PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Pengate Retirement Savings & Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Pengate Handling Systems, Inc. (the Company), except union and non-resident alien employees, who have completed three consecutive months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions

Each year participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). During 2012, participants rolled over \$6,296. No rollover contributions were made in 2011.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary contributions to match employee contributions to the Plan in amounts determined by the Company. The Company contributed 50 percent of the employee deferral, not to exceed the first 5% of the employee's compensation during 2012 and 2011. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

The Plan document permits participants to make Roth Elective Deferrals. Roth Elective Deferrals are (1) designated irrevocably by the participant at the time of the deferred election as Roth Elective Deferrals, and (2) are treated by the employer as includible in the participant's income at the time the participant would have received the amount in cash had the participant not made a deferred election. Roth Elective Deferrals may not be reclassified as any other type of contribution. Roth Elective Deferrals shall be treated in the same manner as a pre-tax elective deferral under the terms of the Plan. Employees shall have the effective opportunity to make (or change) an election to make Roth Elective Deferrals in the same manner as pre-tax elective deferrals. For purposes of interpreting the Plan and the elections made under the Adoption Agreement, as amended, the term elective deferral shall mean both pre-tax elective deferrals and Roth Elective Deferrals.

The Plan automatically enrolls eligible employees into the Plan, with a deferral percentage of 1%, unless an eligible employee affirmatively elects otherwise. Participant deferral percentages will be increased annually by 1%, not to exceed 5%, while an active participant. The participants may elect to change their elections at any time after enrollment.

NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the plan document. Transaction based fees associated with optional plan services are charged directly to the respective participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, is based on years of continuous service as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage for Company Contributions</u>
Less than 2	0%
At least 2 but less than 3	20%
At least 3 but less than 4	40%
At least 4 but less than 5	60%
At least 5 but less than 6	80%
6 or more	100%

Regardless of the vesting schedule, a participant becomes fully vested if, while employed by the Company, the participant 1) reaches early retirement age (62), 2) dies, or 3) becomes disabled.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The notes receivable are secured by the vested balance in the participant's account and bear interest at rates that range from 4.80% to 7.00%, which are commensurate with local prevailing market rates as determined by the Plan administrator. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to rollover their entire vested interest, receive a lump-sum distribution of their vested account balance, or receive single sum distributions of a portion of their vested account balance. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Forfeited Accounts

At December 31, 2012 and 2011, forfeited nonvested accounts totaled zero and \$114. These accounts will be used to reduce future Company contributions. Also, in 2012 and 2011, Company contributions were reduced by \$482 and \$2,116 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments, the Plan Administrator deems the participant loan to be in default, and a distributable event has occurred, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

(continued)

PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Income Taxes

The Plan adheres to the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, *Income Taxes* (ASC 740). ASC 740 establishes rules for recognizing and measuring tax positions taken in an income tax return, including disclosures of uncertain tax positions (UTPs). ASC 740 mandates that companies evaluate all material income tax positions for periods that remain open under applicable statutes of limitation, as well as positions expected to be taken in future returns. The UTP rules then impose a recognition threshold on each tax position. A plan can recognize an income tax benefit only if the position has a "more likely than not" (i.e. more than 50 percent) chance of being sustained on its technical merits. For the years ended December 31, 2012 and 2011, the Plan has taken no material tax positions on its applicable tax filings that do not meet the more likely than not threshold. As a result, no amount for UTPs has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Reclassifications

Certain reclassifications have been made to the prior year's financial statements in order for them to be in conformity with the current year's presentation.

Subsequent Events

The Plan has evaluated subsequent events through September 25, 2013, the date the financial statements were available to be issued.

3. INVESTMENTS

Fidelity Management Trust Company ("Fidelity") holds the funds for the Plan and maintains an individual account for each participant. Contributions made on a participant's behalf under the Plan are directly allocated to that participant's account and are invested, based on the individual's direction, in mutual funds.

PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	Fair Value at December 31, 2012	Fair Value at December 31, 2011
Fair value, as determined by the custodian		
BlackRock Equity Dividend Fund Investor Class A	\$ 319,052	\$ 157,547

During 2012 and 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$340,554 and depreciated in value by \$244,798 as follows:

	2012	2011
Mutual funds	\$ 340,554	\$ (244,798)
	<u>\$ 340,554</u>	<u>\$ (244,798)</u>

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurements and Disclosures* are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTES TO FINANCIAL STATEMENTS

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end investments that are registered with the Securities and Exchange Commission. These investments are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

As permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Fidelity has certified the following information, which has not been subject to audit by independent auditors, to be complete and accurate:

- Investment balances included in the statements of net assets available for benefits at December 31, 2012 and 2011, and in the notes to the financial statements.
- Investment income (loss) and net appreciation (depreciation) in fair value of investment balances included in the statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, and in the notes to the financial statements.
- Information, exclusive of notes receivable from participants, included in the accompanying Schedule of Assets (Held at End of Year).

6. PARTY-IN-INTEREST

Certain Plan investments are shares of the mutual funds managed by Fidelity. Fidelity is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for the investment management services are included as a component of net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

8. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Employee contributions for 2011 are net payments of \$4,940 made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. This amount is included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2011, and was distributed in 2012. No excess contributions were recorded during 2012.
