INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ken Miller Supply, Inc. Employees' Pension Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 14, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended and the statement of accumulated plan benefits as of December 14, 2012 and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Prudential Financial, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended December 14, 2012 and 2011, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes and schedule of reportable transactions as of and for the year ended December 14, 2012 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following brief description of the Ken Miller Supply, Inc. Employees' Pension Plan and Trust ("the Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. Information about the plan agreement, the vesting and benefit provisions, and the Pension Benefit Guaranty Corporation's benefit guarantee is contained in the Summary Plan Document.

General

The Plan is a non-contributory defined benefit pension plan covering substantially all employees of Ken Miller Supply, Inc. ("Company") and its affiliates. The Plan Committee is responsible for oversight of the Plan. The Plan Committee, along with investment advisors, determines the appropriateness of the Plan's investment offerings and monitoring of investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Pension Benefits

The Plan provides for benefit payments for hourly participants of 1.6 percent of the participant's average compensation multiplied by his or her years of benefit services. For salaried participants, the Plan provides for benefits of 1.0 percent of the participant's average compensation multiplied by his or her years of benefit service. The maximum years of service for the Plan is limited to 30 years. A participant shall have a 100 percent vested interest in his/her accrued benefit upon reaching normal retirement age. Generally, termination prior to retirement will be subject to a seven year vesting schedule as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
3	20%
4	40%
5	60%
6	80%
7	100%

The normal retirement age under the Plan is 65. Specific terms of the Plan provide other retirement options with combination of factors of age and years of credited service.

Death and Disability Benefits

Unless a cash-out has occurred, a deceased participant's death benefit will be distributed to the beneficiary according to the terms of the Plan for the specific situation.

Unless a cash-out has occurred, a participant's disability benefit will be distributed either as a standard form of distribution or as any optional form of distribution, as described under the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are presented on the accrual basis of accounting.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from those estimates. It is reasonably possible that a significant change may occur in the near term for the estimates of investment valuation and actuarial present value of accumulated plan benefits.

Investment Valuation and Income Recognition

Investment contracts held by a defined benefit plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined benefit plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officers or employee receives compensation from the Plan. Administrative expenses for the custodian and other fees are paid directly by the Plan. All other expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements.

Subsequent Events

Subsequent events have been evaluated through October 4, 2013, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In May 2011, the FASB issued ASU 2011-04, Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRS, (ASU 2011-04). ASU 2011-04 amended ASC 820, Fair Value Measurements. This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. See Note 4 for impact of adoption.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In October 2012, the FASB issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this Update cover a wide range of Topic in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The adoption of ASU 2012-04 is not expected to have a material impact on subsequent periods.

NOTE 3: INFORMATION CERTIFIED BY CUSTODIAN

The following is a summary of the plan's assets information as of December 14, 2012 and 2011 and for the years then ended, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations of Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	<u>2012</u>	<u>2011</u>
Investments, at fair value:		
Guaranteed Deposit Account	\$10,116,615	\$8,056,850

Prudential Financial also certified to the completeness and accuracy of the \$379,011 and \$348,870 of interest related to the aforementioned assets for the years ended December 14, 2012 and 2011.

NOTE 4: FAIR VALUE MEASUREMENTS

Accounting standards for fair value measurements provides a framework for measuring fair value that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 14, 2012 and 2011.

Guaranteed Investment Contract: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (See Note 6). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate.)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 14, 2012 and 2011:

Assets at Fair Value as of December 14, 2012

	Level 1	Level 2	Level 3	Total
Guaranteed deposit account	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 10,116,615</u>	<u>\$ 10,116,615</u>

Assets at Fair Value as of December 14, 2011

	Level 1	Level 2	Level 3	Total
Guaranteed deposit account	<u>\$ 0</u>	<u>\$ 8,056,850</u>	<u>\$ 0</u>	<u>\$ 8,056,850</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 14, 2012, there was one transfer in to Level 3.

The following table sets forth the Plan's assets that are carried at fair value on a recurring basis, classified within Level 3 of the valuation hierarchy for the year ended December 14, 2012:

	Guaranteed Deposit Account
Beginning balance	\$ 0
Contributions, net exchanges	1,549,923
Transfer in to level 3	8,056,850
Interest income	379,011
Sales, repayments settlements net	<u>130,831</u>
Ending balance	<u>\$ 10,116,615</u>

The fair value of the Guaranteed Deposit Account is based on significant unobservable inputs, including the credit worthiness of the issuer, Prudential Retirement Insurance and Annuity Company and the terms of the investment contract. Significant fluctuations in any of the inputs in isolation could result in a significantly different fair value measurement.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Unrealized gains/ (losses) from guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of net assets available for benefits.

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Guaranteed deposit account	\$10,116,615	For all assets with publicly available market values, the public data is used. For assets carried at market value for GAAP reporting, the GAAP market values are used. For all other assets, market values are calculated by discounting cash flows using treasury rates and spreads based on the cash flow timing and quality of assets (same manner as GAAP market values).	Earnings at Guaranteed Crediting Rate Composite Market Value Factor	Gross Guaranteed Crediting Rate must be greater than or equal to contractual minimum crediting rate. 1.029720 - 1.119776 (1.078967)

In estimating fair value of the investments in Level 3, the Investment Committee may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Investment Committee evaluates a variety of factors including review of the methods and assumptions used by external sources recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

NOTE 5: RELATED PARTY TRANSACTIONS

Certain Plan investments are units of a guaranteed interest account managed by Prudential. Prudential is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services were netted against plan earnings.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 1990, the plan entered into a benefit-responsive guaranteed investment contract with Prudential Retirement Insurance and Annuity Company (Prudential). Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by Prudential. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 14, 2012 and 2011 was \$10,116,615 and \$8,056,850, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be lowered by more than 2% annually. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity was provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

For 2012 and 2011, the effective yield was 4.90% and 5.10%, respectively, for the guaranteed investment contract.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7: PLAN TERMINATION

Although it has not been expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

NOTE 8: INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated January 11, 2005, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. Management believes the plan has not done anything to jeopardize their tax exempt status and does not have any activities that would generate unrelated business income tax.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 14, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

There are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 9: RISKS AND UNCERTAINTIES

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10: ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to services rendered by the employees. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered through the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary using the unit credit method and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions underlying the computations for the Plan as of December 14, 2012 are as follows:

Average rate of return:	4.50 %
Mortality basis:	IRS Prescribed Mortality with Separate Annuitant and Non-Annuitant Rates, for Males and Females for the Current Plan Year
Normal retirement age:	Age 65

The net increase in the actuarial present value of accumulated plan benefits each year is the result of benefits paid, discounts for interest, changes in participant mix, actuarial experience gains and losses and changes in actuarial assumptions.

Actuarial assumptions are based on the presumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 11: FUNDING POLICY

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Pension funding is actuarially determined and includes normal cost and the amortization of past service costs. The Company has made contributions in amounts not less than those necessary to comply with the minimum funding standards of ERISA as set forth in the actuary's report. The actuary's report indicated that no Company contributions were required in the December 14, 2012 plan year to meet the minimum funding standards of ERISA.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
