NOTE 1 - PLAN DESCRIPTION

The following description of the Golden State Lumber, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a) General

The Plan is a defined contribution plan covering employees of Golden State Lumber, Inc. (the Company) and Advanced Building Solutions, Inc. (ABS) who are at least 21 years old and are not: 1) covered by the terms of a collective bargaining agreement or 2) a non-resident alien. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b) Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation as defined in the Plan, not to exceed $17,000 for 2012 and 16,500 for 2011. Participants who attain age 50 before the end of a calendar year are eligible to make catch-up contributions, not to exceed $5,500 for 2012 and 2011 in accordance with, and subject to, the limitations of Internal Revenue Code (IRC) Section 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, as well as after-tax Roth contributions. Participants direct the investment of the contributions into various investment options offered by the plan. The Company may elect to contribute a discretionary matching contribution to participants that are employed on the last day of the plan year and have worked at least 1,000 hours during the plan year. In addition, the Company may make discretionary profit sharing contributions to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company’s contributions, (b) plan earnings, and (c) forfeitures of terminated participants’ non-vested accounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - PLAN DESCRIPTION (Continued)

d) Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service.

A participant is 100% vested after six continuous years of credited service. The employer's vesting schedule for plan participants is as follows:

End of year 1	0%
End of year 2	20%
End of year 3	40%
End of year 4	60%
End of year 5	80%
End of year 6	100%

e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at the Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated. Principal and interest is paid ratably through payroll deductions.

f) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annuity benefit payments, or systematic withdrawals. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

g) Forfeited Accounts

At December 31, 2012 and 2011, forfeited non-vested accounts totaled $15,166 and $52,140 respectively. These forfeitures will be used first to reduce future employer contributions, and then any remaining forfeitures will pay administrative expenses. In 2012, employer contributions related to 2011 were reduced by $54,267 from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

e) Payment of Benefits

Benefits to participants are recorded when paid.

f) Administrative Expenses

All significant investment management services are paid by the participants. Other professional fees related to the Plan, including audit fees, are paid by the plan sponsor.

See Independent Auditors' Report.

The Plan has evaluated subsequent events through September 5, 2013, the date the financial statements were available to be issued.

Mutual funds	$ 1,741,055

See Independent Auditors’ Report.

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles (GAAP) provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011:

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Interest Account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY QUALIFYING INSTITUTION

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certification from Great West Trust Company, LLC (Great West), the qualifying institution of the Plan, that all of the information provided by them is complete and accurate. Information included in the accompanying financial statements as to investments in the trust fund administered by the qualifying institution, interest income, and all information in the supplemental schedule are presented in reliance solely upon that certification, and has not been audited by the independent auditors.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

In 2012, certain plan investments are guaranteed interest accounts managed by Great West. Great West is the qualifying institution as defined by the Plan for the year ending December 31, 2012, and, therefore, these transactions qualify as party-in-interest transactions.

In 2011, certain plan investments are shares of mutual funds managed by John Hancock. John Hancock was the qualifying institution as defined by the Plan for the period January 1, 2011 to December 1, 2011, and; therefore, these transactions qualify as party-in-interest transactions. In 2011, certain plan investments are guaranteed interest accounts managed by Great West. Great West is the qualifying institution as defined by the Plan for the period December 2, 2011 to December 31, 2011, and; therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

See Independent Auditors' Report.

NOTE 8 - TAX STATUS

The Plan adopted Orchard Trust Co.'s Volume Submitter Profit Sharing Plan, effective March 31, 2008. The IRS issued a clean opinion letter that stated this prototype plan qualified under the applicable provision of the Internal Revenue Code (IRC). Although the Plan has not received a determination letter from the IRS, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore believe the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012, to Form 5500:

Net assets available for benefits per the financial statements	$22,443,852
Outstanding distribution checks from prior years	12,173
Net assets available for benefits per the Form 5500	$22,456,025

See Independent Auditors' Report.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

Interest income on notes receivable from participants per the financial statements	$ 27,711
Interest on repayments of notes receivable from participants	(1,507)
Interest income on notes receivable from participants per the Form 5500	$ 26,204

The following is a reconciliation of certain deemed distributions of notes receivable from participants per the financial statements at December 31, 2012, to Form 5500:

Certain deemed distributions of notes receivable from participants per the financial statements	$ 21,511
Certain deemed distributions of notes receivable from participants	38,883
Certain deemed distributions of notes receivable from participants per the Form 5500	$ 60,394

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011, to Form 5500:

Net assets available for benefits per the financial statements	$19,516,382
Certain deemed distributions of notes receivable from participants	78,208
Principal repayments of notes receivable from participants	34,664
Suspense holding cash account	(38,424)
Participant contributions receivable (see Note 13)	(21,885)
Net assets available for benefits per the Form 5500	$19,568,945

NOTE 11 - CORRECTIVE DISTRIBUTIONS

Participants may contribute 100% of their compensation not to exceed $17,000 for 2012. When contributions exceed these limits or the Plan does not meet certain compliance testing, the amounts are refunded to the participants as corrective distributions. Total corrective distributions were $36,963 for the year ended December 31, 2012, and were refunded to participants in 2013.

NOTE 12 - CHANGE IN QUALIFYING INSTITUTION

Effective December 2, 2011, the qualifying institution of the Plan transferred assets from John Hancock to Great West. The Plan document was restated effective December 2, 2011.

NOTE 13 - CORRECTION OF AN ERROR

The December 31, 2011, audited financial statements omitted a $21,885 participant contributions receivable. As a result, net assets as of December 31, 2011, were understated by $21,885. The net assets have been adjusted as of December 31, 2011.
