SANDVIK DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Sandvik Defined Contribution Plan (the "Plan") provides general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan sponsored by Sandvik, Inc. (the "Company") and administered by the Sandvik Defined Contribution Plan Administrator. The Plan became effective January 1, 1977 and was amended and restated effective January 1, 2007. The Plan was frozen to new participants effective January 1, 2007 and any new employees will participate in the Sandvik 401(k) Retirement Plan. Each hourly paid employee covered under the Plan was eligible upon completion of 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute from 2% to 16% of their annual compensation to the Plan on a pre-tax basis and from 2% to 22% of their annual compensation to the Plan on an after-tax basis. Highly compensated participants are limited to 10% of compensation on a pre-tax basis and 6% of compensation on an after-tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes a matching contribution equal to 50% of 401(k) and after-tax contributions. The matching contribution cannot exceed 3% of a participant's compensation. Contributions are also subject to certain limitations imposed by the Internal Revenue Code. Catch-up contributions of \$5,500 are permitted for participants greater than 50 years old.

Sandvik, Inc. Master Trust: The Plan's investments are in the Sandvik, Inc. Master Trust ("Master Trust") which was established for the investment of assets of the Plan and several other defined contribution plans sponsored by Sandvik, Inc. Each participating retirement plan holds units of participation in the Master Trust. The assets of the Master Trust are held by T. Rowe Price Trust Company ("Trustee"). At December 31, 2012 and 2011, the Plan's interest in the net assets of the Master Trust for both years was approximately 74%. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon their interests in each of the underlying participant-directed investments.

Participant Accounts: Each participant's account is credited with the participant's own contributions and an allocation of the Company's contributions and Plan's earnings, and charged with an allocation of Plan losses and withdrawals. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in all contributions plus actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their account in the Plan. A participant can borrow a minimum of \$1,000 or a maximum of \$50,000 or 50% of his or her vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the rate of prime plus 1%. All loans are amortized over no more than five years, except those loans used to purchase a primary residence. Loan interest rates ranged from 4.25% to 10.50% at December 31, 2012 and 2011, respectively.

SANDVIK DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: On termination of service due to death, disability, retirement, or separation from service, the normal form of benefit is a lump-sum payment equal to the value of the participant's account. Participants are also allowed to make withdrawals of their rollover contributions at any time. For qualifying emergencies, after-tax (limited to once every twelve months) and employer matching contributions (limited to once every twelve months) are available for withdrawal. For participants who have attained the age of 59½, all or a portion of the participants' accounts are available for withdrawal at any time. In the event of financial hardship, as defined, a participant may have available for withdrawal all employee-directed contributions as well as matching contributions.

Investments: Participants direct the investment of their individual accounts into various investment options offered by the Plan.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accounting practices and principles followed by the Plan and the method of applying these principles conform to accounting principles generally accepted in the United States of America. The Plan's financial information is accounted for on the accrual basis.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Value of Investments and Investment Income: The Plan's investments are stated at fair value. Dividend income is recorded on the ex-dividend date. Interest income is recorded when earned. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. The fair value of the Plan's interest in the Sandvik, Inc. Master Trust reflects the Plan's interest in the fair value of the underlying net assets of the Master Trust.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statements of net assets available for benefits, the difference between the fair value of the Plan's direct and indirect interest in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statements of net assets available for benefits. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Master Trust holds an indirect interest in fully benefit-responsive contracts through its investment in the T. Rowe Price Stable Value Fund ("Stable Value Fund").

SANDVIK DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

At December 31, 2012 and 2011, net assets available for benefits reflects the Plan's interest in the contract value of the Stable Value Fund, because the Plan's allocable share of the difference between the fair value and contract value for this investment is presented as a separate adjustment in the statements of net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Risks and Uncertainties: The Plan invests in a combination of investment securities which are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of Benefits: Benefit payments are recorded when paid.

Reclassifications: Certain prior year amounts have been reclassified to conform to current year presentation. Reclassifications had no effect on prior year net assets available for benefits. As the result of an audit of the Plan by the Internal Revenue Service, it was determined that the Plan participates in a master trust with other plans sponsored by the Company. Therefore, the accompanying financial statements and related notes have been updated to reflect the Plan's interest and participation in the Master Trust.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

	<u>\$ 349,528,100</u>	<u>\$ 314,726,732</u>

Net investment income in the Master Trust for the year ended December 31, 2012 is as follows:

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

SANDVIK DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 4 – MASTER TRUST (UNAUDITED) (Continued)

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held as underlying investments of the Master Trust.

Mutual funds: The fair values of mutual fund investments held by the Master Trust are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective trust: The fair value of the interest in the stable value fund held by the Master Trust is based upon the net asset value of such fund reflecting all investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund as of the Plan's financial statement date (Level 2 inputs). The investment objective of the stable value fund is to maximize current income consistent with the maintenance of principal. The underlying investments of the stable value fund are guaranteed investment contracts, investment contracts, synthetic investment contracts, and separate account contracts. The stable value fund provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. A summary of the fair values of investments of the Sandvik, Inc. Master Trust at December 31 is as follows:

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain plan investments are shares of mutual funds issued by an affiliate of T. Rowe Price Trust Company and a collective trust fund issued by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee of the Plan and of the Master Trust, and therefore, these investments qualify as party-in-interest investments and the fair value of these investments totaled \$231,434,913 and \$210,896,607 at December 31, 2012 and 2011, respectively. The Plan also had party-in-interest transactions in the form of notes receivable from participants in the amounts of \$5,100,406 and \$4,995,666 at December 31, 2012 and 2011, respectively. Fees paid by the Plan for Trustee and recordkeeping services amounted to \$11,543 for the year ended December 31, 2012. These transactions and the payment of investment management fees are considered party-in-interest transactions.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated May 20, 2009 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, Plan management believes the Plan is currently designed and is operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement dates.
