PREFORMED LINE PRODUCTS COMPANY
HOURLY EMPLOYEES' 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the Preformed Line Products Company Hourly Employees' 401(k) Plan (the "Plan") is a summary of certain provisions of the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participation – The Plan is a defined contribution plan, established April 1, 2003, covering substantially all hourly employees of the Plan sponsor, Preformed Line Products Company (the "Company"), who meet the minimum service requirements. Employees are eligible to participate in the Plan after attaining 90 days of continuous service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration – The Plan is administered by the Company which is responsible for controlling and managing the operations and administration of the Plan.

Contributions – Participants are automatically enrolled to contribute 3% of their compensation upon becoming eligible to participate in the Plan, unless otherwise elected by the participant. Participants can elect to make voluntary contributions from 1% to 100% of their compensation, not to exceed the limitations of the Internal Revenue Code. The Company makes matching contributions to the Plan equal to 25% of the participants' contributions not to exceed 2% of the participants' compensation. The participants must be employed at December 31st in order to receive a Company matching contribution for the year.

Participant Accounts – The Plan maintains an individual account for each participant. These accounts are credited with participants' contributions, Company contributions, and an allocation of related earnings and expenses. Allocations are based on account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants elect to maintain their aggregate participant contributions in one or more of the investment funds. Separate accounting for each of the funds is made pursuant to the participant's designated election.

The net value of each participant account is established daily through the valuation of the funds at fair value.

The Plan allows for certain transfers to the Preformed Line Products Company Salaried Employees' Profit Sharing Plan for employees who transfer from hourly to salaried employment. During the years ended December 31, 2012 and 2011, \$5,536 and \$6,306, respectively, were transferred from the Plan.

Vesting – Benefits are fully vested when credited to participants' accounts.

Payment of Benefits – Participants, upon retirement, termination, disability, or the attainment of age 70½ or a participant's beneficiary upon the participant's death, may elect to either roll over the funds, or receive a lump-sum amount equal to the value of their account. In the case of a severe financial hardship, the plan administrator may direct distribution of all or a portion of the participant's voluntary contributions, subject to certain restrictions.

HOURLY EMPLOYEES' 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Plan Description (Continued)

Notes Receivable From Participants – Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of their vested account balance, reduced by their highest outstanding note balance during the preceding 12 months. Note transactions are treated as a transfer from the respective investment fund to the loan fund. Note terms range from 1-5 years except for notes used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate based on the prime interest rate as determined daily by the Trustee on the note origination date plus one percent. Principal and interest are paid ratably through semi-monthly payroll deductions.

Termination Provisions – The Company anticipates and believes that the Plan will continue indefinitely, however, the Company reserves the right to terminate the Plan at any time by an action of its Board of Directors. In the event of termination of the Plan, the assets in the funds will be allocated and distributed to participants in accordance with the terms and provisions of the Plan and ERISA.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The Company has evaluated subsequent events through October 8, 2013, which is the date the financial statements were available to be issued.

Investment Valuation and Income Recognition – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in common/collective trusts are valued at estimated fair value as determined by the Trustee, which has been determined based on the unit values of the trusts. Unit values are determined, by the Trustee sponsoring such funds, by dividing the trust's net assets, at quoted market value, by its units outstanding at the valuation date. Shares of registered investment companies and money market funds are valued at the quoted net asset value of the shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance.

Payment of Benefits – Benefits are recorded when paid.

Administrative Fees – All administrative fees of the Plan are paid by the Plan or by the Company at the option of the Company, except fees related to participant loans, which are paid by the affected participants.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 3. Unaudited Information

The Trustee holds plan investment assets and executes transactions therein. The plan administrator has elected the methods of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investment information and notes receivable from participants on the statements of net assets available for benefits at December 31, 2012 and 2011, the supplemental schedule at December 31, 2012, the related investment and loan interest activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, and the notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2011 to 2012. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012

Note 5. Party-in-Interest Transactions

The Plan paid \$10,030 and \$9,160 during 2012 and 2011, respectively, in fees to Schwab Retirement Plan Services, Inc., a related entity of Charles Schwab Bank, for administrative services. Additionally, certain Plan investments are managed by Charles Schwab and Company, Inc., a related entity of Charles Schwab Bank. Charles Schwab Bank is the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest.

Note 6. Income Tax Status

The Plan is a prototype plan provided by The Charles Schwab Trust Company ("Schwab"). Schwab obtained its latest determination letter of the prototype plan on May 23, 2008, in which the Internal Revenue Service stated that the prototype document on which this Plan is based was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. As of December 31, 2012, the Plan's tax years from 2009 and thereafter remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities.

Note 7. Plan Merger

Effective May 9, 2013, the Plan was merged with the Preformed Line Products Company Salaried Employees' Profit Sharing Plan ("Salaried Plan"), at which time all participant balances were transferred to the Salaried Plan.
