for your plan. In this role, MassMutual receives all charges, fees and compensation payable to The Hartford for the services provided to your plan under the packaged retirement services programs. Additionally, MassMutual and its affiliates are responsible for marketing and selling the retirement plan services programs and paying compensation to Financial Intermediaries for sales and marketing activities related to the retirement plan services programs.

For Form 5500 Schedule C reporting purposes, all Direct Compensation items (e.g., fees distributed from participant accounts) plus certain Indirect Compensation items (e.g., sales commissions) are reported on a Plan Year basis, and all remaining Indirect Compensation items (e.g., revenue sharing) are reported on a Calendar Year basis. As a result, if your 2012 Plan Year is an off-calendar year Plan Year (e.g., July 1, 2012 - June 30, 2013) certain of your Plan's Schedule C information may list multiple entities as payors or payees of Direct and Indirect Compensation.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the Hartford product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2012 - 12/31/2012 and indirect compensation is presented on a calendar year basis ending 12/31/2012.

This report includes compensation actually paid to or by the Hartford within the indicated plan year as part of your Hartford product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your Hartford customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your Hartford Service Team should you require additional information regarding the compensation paid to or by Hartford with respect to your plan.

****

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

---

[1] Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Indirect Compensation

Float compensation	Payor: Reliance Trust Company	EIN: 58-1428634	**$6.73**

This is an estimate based on the average annual rate of float compensation (0.01% for 2012) earned on certain processing bank accounts for the 2012 calendar year multiplied by an estimate of the assets related to uncashed checks*. This estimate does not include float earned for any other reason (e.g., if amounts remitted to The Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.

The list includes any investment option held by the plan on at least one month end during the 2012 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* Please note that Hartford Retirement Services, LLC's affiliate, Hartford Securities Distribution Company, Inc., receives the sales compensation (12b-1 fees) portion of this amount. After compensating the plan's broker-dealer firm, if applicable, any residual amount is paid to Hartford Retirement Services, LLC.

NOTE: In 2012, Hartford participated in Morgan Stanley Smith Barney's ("MSSB") retirement platform for sales and marketing support, and paid a Training Support Fee of $250,000 to MSSB for its services, with respect to 2,458 Hartford brokerage-based plans. MSSB has instructed Hartford to use MSSB's per plan allocation reflected above for 2012 Form 5500 Schedule C reporting purposes, which MSSB has advised was calculated based on the total amount of Training Support Fee payments MSSB collected from all participating providers, including Hartford, divided by MSSB's entire book of brokerage-based plans with those participating providers. Please note that this per plan allocation would have been different if presented based on the Training Support Fee paid by a particular participating provider (e.g., Hartford), divided by the number of brokerage-based plans with that participating provider.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. 1. Description of the Plan

The following brief description of the Wheeling Island Gaming, Inc. Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by Wheeling Island Gaming, Inc. ("Plan Sponsor" or the "Company") and is administered by Delaware North Companies, Inc.

As defined by the Plan document, full time non-union employees are eligible to participate after three months of service and upon reaching age twenty-one. All other employees of the Company are eligible to participate in the Plan following the completion of one year of service and upon reaching age twenty-one. Participants are eligible to participate in the Company match after one year of completed service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code (the "Code").

Contributions – Participants may elect to contribute between 1% and 15% of their annual compensation, limited to the amount imposed by law. Participants age 50 or older may also elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (i.e., rollovers). There were no rollover contributions for the years ended December 31, 2012 and 2011.

In accordance with the Plan document, the Company matches 100% of each non-union plan participant's voluntary contribution up to 3%, plus 50% of a participant's voluntary contribution from over 3% to 5%. Such contributions comply with the Plan's safe harbor provisions. The annual profit sharing contribution by the Company is equal to the sum of .25% of the total pari-mutuel pool (handle) for each televised racing day during the Plan year; plus 1% of the signal transmission fees; plus 4% of 24% of table game receipts; plus 1% of the net video lottery terminal income for the year and interest income earned on these amounts. Each participant eligible for Company contributions receives an equal portion of the annual contribution. Eligible non-union employees may also receive an equal portion of a discretionary contribution, if made, in addition to the annual contribution. There were no discretionary contributions made for the years ended December 31, 2012 and 2011.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Company contributions, and earnings on the participant-directed investments. Participant accounts are decreased by participant distributions, losses on the participant-directed investments and certain administrative expenses, if applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (continued)

Vesting – Participants are immediately fully vested in their voluntary salary deferral, rollover contributions, safe harbor matching Company contributions and actual earnings thereon. Vesting in Company profit sharing or fixed contributions and actual earnings thereon is based on years of service. Participants vest in Company profit sharing or fixed contributions at the rate of 20% per year of service and become fully vested after five years.

Payment of Benefits – Upon termination of service due to retirement, death, disability, or as required by law, a participant may elect to receive installment distributions or a lump-sum distribution in an amount equal to the vested value of their account. The Plan permits in-service distributions for participants older than age 59½.

Notes receivable from Participants – Participants are permitted to borrow a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms shall not exceed 5 years or a maximum of 15 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are required to be repaid in equal installments over the term of the loan.

Notes receivable from participants are presented at the unpaid principal balance plus any unpaid accrued interest. Principal and interest is paid ratably through each payroll deduction. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Income Taxes – The Plan received its latest determination letter from the Internal Revenue Service ("IRS") dated May 11, 2005, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan was amended subsequent to the IRS determination letter. However, the Plan administrator believes that the Plan is operating in compliance with the requirements of the Code. Therefore, the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

1. Description of the Plan (continued)

Forfeitures – The non-vested balances of participants who have ceased employment with the Company are forfeited upon the occurrence of a one-year break in service. In accordance with the Plan document, forfeitures arising during any plan year may be used to reduce the Company's contributions and pay the Plan's administrative expenses. Forfeitures totaled $182,922 and $163,211 during the years ended December 31, 2012 and 2011, respectively.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts as of the effective date of termination.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared under the accrual method of accounting.

As described within Financial Accounting Standards Board Accounting Standards Codification Topic 946, *Financial Services – Investment Companies* (the "Topic"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the Topic, the Statements of Net Assets Available for Benefits should present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value.

Valuation of Investments – The Plan's investments consist of mutual funds and a common/collective trust. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Units held in the common/collective trust consist of holdings in fully benefit-responsive investment contracts and are reported at fair value and are adjusted to contract value in the accompanying Statements of Net Assets Available for Benefits.

2. Summary of Significant Accounting Policies (continued)

The Plan presents in the accompanying Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains (losses) and the unrealized appreciation (depreciation) of those investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Plan Expenses – Substantially all expenses of the Plan including investment advisory, legal expenses and audit fees are funded as a percentage of total assets under the provisions of the Plan. Loan maintenance and setup fees are paid directly from participant accounts.

Benefit Payments – Benefits are recorded when paid.

Party-in-Interest Transactions – Certain Plan investments are shares of mutual funds and units of a common/collective trust managed by Reliance Trust Company ("Reliance"). Reliance is the Plan trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the accompanying Statements of Net Assets Available for Benefits and Changes in Net Assets Available for Benefits.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent Events – The Plan has evaluated subsequent events through September 26, 2013, the date the financial statements were available to be issued.

3. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance has certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate.

3. Information Certified by the Trustee (Unaudited) (continued)

Individual investments that have met or exceeded 5% of the Plan's net assets at December 31, 2012 or 2011, respectively, have been separately identified:

American Funds AMCAP Fund-A	$ 856,202	$ 677,581

During 2012 and 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2012	2011
Investment income:		
Interest and dividends	$ 264,536	$ 287,794
Net appreciation (depreciation) in current value of investments:		
Common/collective trust	(12,565)	(5,809)
Mutual funds	738,913	(275,048)
	726,348	(280,857)
	$ 990,884	$ 6,937

4. Fair Value Measurements

The schedule below provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.
- Level 2 Inputs – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.
- Level 3 Inputs – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary basis for calculating fair value as of December 31, 2012 and 2011.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	2012	2011
Level 1:		
Mutual funds	$ 8,424,523	$ 7,142,522
Level 2:		
Common/collective trust	2,780,528	3,064,070
	$ 11,205,051	$ 10,206,592
