COLORVISION EMPLOYEES' SAVINGS & RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

A. Description of the plan:

The following description of the Colorvision Employees' Savings & Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of Colorvision International, Inc. ("the Company") who have attained the age of twenty-one and completed the required months of service. Effective January 1, 2011, employees hired on or before January 1, 2011, must complete six months of consecutive service. However, employees hired after January 1, 2011, must complete nine consecutive months of service in order to be eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may contribute up to 100% of compensation, as defined in the Plan, subject to Internal Revenue Code limitations. Participants who have attained the age of fifty before the end of the Plan year are eligible to make catch-up contributions. The Company's contributions to the Plan are at its discretion. In 2011, the Company made matching contributions equal to 25% of participant contributions up to 6% of employee pre-tax earnings. No matching contributions were made in 2012. Investments of contributions are self-directed by participants within investments provided for by the Plan.

Voluntary "rollover" contributions may be accepted by the Plan under certain terms and conditions.

Participant accounts:

Each participant's account is credited with participant contributions and allocations of (a) the Company's contributions, (b) forfeitures of terminated participants' non-vested accounts, and (c) Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is equal to the vested balance of the participant's account.

A. Description of the plan (continued):

Vesting:

Participants are immediately vested in all their contributions plus actual earnings. Vesting of employer contributions, forfeitures and the related earnings is based on years of continuous service. Participants vest at 10% annually for the first two years of service and 20% annually starting with three years of service, until fully vested upon completion of six years of credited service. Any participant employed at the date of total and permanent disability, death or the attainment of normal retirement age, as defined, is deemed to be 100% vested.

Participant notes receivable:

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note receivable terms may not exceed five years, unless used to acquire the principal residence of the participant. The notes receivable are secured by the balance in the participant's account and bear interest at the current market rate. Principal and interest are payable through weekly payroll deductions.

Payment of benefits:

Upon termination of service due to termination of employment, death, disability or retirement, a participant may elect to receive a lump-sum payment equal to the vested value of his or her account.

Participants who continue in the employment of the Company may request a pre-retirement distribution of defined amounts under certain hardship conditions, as defined in the Plan.

The Plan also allows for in-service distributions of the participant's vested accounts upon reaching the age of 59 ½, as defined in the Plan.

Forfeited accounts:

At December 31, 2012 and 2011 there was $790 and $3,636 of forfeited non-vested accounts, respectively. These accounts may be used to pay future plan expenses or reduce employer contributions. Plan expenses of $6,853 and $325 were paid from forfeited non-vested accounts in 2012 and 2011, respectively.

B. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Use of estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Uncertain tax positions:

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Valuation of investments:

The Plan's investments are stated at fair value based upon quoted market prices, as determined by the custodian of the Plan's assets. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

B. Summary of significant accounting policies (continued):

Valuation of investments (continued):

The Plan's investment in investment contracts (Guaranteed Interest Accounts) are stated at fair value as determined by the custodian of the Plan's assets. The investment contract is not fully benefit-responsive and is therefore not shown at contract value on the statement of net assets.

The change in fair value of investments and realized gains (losses) are reflected in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The realized gains or losses on investments are the difference between the proceeds received and the fair value of the investment sold at the beginning of the Plan year.

Participant notes receivable:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of benefits:

Benefits are recorded when paid.

C. Information prepared and certified by the custodian:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The investment information included in the accompanying financial statements and supplemental schedule was obtained from data that has been certified as complete and accurate to the plan administrator by Great - West Life & Annuity Insurance Company (Great - West), the custodian of the Plan, at December 31, 2012 and 2011. Incorporation of this financial information in the accompanying financial statements and supplemental schedule is based solely on those certifications.

C. Information prepared and certified by the custodian (continued):

Investments that represent 5 percent or more of the Plan's net assets at December 31 are as follows:

	2012	2011
Investments at fair value as determined by quoted redemption values:		
Pooled separate accounts:		
Great - West Aggressive Profile II	$ 378,985	$ 308,685

Great - West Life Guaranteed Portfolio Fund	53,453	50,651
Total investments	$ 1,700,462	$ 1,361,783

The investment income reported in the statement of changes in net assets available for benefits for the year ended December 31, 2012 was also certified by Great - West.

D. Fair value measurements:

The Fair Value Measurements and Disclosures Topic of FASB ASC requires disclosure of a fair value hierarchy of inputs the Plan uses to value an asset or a liability.

The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities. For the Plan, Level 1 inputs include marketable securities that are actively traded.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly. For the Plan, Level 2 inputs include quoted prices for similar assets or liabilities, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data.

Level 3: Inputs that represent financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The determination of where assets and liabilities fall within this fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled Separate Accounts: Valued at the net asset value of shares held by the Plan at year end.

Guaranteed Interest Accounts: Valued at the net asset value of shares held by the Plan at year end.

D. Fair value measurements (continued):

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Level 2	Total
Pooled separate accounts:		
Mutual funds:		
Asset allocation	$ 427,820	$ 427,820
International funds	253,869	253,869
Small cap funds	145,304	145,304
Mid cap funds	317,437	317,437
Large cap funds	422,412	422,412
Bond funds	80,167	80,167
Total pooled separate accounts	1,647,009	1,647,009
Guaranteed interest	53,453	53,453
	$ 1,700,462	$ 1,700,462

D. Fair value measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Level 2	Total
Pooled separate accounts:		
Mutual funds:		
Asset allocation	$ 347,292	$ 347,292
International funds	199,732	199,732
Small cap funds	144,725	144,725
Mid cap funds	229,003	229,003
Large cap funds	320,816	320,816
Bond funds	69,564	69,564
Total pooled separate accounts	1,311,132	1,311,132
Guaranteed interest	50,651	50,651
	$ 1,361,783	$ 1,361,783

E. Excess contributions:

Contributions include $15,247 of excess participant contributions required to be returned to participants to satisfy the relevant non-discrimination provisions of the Plan. The excess contributions will be shown as distributions in the year they are paid out to participants.

F. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

G. Tax status:

The Internal Revenue Service has determined and informed the Company by a letter dated March 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in accordance with the applicable requirements of the code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

H. Administrative expenses:

Administrative expenses associated with custody and recordkeeping are paid by the Company. Notes receivable and other transaction fees are charged to participants. The Company provides certain accounting and management services to the Plan at no charge and pays for the annual audit of the Plan.

I. Related party transactions:

Certain Plan investments are shares of mutual funds managed by Great - West, the custodian, as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

J. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

K. Reconciliation of financial statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011 to Schedule H of Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$ 1,705,403	$ 1,447,415
Differences in:		
Investments	46,929	55,709
Receivables - participant notes receivable	(46,929)	(55,709)
Net assets available for benefits per the Form 5500	$ 1,705,403	$ 1,447,415

Participant notes receivable, which are classified as a receivable on the financial statements in accordance with GAAP, are reported on the Schedule H of Form 5500 as participant loans under investments.

L. Subsequent events:

Subsequent events were evaluated through October 1, 2013, which is the date the financial statements were available to be issued.
