REPORT OF INDEPENDENT AUDITORS

To the Plan Trustees

City Wide Mechanical, Inc. 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of City Wide Mechanical, Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Great-West Life and Annuity Insurance Company (the Custodian), except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Custodian as of and for the years ended December 31, 2012 and 2011,

that the information provided to the plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule of Assets (Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CITY WIDE MECHANICAL, INC.
401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the City Wide Mechanical, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

The Plan was established in August 1998 and is a defined contribution profit sharing plan covering all eligible employees of City Wide Mechanical, Inc. (the Company, Plan Sponsor, or Employer). The Plan is designed to comply with the Employee Retirement Income Security Act of 1974, as amended (ERISA), and the Internal Revenue Code (IRC). In addition, the financial statements have been prepared in compliance with ERISA. The Plan is under the administration of the Company and the Plan's trustees.

Eligibility

To participate in the Plan, employees must have obtained age 21 and have completed one year of service. One year of service is defined as having completed 1,000 hours of service. Union employees and non-resident aliens are excluded from participating in the Plan.

Contributions

Participating employees may elect to contribute any amount not less than one percent (1%) and not more than fifty percent (50%) of their compensation to the Plan, subject to a limit on calendar year contributions set forth by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company matches fifty percent (50%) of employee contributions, limited to the first three percent (3%) of compensation. The Company may also elect to make discretionary non-matching contributions. Each eligible employee's account is allocated a percentage of the non-matching contributions based on the ratio of the eligible employee's compensation to the total compensation of all eligible employees. The Company did not make non-matching contributions for the year ended December 31, 2012.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions, and an allocation of (a) the Company's discretionary non-matching contributions, if any, and (b) Plan earnings or losses, and (c) charged with an allocation of

CITY WIDE MECHANICAL, INC.
401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of the Plan – (Continued)

Participant accounts - continued

certain administrative expenses. Allocations are based on participants' compensation or account balances, as defined by the Plan.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Employer's contributions is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
One (1) year	0%
Two (2) years	20%
Three (3) years	40%
Four (4) years	60%
Five (5) years	80%
Six (6) or more years	100%

Payments of benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Upon death, disability, or retirement, a participant is entitled to receive from the Plan a single lump-sum payment equal to the value of the participant's account balance. Other payment options are available upon request of the participant or beneficiary and upon approval of the Trustees. Upon termination of service, the Company has the option to require those participants with vested account balances less than \$1,000 to take lump-sum distributions unless a direct rollover is elected. If a participant's vested account balance exceeds \$5,000, they may elect to receive a lump-sum distribution, receive installments over a specified period of time, or roll over their vested account balance. For all employees who have terminated with a vested account balance between \$1,000 and \$5,000, the Plan administrator has the right to automatically rollover the balance to an individual retirement account (IRA) designated by the administrator. The participant bears all expenses of the IRA.

Forfeitures

Forfeited nonvested employee contributions are first used to pay administrative expenses of the Plan. Forfeitures of terminated participants' nonvested account balances may also be used to reduce the Employer matching contributions and non-elective contributions.

CITY WIDE MECHANICAL, INC.
401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of the Plan – (Continued)

Forfeitures - continued

Forfeited accounts available to reduce administrative expenses or future matching contributions at December 31, 2012 and 2011, totaled approximately \$4,400 and \$2,300, respectively. There were no forfeitures applied in the reduction of administrative expenses for the year ended December 31, 2012. Forfeitures applied in the reduction of employer matching contributions for the year ended December 31, 2012, were approximately \$10,100. For the year ended December 31, 2012, the Plan Sponsor miscalculated the employer match and over-matched by approximately \$7,000. These amounts were included in the certified investment balances in the accompanying financial statements, and are payable to the forfeiture balance above.

Notes receivable from participants

The Plan does not currently allow for notes receivable from participants.

Investment options

Upon enrollment in the Plan, a participant may direct contributions into several investment options including pooled separate accounts and a guaranteed portfolio fund.

Administrative expenses

Administrative expenses are generally paid by the Employer. However, the Plan may allocate forfeited amounts to cover administrative expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Accordingly, actual results could differ from those estimates. See Note 4 for discussion of significant estimates used to measure the fair value of investments.

CITY WIDE MECHANICAL, INC.
401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies – (Continued)

Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. See Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits paid to participants

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Recent accounting pronouncements

The Financial Accounting Standards Board (FASB) is the authoritative body for financial accounting and reporting in the United States. In May 2011, the FASB issued guidance which amends Accounting Standards Codification (ASC) 820. This guidance requires the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level 1 and Level 2. In addition, it provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The guidance requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The new guidance is effective for the Plan year ended December 31, 2012. The adoption of the provisions of this guidance had no effect on the financial statements.

Subsequent events

Management of the Plan evaluated events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the notes to the financial statements. The accompanying financial statements consider events through October 9, 2013, the date which the financial statements were available to be issued. See Note 13.

Note 3 - Investments in Insurance Contracts

Accounting guidance regarding *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* defines the circumstances in which an investment contract is considered fully benefit-responsive and requires such contracts to be reported at fair value in the Plan's statements of net assets available for benefits with a corresponding adjustment to reflect these investments at contract value.

The Plan has a Group Annuity contract with the Custodian under which the Custodian maintains the contributions, as directed by participants, in various funds of pooled separate accounts and a Guaranteed Portfolio Fund (GPF). The contract can be terminated by the Custodian if the total fair value of investments or annual contribution amounts falls below minimum levels stated in the contract. The contract can also be terminated by either the Company or Custodian for certain other reasons.

The GPF is issued by the Custodian and backed by its general assets. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the Custodian. The terms of the contract caused the investment to be fully benefit-responsive at December 31, 2012 and 2011, as defined by the accounting guidance, and as such required it be reported in the financial statements at contract value. At December 31, 2012 and 2011, there was no adjustment necessary as contract value approximated fair value.

As of December 31, 2012 and 2011, the contract value of the GPF was \$344,040 and \$232,092, respectively. The average yield earned by the GPF for the years ending December 31, 2012 and 2011 were 1.45% and 2.03% respectively. This average yield was calculated by averaging the quarterly gross interest rates for the fund over the years. The average yield earned by GPF with an adjustment to reflect the actual interest rate credited to plan participants was 1.45% and 2.03% for the years ended December 31, 2012 and 2011, respectively. This average yield was calculated by dividing the annualized earnings credited to participants in the collective trust by the fair value of all investments in the collective trust.

Note 4 - Fair Value Measurements

Fair value is the price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. The framework for measuring fair value provides a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The three levels of the fair value hierarchy which prioritize the inputs used in measuring fair value are described below:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset or liabilities.

An asset or liability's classification within the fair value hierarchy is based on the lowest level of significant input to its valuation.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no significant changes in the methodologies used during the period ended December 31, 2012.

Guaranteed portfolio fund: Stated at the value reported to the Plan by the Custodian. Normally valued at the amount plan participants or plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity.

Pooled separate accounts: Valued at the accounting-driven unit value, determined in a manner similar to a mutual fund net asset value calculation, which is the total net assets divided by the number of units outstanding.

**CITY WIDE MECHANICAL, INC.
401(k) PROFIT SHARING PLAN**

Notes to Financial Statements

Note 4 - Fair Value Measurements – (Continued)

The valuation methods described above may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methods are appropriate and consistent with other market participants, the use of differing methodologies or assumptions to determine the fair value of the Plan's investments could result in different fair value measurements at the reporting dates.

Fair value estimates are made at a specific point in time, based on available market information and judgments about the financial asset, including estimates of timing, amount of expected future cash flows, and the credit standing of the issuer. In some cases, the fair value estimates cannot be substantiated by comparison to independent markets. The disclosed fair value may not be realized in the immediate settlement of the financial asset. In addition, the disclosed fair values do not reflect any premium or discount that could result from offering for sale at one time an entire holding of a particular financial asset. Potential taxes and other expenses that would be incurred in an actual sale or settlement are not reflected in amounts disclosed.

The following tables present the Plan's fair value hierarchy for those assets measured at fair value as of December 31, 2012 and 2011. At December 31, 2012 and 2011, there were no assets considered to be Level 3.

Notes to Financial Statements

Note 5 - Investments – (Continued)

During 2012, the Plan's pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$109,816.

Note 6 - Information Prepared and Certified by Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

The Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31:

	<u>2012</u>		<u>2011</u>
Pooled separate accounts	\$ 898,886	\$	825,989
Guaranteed Portfolio Fund	<u>344,040</u>		<u>232,092</u>
	\$ <u>1,242,926</u>	\$	<u>1,058,081</u>

The Custodian also certified to the completeness and accuracy of \$109,816 of net appreciation in fair value of investments and \$3,036 of interest and dividends for the year ended December 31, 2012.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 - Tax Status of Plan

The Plan has obtained its latest determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator and the Company believe that the Plan is designed and operated in compliance with the applicable requirements, and therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years 2008 and prior.

**CITY WIDE MECHANICAL, INC.
401(k) PROFIT SHARING PLAN**

Notes to Financial Statements

Note 10 – Parties-in-Interest

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. Certain Plan investments are investments managed by the Custodian, and therefore, these transactions qualify as party-in-interest transactions.

Note 11 - Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits and changes in net assets available for benefits per the Form 5500 to the financial statements as of December 31, 2012 and 2011, and for the year ended December 31, 2012:

	<u>2012</u>	<u>2011</u>
Net assets available for benefits per Form 5500	\$ 1,242,926	\$ 1,058,082

2012 excess deferred compensation contributions	(1,449)	
Rounding	<u>1</u>	
Net increase in net assets available for benefits per the financial statements	\$ <u>201,060</u>	

Note 12 – Late Remittances

The Department of Labor (DOL) require employers and plan sponsors to remit amounts paid by a participant or withheld by an employer for contribution to an employee benefit plan as soon as they can be reasonably segregated from the employer's general assets. During 2012, the Employer failed to remit approximately \$10,000 to the Plan in a timely manner. Any lost earnings related to the untimely contributions are insignificant to the financial statements.

Notes to Financial Statements

Note 13 – Subsequent Events

Subsequent to year end, the Trustees of the Plan elected to change the Plan record keeper and custodian from Great-West Life and Annuity Insurance Company, to Securian Retirement. The change in service providers is not expected to have a significant effect to the Plan.
