Report on the Financial Statements

We were engaged to audit the accompanying financial statements of EP Salaried 401k Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011 and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by JPMorgan Chase Bank, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule H, line4(a) – schedule of delinquent participant contributions for the year ended December 31, 2012 and the supplemental schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2012, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EP SALARIED 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

Note 1—Description of the plan

The following description of the EP Salaried 401(k) Plan (formerly EaglePicher Salaried 401(k) Plan) (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Substantially all salaried employees of EP Management Corporation (fka EaglePicher Corporation) and its subsidiaries (the Company) are eligible to participate in the Plan upon hire.

Contributions

Participants may elect to contribute up to 100% of their base compensation, or the maximum dollar amount allowed by law, as a pre-tax deferral. The Company makes a matching contribution equal to 50% of the first 6% of participant pre-tax deferral contributions. The Company made a discretionary profit sharing contribution of \$117,724 to the Plan in 2012.

Effective July 1, 2012, the plan adopted an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Current participants who are deferring less than the automatically enrolled 2% will have their deferral rate increased to 2%.

Rollover contributions

Participants may contribute funds previously held for their account in another qualified employee benefit plan to the Plan. A participant shall be fully vested at all times in such amounts transferred into the Plan. Rollover contributions share in income and earnings under the terms of the Plan, but no employer contributions are made with respect to any rollover contributions.

Participant accounts

Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching contribution, (b) Company discretionary contributions, and (c) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in pre-tax deferral and rollover contributions plus actual earnings (losses) thereon. Participants become vested in the Company’s contributions plus actual earnings (losses) thereon upon being credited with three years of vested service.

EP SALARIED 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2012 and 2011

Note 1—Description of the plan—continued

Notes receivable from participants

Participants may borrow against their vested account balances a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with current interest rates charged for loans made under similar circumstances by lending institutions. The term of any loan shall not exceed five years, except in the case of a loan used to acquire any dwelling to be used as a principal residence.

Payment of benefits

On termination of service due to death, permanent disability, financial hardship, retirement or upon attainment of age 59 ½, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a fifteen year period. If the vested amount of the participant's account is \$1,000 or less, it will be paid out automatically in one lump-sum payment. Distributions must commence by March 31 of the calendar year following the calendar year the participant reaches age 70½ and has separated from service.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are used to reduce the Company's matching contributions or pay Plan expenses for the year. At December 31, 2012 and 2011, forfeited nonvested accounts totaled \$8,838 and \$13,285, respectively. These accounts will be used to reduce future matching contributions or Plan expenses.

Administrative expenses

The Plan's administrative costs are paid by either the Plan or the Company as provided by the Plan document.

Note 2—Significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Note 2—Significant accounting policies—continued

Investment valuation and income recognition

Investment transactions are accounted for on a trade-date basis and realized gains and losses on sales of securities are determined using the average cost method. Income from investments is recognized when earned.

The Plan has investments in common collective trust funds, which are comprised of fully benefit-responsive investment contracts. As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the “FSP”), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement of attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by FSP, the Statement of Net Assets available for Benefits presents the fair value of the investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Risks and uncertainties

The Plan utilizes various investment instruments, including mutual funds, common/collective trust funds, and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Payment of benefits

Benefits are recorded when paid.

Income tax status

The Internal Revenue Service has determined and informed the Company by letter dated July 10, 2002 that the Plan and related trust are designed in accordance with applicable regulations of the Internal Revenue Code (IRC). Effective July 1, 2012, the plan was restated under a standardized prototype plan that has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form at the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code (the Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan has been amended since receiving the determination letter, however, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Accordingly, no provision for income tax has been included in the Plan’s financial statements.

EP SALARIED 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2012 and 2011

Note 2—Significant accounting policies—continued

Income tax status—continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

New accounting pronouncements

In May 2011, FASB issued Accounting Standards Update 2011-04, Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs, (ASU 2011-04). ASU 2011-04 amended FASB Accounting Standards Codification Topic 820 (ASC 820), Fair Value Measurement, to converge the fair value measurement guidance in accordance with accounting principles generally accepted in the United States of America and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures are not required for nonpublic entities as defined in ASC 820. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Adoption of ASU 2011-04 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Subsequent events

The Plan has evaluated all subsequent events through October 8, 2013, the date that the financial statements were available to be issued, and have determined that except as set forth below, there are no subsequent events that require disclosure.

During 2012, the Company failed to transmit certain participant contributions to the Plan in the amount of \$11,926 within the time period prescribed by ERISA. Late transmissions of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. The Company transmitted \$5,935 of the delinquent participant contributions to the Plan by December 31, 2012. The Company transmitted the remaining \$5,991 to the Plan during 2013. As of the date of this report, the earnings have not yet been calculated, but are anticipated to be deposited into the Plan in 2013.

Reclassifications

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

EP SALARIED 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2012 and 2011

Note 3—Investments

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying 2012 financial statements is complete and accurate with respect to investments.

- Investments
- Net appreciation in fair value of investments
- Interest and other income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

FASB ASC Topic 820, "Fair Value Measurements", defines fair value, establishes a framework on measuring fair value, establishes a fair value hierarchy on the quality of inputs used to measure fair value and enhances disclosure requirements for fair value measurements. The Plan accounts for certain financial assets at fair value under various accounting literature.

In accordance with the standard, the Plan has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into the three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within the different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Financial assets and liabilities recorded on the Statement of Net Assets Available for Benefits are categorized based on the inputs to the valuation techniques as follows:

- Level 1. Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access.
- Level 2. Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
- a. Quoted prices for similar assets or liabilities in active markets;
 - b. Quoted prices for identical or similar assets or liabilities in non-active markets;
 - c. Pricing models whose inputs are observable for substantially the full term of the asset or liability; and
 - d. Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation of other means for substantially the full term of the asset or liability.

EP SALARIED 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2012 and 2011

Note 3—Investments—continued

Level 3. Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Common/Collective

Trust Funds:	The net asset value ("NAV") of this investment is based on the market value of its underlying shares held at year end.
--------------	--

Common Stock:	Valued at the closing price reported on the active market on which the individual securities are traded.
---------------	--

Mutual Funds:	Valued at the closing price reported on the active market on which the individual securities are traded.
---------------	--

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Investments—continued

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	\$ 2,506,840
Common/collective trust funds	400,846
Total appreciation	<u>\$ 2,907,686</u>

Note 4—Fully benefit-responsive investment contracts

The Plan holds funds (the "Fund") that invest in synthetic guaranteed investment contracts (GICs) and wrapper contracts (also known as synthetic GICs). A synthetic investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. In a traditional GIC, the issuer takes a deposit from the Fund and purchases investments that are held in the issuer's general account. The issuer is contractually obligated to repay the principal and a specified rate of interest guaranteed to the Fund.

In a wrapper contract structure, the underlying investments are owned by the Fund and held in trust for plan participants. The Fund purchases a wrapper contract from an insurance company or bank. The wrapper contract amortizes the realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investments, through adjustments to the future interest crediting rate (which is the rate earned by participants in the Fund for the underlying investments). The issuer of the wrapper contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest. Issuers of wrap contracts in the Fund are limited to 50% of the Fund's book value at time of purchase. Single issuers are limited to 5% of the Fund's market value at time of purchase.

The objectives of the Fund is to protect the principal balance of participant accounts, and to generate stable, positive book value returns that exceed those of alternative principal protection vehicles, such as money market funds, during normal conditions.

Permitted instruments in the Fund may be invested on a cash/delivered basis, forward settle, short sale, repurchase agreements, reverse repurchase agreements and through exchange-traded and over-the-counter derivatives instruments such as options, futures contracts or swap agreements. Derivative instruments held outside of a Commingled Fund will be limited to Treasury futures contracts and interest rate swaps. The Fund may enter into a series of purchase and sale contracts such as TBA mortgages and dollar rolls.

The Trustee of the Fund will be responsible for selecting the maturities of individual fixed-income securities within the Fund. The effective or modified option-adjusted duration of the Portfolio will be managed to a target of 3 years, and at all times be within a range of 2 to 4 years. Under normal circumstances, the Fund will be maintained within a duration range of 2.5 to 3.5 years. The Fund may invest in unrated securities, in the opinion of the Trustee of the Fund that meets minimum quality standards.

EP SALARIED 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2012 and 2011

Note 4—Fully benefit-responsive investment contracts – continued

The Fund average yield of the Fund was approximately 1.03% in 2012. The crediting interest rate for these investment contracts is reset monthly by the issuer but cannot be less than zero and was approximately 2.28% and 2.35% at December 31, 2012 and 2011, respectively. The crediting interest rate reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets.

Note 5—Party in interest transactions

Some of the Plan's investments are shares of registered investment companies managed by JPM or its subsidiaries including American Century. JPM is the Trustee, as defined by the Plan and, accordingly, these transactions qualify as party in interest transactions. Fees paid by the Plan to JPM were \$8,807 and \$14,613 for the years ended December 31, 2012 and 2011, respectively.

Note 6—Plan terminations

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at anytime and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.
