Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Continental Battery 401(k) / Profit-Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011 and the related statements of changes in net assets available for benefits for the years then ended, and the related noted to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the financial information certified by America United Life Insurance Company, the custodian of the Plan, except for comparing that information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulation

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Continental Battery 401(k) / Profit-Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Continental Battery Company under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

The Plan covers substantially all employees of Continental Battery Company and participating employers (collectively the "Company" or "Plan Administrator") except those employees covered under collective bargaining agreements that do not provide for plan participation and non-resident aliens.

Employees of the Company who have completed one year of service, as defined, are eligible to participate, provided they are at least 21 years of age. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by the Company. The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets and keeping accurate records and reports. The Plan's custodian, American United Life Insurance Company, (the "Custodian"), is responsible for the custody and management of the Plan's assets.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation as defined in the Plan, subject to the dollar limitation under §402(g) of the IRC. The Plan permits pre-tax deferral contributions, but not after-tax (Roth) deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Employer, of the participant's elective deferral. In determining the matching contribution, only elective deferrals up to a discretionary percentage of a participant's contribution, or a discretionary dollar amount will be matched, the percentage or dollar amount to be determined by the Employer on a uniform basis to all participants. Additional profit sharing amounts (non-elective contributions) may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations. Participants actively employed at the end of the plan year share in employer contributions regardless of the service completed during the plan year. Participants not employed at the end of the plan year must complete 500 hours of service during the plan year to share in employer contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and other contributions, as well as the participant's share of investment income, appreciation (depreciation) and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service, as defined in the Plan. A participant is 100 percent vested after six years of credited service. Full and immediate vesting will also occur upon death or total and permanent disability, as defined in the Plan. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

The Plan does not allow loans to Participants.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Custodian, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

On retirement, death, disability, or termination of service a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum payment, or as a direct rollover to another qualified plan equal to the participant's vested account balance. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. These accounts may be used to reduce future employer contributions. At December 31, 2012 and 2011, forfeited accounts totaled $2 and $1, respectively. For the years ended December 31, 2012 and 2011, forfeitures of $1,243 and $311 were used to reduce employer contributions, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for the expenses paid by the Company.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Pooled separate account funds are valued at the net asset value of units held by the Plan at year end. The net asset value is based on the market value of the underlying investments and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date, or as determined by the Custodian. Investments in the AUL Fixed Account are stated at contract value. The contract is fully benefit responsive and contract value approximates fair value. Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at fair value. In addition, any material difference between the fair value of these investments and their contract value is to be presented as a separate adjustment line in the statement of net assets available for benefits, because contract value remains the relevant measurement attribute for that portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the AUL Fixed Account. Management has determined that the estimated fair value of the Plan's investments in fully benefit-responsive contracts as of December 31, 2012 and 2011 approximates contract value, and any difference between fair value and contract value is immaterial.

The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts. The pooled separate accounts have been categorized based upon the investment composition and strategies of the underlying mutual fund that each account holds. Each account provides for daily redemptions by the Plan at reported net asset values per share. The investment contracts impose certain restrictions on the Plan and may be subject to circumstances (such as early termination of the contract, full or partial plan termination, insolvency of the Plan Sponsor, etc.) that impact the ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

3. INVESTMENTS

The following investments represent 5% or more of the Plan's net assets available for benefits:

	December 31, 2012	December 31, 2011
AUL Fixed Account *	$ 619,487	$ 536,172
Nuveen Small Cap Select Fund *	150,182	124,006
Invesco Dynamics Fund *	134,605	142,974
T. Rowe Price Equity Income Fund *	257,890	201,304
SSGA S&P 500 Index Fund *	141,954	113,506
Fidelity VIP Contrafund Portfolio *	198,910	153,976
Janus Aspen Flexible Bond Portfolio *	177,559	128,277

* Party-in-interest

The net appreciation (depreciation) in fair value of Plan investments of $230,034 and $(41,952) for the years ended December 31, 2012 and 2011, is attributable to the investments in pooled separate account funds.

4. INVESTMENTS CONTRACT WITH INSURANCE COMPANY

Pooled Separate Account Funds

The Plan has entered into an investment contract with American United Life Insurance Company ("AUL"). AUL maintains certain investments in a pooled separate account. Assets of this contract are invested in shares of the specific funds elected in the contract application. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by AUL. Each of the pooled separate accounts invests in stocks, fixed securities or in single mutual funds which are generally identified in the name of the pooled separate account. The investment strategies of these pooled separate accounts are consistent with each of the stocks, fixed securities and single mutual funds identified in the name of the fund. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the net asset value.

Insurance Company General Funds

The Plan has entered into a benefit-responsive investment contract with AUL. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by AUL. The contract is included in the financial statements at contract value, which approximates fair value. Interest is earned at the higher of the rate guaranteed under the contract or the current rates established and declared in advance by AUL. Interest rates are determined quarterly by AUL. The AUL fixed account is backed by AUL's general account. The AUL general account is invested in conservatively managed, well diversified portfolio consisting predominately of fixed-income investments (bonds, mortgages, and private placement) where the objective is to maximize long-term, risk adjusted returns. The quality of these investments is high.

The average yield for the contract for the years ended December 31, 2012 and 2011 was 3.00%. The crediting interest rate for the contract as of December 31, 2012 and 2011 was 3.0%. The minimum crediting interest rate for the contract for the years ended December 31, 2012 and 2011 was 3.00%. The determination of crediting interest rates, as determined by AUL, reflect a number of factors, including interest rate guarantees, the investment income earned on invested assets, and prevailing market conditions.

5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as and for the years ending December 31, 2012 and 2011:

	December 31, 2012	December 31, 2011
Investments at fair value:		
Pooled separate account funds	$ 2,054,598	$ 1,611,798
Insurance company general account funds	619,487	536,172
	$ 2,674,085	$ 2,147,970

	Years Ended December 31, 2012	Years Ended December 31, 2011
Investment income (loss):		
Interest and dividends	$ 17,090	$ 15,001
Net appreciation (depreciation) in fair value of investments	230,034	(41,952)
	$ 247,124	$ (26,951)

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2012 and 2011, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2012 and 2011.

Pooled separate account funds: Valued at the net asset value ("NAV") of units held by the Plan at year end. The NAV of these accounts is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. The NAV is not a publicly-quoted price in an active market.

Insurance company general account funds: Valued at contract value, which approximates fair value, as estimated by AUL. It is the amount plan participants would receive if they were to withdraw or transfer funds within the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2012:

7. REPORTABLE TRANSACTIONS

During the years ended December 31, 2012 and 2011, there were no reportable transactions, investment assets acquired and disposed of within the Plan, or non-exempt transactions with parties-in-interest which would require supplemental presentation under United States Department of Labor regulations.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by AUL. AUL is the custodian, record keeper and third party administrator of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these accounts and the underlying investments comprising these accounts are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC. The Plan provides for full and immediate vesting of all participant rights upon termination of the Plan.

10. TAX STATUS

The Company has adopted the American United Life Insurance Company Defined Contribution Prototype Plan. The Internal Revenue Service has issued an opinion letter dated March 31, 2008 stating that the plan is acceptable under section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to the Form 5500:

	December 31,	
	2012	2011
Net assets available for benefits per the financial statements	$ 2,674,085	$ 2,138,002
Excess contributions payable	-	9,968
Net assets available for benefits per Form 5500	$ 2,674,085	$ 2,147,970

	Years Ended December 31,	
	2012	2011
Net increase in net assets available for benefits per the financial statements	$ 536,083	$ 177,968
Excess contributions payable – beginning of year	(9,968)	(5,594)
Excess contributions payable – end of year	-	9,968
Net increase in net assets available for benefits per Form 5500	$ 526,115	$ 182,342

12. NEW ACCOUNTING PRONOUNCEMENTS

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs* ("ASU 2011-04"). ASU 2011-04 amended Accounting Standards Codification ("ASC") 820 *Fair Value Measurements and Disclosures* ("ASC 820") to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards ("IFRSs"). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The adoption of this guidance did not have a significant impact on the Plan.

13. SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 27, 2013, the date the financial statements were available to be issued.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
