1. Plan Description

The following description of the Huebner, LLC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

a) *General* – The Plan is a 401(k) defined contribution plan covering substantially all full-time employees of F&D Huebner, LLC (the "Company") who have completed one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

b) *Contributions* – Each year participants may contribute to the Plan subject to certain limitation under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or defined contribution plans.

The Company makes safe harbor matching contributions of 100% of employees' salary deferrals up to 4% of their compensation. The safe harbor match is fully vested at the time it is received.

Additional employer matching contributions may be made at the discretion of the Company. No such contributions were made for the year ended December 31, 2012.

Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. Participants may change their investment options at any time online.

c) *Participants Accounts* – Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Administrative expenses may be charged based on account balances or charged equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d) *Vesting* – Participants are vested immediately in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions is based on years of continuous service. A participant is vested 20% after 2 years of service and an additional 20% each year thereafter (100% vested upon 6 years of credited service) or upon the events of death, disability or attaining age 65.

e) *Participant notes receivable* – Under the terms of the Plan, participants may borrow up to 50% of their vested account balance, with a minimum of $1,000 and a maximum of $50,000. The loans are secured by the balance in the participants account and bear interest at a rate determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

f) *Payment of Benefits* – In the case of retirement, death, disability or termination of employment, participants may elect to receive the vested accumulated value of their account in a lump sum distribution payment.

g) *Forfeited accounts* – Forfeitures of nonvested balances may be used to reduce employer contributions. At December 31, 2012 and 2011 there were no forfeited nonvested amounts from terminated employees.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan documents.

Administrative Expenses

Certain administrative costs of the Plan are paid directly by the Company.

3. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2012 through the issue date of this report. No material events have occurred since December 31, 2012 that require recognition or disclosure in the financial statements.

4. Information Prepared and Certified by the Custodian

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Nationwide Financial Services, Inc., the Plan's custodian. The Custodian has certified that the information below is complete and accurate.

During 2012 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated by $157,549.

6. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; level 2 inputs consist of quoted prices for similar assets or liabilities in active markets or quoted prices fro identical or similar assets in inactive markets; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts – Units of participation in pooled separate accounts are determined by Nationwide Financial Services, Inc., based on the net asset value of the underlying investments. Investments are classified as Level 2 of the fair value hierarchy.

Guaranteed Investment Contract (GIC) – Valued based on observable inputs including the Plan's assumptions as to what market participants would use in pricing such investments. The value is subject to the general financial condition of the issuer of the investment contract as a component of validating whether the calculated contract value of the guaranteed contract is an accurate value. The GIC is included in Level 2.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

	Investment Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	–	$1,507,135	–	$1,507,135
Guaranteed investment contract	–	320,721	–	320,721
Total	–	$1,827,856	–	$1,827,856

	As of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	–	$1,142,694	–	$1,142,694
Guaranteed investment contract	–	265,263	–	265,263
Total	–	$1,407,958	–	$1,407,958

7. Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

8. Guaranteed Investment Contract

The Plan holds a guaranteed investment contact (GIC) with Nationwide Life Insurance Company (Nationwide). The GIC investment option is listed as *Nationwide Best of America Indexed Fixed Fund*. The contract underlying this investment option is considered to be fully benefit responsive.

Nationwide maintains the contributions to the GIC in a general account. Contract value equals fair value under this contract due to the underlying investments. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. In most cases, participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. The GIC issuer is contractually obligated to repay the principal and a specified minimum interest rate that is guaranteed to the Plan.

The GIC is a general account product. The interest crediting rate is tied to the three year Treasury note yield. The crediting rate and average yeild of the GIC are the same. The rates were 0.0% for 2012 and 2011. The interest crediting rate is reset quarterly.

9. Related Party Transactions

Nationwide Financial Services, Inc. (Nationwide) is the current recordkeeper and custodian of the Plan and qualifies as a party-in-interest. The Plan invests in funds managed by Nationwide.

Fees paid to Nationwide for recordkeeping and investment advisory services were $10,158 and $16,524 in 2012 and 2011, respectively.

10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

11. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Prototype Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
