## NOTE 1 – GENERAL DESCRIPTION OF THE PLAN

The A-Z Bus Sales, Inc. 401(k) Plan (the "Plan") was adopted by A-Z Bus Sales, Inc. (the "Company") on May 1, 1984. Effective January 1, 2009, the Plan was amended and restated to adopt a volume submitter plan offered by a third-party. The adoption did not change the eligibility requirements and the investment options. The Plan includes one other participating employer, A-Z Resources, LLC, which is a related party of the Company. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. **General.** The Plan is a defined contribution plan covering eligible employees of the Company who have attained the age of 21, completed three months of employment and have earned a minimum of 384 hours. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is administered by the Plan's Administrative Committee. The Plan is intended to be a qualified defined contribution plan that satisfies the requirements of section 401(k) of the Internal Revenue Code (the "Code"). Under the Code, participants are not liable for federal income taxes on employee contributions, Company contributions or Plan earnings until such time as they are partially or completely withdrawn from the Plan.

2. **Contributions.** Employees are automatically enrolled in the Plan with a deferral of 3% of their eligible compensation, as defined in the Plan. Once automatically enrolled, participants may elect a different deferral rate. Contributions are subject to certain dollar limitations as imposed by the IRS. The Company may contribute a discretionary profit sharing and/or matching contribution equal to a percentage, to be determined by the Board of Directors, of the participant's salary deferral. During 2012 and 2011, the Company matched participants' deferrals based on 25% of year-to-date participant deferrals or 25% of 6% of employee compensation, whichever is lesser. Employees may allocate all contributions made to their account between the various investment options. The Company made a matching contribution of $62,384 and $55,510 as of December 31, 2012 and 2011, respectively. The Company did not elect to make a profit sharing contribution during 2012 and 2011. Employees may allocate all contributions made to their account between the various investment options.

3. **Participant Accounts.** Each participant's account is credited with the participant's deferrals, the participant's allocation of Company matching and/ or profit sharing contributions and Plan earnings. Each participant's account is maintained on a daily valuation system. The fair value of a unit or share is computed on a daily basis for each of the Plan's pooled separate accounts, guaranteed investment contract and common stocks by adding the value of each fund's total investments, cash and other assets, deducting liabilities, and then dividing the result by the number of units or shares outstanding as of that day.

## NOTE 1 – GENERAL DESCRIPTION OF THE PLAN – (Continued)

3. **Participant Accounts – (Continued).** Net investment income is credited to each participant's account as a dividend distribution, capital gain distribution, or appreciation/depreciation in fair value on a daily basis

4. **Vesting.** Participant contributions and related earnings are fully vested immediately. Company matching and profit sharing contributions vest 20% after two years of service and increase 20% for each additional year of service, with 100% after six years of service. Benefits attributable to each participant will become fully vested in the event of death, disability or attainment of age 65.

5. **Investment Options.** Participants may choose among various investment funds in which their contributions are to be invested. All of the Plan's investment options are participant directed.

6. **Participant Loans.** Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as transfers from the investment fund to the participant loan fund. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by fifty percent of the participant's vested account balance and bear interest at rates that range from 5.25% to 6%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. There were no participant loans in default as of December 31, 2012 and 2011.

7. **Payments of Benefits.** Participants are eligible to receive a distribution of their account balance, to the extent vested, upon termination of employment, retirement, death or disability. Benefits are payable as a lump sum amount equal to the participant's entire interest in the Plan. There were no distributions requested that remained unpaid as of December 31, 2012. Terminated employees with account balances greater than $5,000 may elect to keep their vested account balances in the Plan after termination. Net assets as of December 31, 2012 and 2011 include vested account balances of terminated employees totaling approximately $320,000 and $129,000, respectively.

8. **Forfeited Accounts.** Participants forfeit the unvested portion of their accounts upon receipt of distribution of the vested account balance. Forfeitures may be used to reduce future Company contributions and administrative expenses. The amounts of forfeitures were approximately $8,374 and $3,910 for the years ended December 31, 2012 and 2011, respectively. The balance of unallocated funds in the forfeiture account was $4,461 and $251 as of December 31, 2012 and 2011, respectively.

## NOTE 1 – GENERAL DESCRIPTION OF THE PLAN – (Continued)

9. **Plan Administration**. Hartford Life Insurance Company ("Hartford") was the custodian as of December 31, 2012. Morgan Stanley also serves as a custodian. The Company provides accounting and administrative services to the Plan at no cost and pays contract administration fees and asset management fees. The Company did not incur any administrative expenses for the years ended December 31, 2012 and 2011. Administrative expenses totaling $20,170 and $26,352 for the years ended December 31, 2012 and 2011, respectively, were paid by the Plan.

10. **Plan Termination**. The Company anticipates and believes that the Plan will continue without interruption but reserves the right to terminate the Plan in whole or in part at any time. In the event of termination of the Plan, each participant would become fully vested to the extent of the balance in their account, and all accumulated plan benefits would be disbursed to the participants.

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

The Statements of Net Assets Available for Benefits present the contract value of the investment contracts which approximates fair value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

### Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

### Investment Valuation and Income Recognition

Investments in guaranteed investment contracts are valued at fair value. Contract value represents contributions made by participants, plus interest at the contract rates, less withdrawals or transfers by participants. Fair value reflects the relationship between credited rates earned by the funds and current market rates.

Investments in common stocks are valued at fair value, measured by publicly quoted redemption prices at the close of each business day that the New York Stock Exchange is open. Investments in pooled separate accounts are valued at estimated fair value as reported by Hartford, as determined by the quoted market prices of the underlying investments. Investment income is recorded when earned. Interest income on participant loans is recorded on the accrual basis.

The current fair value of investments, except for the participant loans, was based upon the closing sales price on the last business day of the year. Any net unrealized appreciation or depreciation for the year is reflected in the Statements of Changes in Net Assets Available for Benefits. The participant loans are valued at the outstanding principal balance which the Plan administrator has estimated approximates fair value.

Net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption. Unrealized gains and losses are measured as the difference between cost and fair value at the beginning of the period and at the end of the period. Investment transactions are accounted for on a trade date basis.

### Payment of Benefits

Benefits are recorded when paid.

## NOTE 3 – GUARANTEED INVESTMENT CONTRACT

The Plan has a benefit-responsive investment contract with Hartford. Hartford maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value as reported to the Plan by Hartford. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Fair value reflects the relationship between credited rates earned by the funds and current market rates. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The interest rate was 2% in 2012 and ranged from 0.71% to 1.36% in 2011. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

## NOTE 6 – FEDERAL INCOME TAX STATUS

The Plan was amended and restated to adopt a volume submitter plan offered by a third-party. The Plan has not applied for a determination letter from the Internal Revenue Service. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

## NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of participation in pooled separate accounts and a guaranteed investment contract managed by Hartford. Hartford is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

There were no party-in-interest transactions that are prohibited by the Employee Retirement Income Security Act of 1974 Section 406 and for which no statutory or administrative exemption exists.

## NOTE 8 – FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Guidance included in ASC 820-10 *Fair Value Measurements and Disclosures* provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 – The fair values of pooled separate accounts and common stocks are based on quoted market prices of the underlying investments at year-end.

Level 2 – The fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yield. The current yield and future cash flows are directly observable inputs, and consequently, guaranteed investment contract fair values are considered Level 2.

## NOTE 8 – FAIR VALUE MEASUREMENT – (Continued)

The following is a summary of the inputs used as of December 31, 2012 in valuing the Plan's investments:

| | Level 1 | Level 2 | Level 3 | Fair value Measurements |
|---|---|---|---|---|

## NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

## NOTE 10 – SUBSEQUENT EVENT

Subsequent events have been evaluated by the Company's management through July 26, 2013, the date these financial statements were available to be issued. No material subsequent events have occurred since December 31, 2012 that required recognition or disclosure in the current period financial statements.
