PROFIT SHARING 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

1. DESCRIPTION OF THE PLAN

The following description of the Lerner, Sampson & Rothfuss Co., L.P.A. Profit Sharing 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a cash or deferred arrangement covering substantially all employees who have completed one (1) year of service and have attained the age of twenty-one (21). The Plan allows for any other entity to participate in the Plan as a "Participating Employer" with approval of the Primary Employer and Trustee. The Primary Employer and Trustee approved the participation of Legalex, Inc., LSR Processing, LLC, and MCA Center, LLC, affiliates of the Primary Employer, as Participating Employers in the Plan. LSR Processing, LLC ceased as a Participating Employer January 1, 2012 when the entity was dissolved and its assets transferred to the Primary Employer. The Participating Employer Accutitle Agency, Inc. changed its name to Intitle Agency, Inc. effective January 1, 2012. The Plan was adopted on April 1, 1975 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants in the Plan may elect to defer a portion of their compensation each year instead of receiving that amount in cash. Employers are permitted to make matching contributions equal to a discretionary percentage, not to exceed fifty percent (50%) of the first six percent (6%) of the participants' qualifying compensation. During the period January 1, 2012 through February 1, 2012, June 25, 2012 through December 31, 2012 and the year ended December 31, 2011, the Employer and the Participating Employers elected to make matching contributions of fifty percent (50%) of the first six percent (6%) of participants' qualifying compensation. The contributions are limited to the maximum amount deductible under the applicable provisions of the Internal Revenue Code of 1986, as amended.

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested in the Employers' contributions. Forfeited amounts are used to reduce the Employers' contributions and pay Plan administrative expenses. However, all or a portion of forfeited amounts may be allocated to remaining participants based on account balances. At December 31, 2012 and 2011, forfeited nonvested accounts totaled \$449 and \$28,258, respectively. Also, in 2012 and 2011, Employers' contributions or Plan expenses were reduced by \$75,064 and \$21,741, respectively, from forfeited nonvested accounts.

DECEMBER 31, 2012 AND 2011

1. DESCRIPTION OF THE PLAN (Continued)

Rollovers

The Plan may permit participants to transfer distributions from other qualified plans into the Plan.

Participant Accounts

Each participant's account is credited with (a) participant contributions, (b) the Employers' contributions, (c) an allocation of Plan earnings and losses, and (d) Plan administrative expenses. Allocations are based on participant earnings or account balances, as defined. The participants direct the investment of their account balances among certain investment options offered by the Plan. The Employers' matching contributions are invested in accordance with the participants' investment selection. Participants also direct the investment of their remaining profit sharing account balances.

Vesting

All participant contributions are immediately vested at the time such contributions are made. Participants become vested in Employers' matching and special discretionary contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

The benefit to which a plan participant is entitled is the benefit that can be provided by the contributions made and income earned on investments. Upon service or disability retirement, death, or termination, a participant or beneficiary will receive an amount equal to the value of his account, including earnings. The benefit will be paid in either a lump-sum amount or annual installments over the participant's life expectancy.

Plan Investment Options

Upon enrollment in the Plan, the participants may now direct the contributions in any of seventeen (17) investment options. In addition, participants also have the option to purchase any publicly-traded security through the Plan's self-directed investment program. There is no guarantee of principal or earnings when participating in these funds.

1. DESCRIPTION OF THE PLAN (Continued)

Hardship Withdrawals

The Plan allows for hardship withdrawals in the event of immediate and heavy financial need of up to 100% of the participants vested account balance.

Payment of Expenses

All expenses of administration may be paid out of the trust fund unless paid by the Employers. Such expenses shall include any expenses incident to the functioning of the administrator, including, but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. Until paid, the expenses shall constitute a liability of the trust fund. However, the Employers may reimburse the trust fund for any administrative expense incurred. Any administrative expense paid to the trust fund as a reimbursement shall not be considered Employers' contributions. The Employers elected to pay some of the administrative expenses of the Plan during 2012 and 2011, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. Contract value for this common/collective trust is based on the net asset value of the fund as reported by the Trustee. As such, the Statements of Net Assets Available for Benefits present the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan administrator and Plan management to make estimates and assumptions that affect the reported amount of net assets available for plan benefits. Such estimates and assumptions are subject to inherent uncertainties, which may result in actual amounts differing from reported amounts.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 6).

The Plan presents in the Statements of Changes in Net Assets Available for Benefits net investment gain from common/collective trust and net investment gain from self-directed investments, which consists of interest and dividends, realized gains or losses, and unrealized appreciation (depreciation) on those investments. The Plan presents in the Statements of Changes in Net Assets Available for Benefits net investment gain (loss) from registered investment companies, which consists of realized gains or losses, and unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are reflected on a trade-date basis. Interest and dividends are recorded when earned.

Financial instruments, which subject the Plan to significant concentrations of credit risk, consist primarily of investments (see Note 5 for a summary of the Plan's investments).

3. TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. Since the Plan is established by adopting the Merrill Lynch non-standardized prototype defined contribution plan, a determination letter is not necessary and the Plan may instead rely on the opinion letter issued by the National Office of the Internal Revenue Service. The 2009 through 2011 tax years remain open to potential examination by the taxing authorities.

4. PLAN TERMINATION

While the Employers have not expressed any intent to terminate the Plan, they are free to do so at any time. Upon termination of the Plan by the Employers, the accounts of the affected participants shall become fully vested, and assets remaining in the Plan shall be distributed to participants in proportion to their respective account balances.

5. INVESTMENT INFORMATION AND FINANCIAL SCHEDULES

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements that were prepared by Bank of America, N.A., the Trustee of the Plan, and furnished to the Plan Administrator (the Plan Administrator has obtained certification from the Trustee that such information is complete and accurate). Investments that represent five percent (5%) or more of the Plan's net assets as of December 31, 2012 are separately identified.

6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets.
- Level 2 - Inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies the Plan used for assets measured at fair value.

Mutual funds (registered investment companies): Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common/collective trust: Valued at market values of the underlying investments based on information reported by the investment advisor using the audited financial statements of the common/collective trust at year end.
