Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient and appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient and appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Emphasis of Matter

As further discussed in Note 10 of the financial statements, the Board of Directors of Twin Med, LLC, the Plan's sponsor amended the Plan on September 1, 2012 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to determine the amounts at which investments in fully benefit responsive investment contracts and the accumulated benefit information are stated, from the ongoing plan basis used in presenting the 2011 financial statements to the liquidation basis used in presenting the 2012 financial statements. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Twin Med, LLC Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established in 2010 for the benefit of all full-time and part-time employees of Twin Med, LLC (the “Company”). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (“IRC”) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility

Employees of the Company who have reached 21 years of age and have completed three months of service are eligible to participate in the Plan.

Participant Contributions

Each year, participants may make contributions of pretax annual compensation, not to exceed elective deferral limits imposed by the Internal Revenue Service (“IRS”), as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations, as defined in the Plan.

Employer Contributions

Each year, the Company may make matching contributions equal to a discretionary percentage of the participant’s salary deferrals. The Company did not make any discretionary matching contributions for the years ended December 31, 2012 and 2011.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions, rollovers from qualified plans of the participant’s previous employers, and allocations of the Plan’s earnings and administrative expenses. Each participant’s account is credited with the participant’s contributions. Plan earnings are allocated based on participant account balances, as defined.

Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the Internet website or using the automated telephone system offered by the trustee.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their salary deferral contributions, plus actual earnings thereon. The portion of the participant's account attributable to the Company's matching contributions plus actual earnings, becomes 33% vested every year following a full year of service as defined, and continues to vest at the rate of 33% for each successive year of service until 100% vested after three (3) years of service.

Notes from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Loan terms shall not exceed five years, unless the loan is used to purchase a principal residence. Principal and interest is paid ratably through regular payroll deductions.

Benefit Payments

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a specified period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or roll over the amount into another qualified benefit plan.

Forfeitures

Participant accounts are forfeited if the employer contribution portion has not fully vested at the time of withdrawal. These amounts may be utilized to reduce employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Due to the decision to terminate the Plan during 2012, the financial statements for 2012 have been prepared using the liquidation basis of accounting. The 2011 financial statements were prepared on the ongoing accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments at December 31, 2012 are reported at liquidation value due to the Plan termination discussed in Note 10. At December 31, 2011, annuities are reported at contract value which approximated fair value, and all other investments are valued at fair value measured by quoted prices.

Notes from Participants

Notes from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. As of December 31, 2012 and 2011, there were no benefits payable to participants who elected to withdraw from the Plan.

Administrative Expenses

Administrative expenses are paid directly by the Company, except loan fees which are paid directly by participants with loans.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 9, 2013, the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRS* ("ASU 2011-04"). ASU 2011-04 amended Accounting Standards Codification Topic No. 820, *Fair Value Measurements and Disclosures* ("ASC 820"), to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards ("IFRSs"). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The adoption of these rules did not have a material effect on the Plan's financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements (Continued)

In October 2012, the FASB issued Accounting Standards Update 2012-04, *Technical Corrections and Improvements* ("ASU 2012-04"). The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non-public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The adoption of ASU 2012-04 is not expected to have a material impact on subsequent periods.

NOTE 3 – INVESTMENTS CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great-West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

The following table presents the fair value of the participant-directed investments in this Plan that was certified by the trustee as of December 31, 2012 and 2011:

NOTE 3 – INVESTMENTS CERTIFIED BY THE TRUSTEE (Continued)

The trustee also certified the completeness and accuracy of \$22,247 of net appreciation in the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) and \$861 of interest income related to the aforementioned Plan assets for the year ended December 31, 2012. The Plan's interest income is attributed entirely to the guaranteed portfolio fund. The net appreciation in investments is attributed entirely to the pooled separate accounts.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification Topic No. 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Following are descriptions of the valuation methodologies used for assets measured at fair value.

Guaranteed portfolio fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Pooled separate accounts: Valued at the net asset value (“NAV”) of shares/units held by the Plan at year end. Pooled separate accounts do not have publicly-quoted prices in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2012:

Assets at Fair Value as of December 31, 2012				
	Level 1	Level 2	Level 3	Total

NOTE 5 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan maintains an investment in a guaranteed portfolio fund (Key Guaranteed Portfolio Fund) with Great-West Life & Annuity Insurance Company ("Great-West"), which is determined to be fully-benefit responsive. The contract is included in the financial statement at fair value as reported to the Plan by Great-West. Great-West maintains the contribution in a general account. The account is not a traditional guaranteed investment contract and therefore there are no known cash flows that could be discounted. As a result, the fair value amount is equal to the contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was \$1,371 and \$32,634, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5%. Such interest rates are reviewed on a daily basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

There are not any events that allow the issuer to terminate the contract or that require the Plan Sponsor to settle at an amount different than the contract value paid either within 90 days or over time.

NOTE 6 – TAX STATUS

The Plan Administrator adopted a non-standardized form of a prototype plan sponsored by Orchard Trust Company. The prototype non-standardized plan has received an opinion letter from the Internal Revenue Service on March 31, 2008, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan Administrator. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 7 – ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that is more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2008.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Great-West. Great-West is the trustee of the Plan, and therefore, these transactions qualify as “party-in-interest” transactions permitted by the Department of Labor’s Rules and Regulations. The Plan Sponsor is also a party-in-interest with respect to the Plan.

NOTE 9 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – PLAN TERMINATION

Distributions pursuant to the Plan termination will be paid at the participants’ election by (a) purchase of a nontransferable annuity contract; (b) cash distribution of the present value of the participant’s accrued benefit; (c) rollover distribution to an eligible retirement plan; or (d) a combination of cash distribution and rollover distribution to an eligible retirement plan; however, option (a) is not available if the participant’s accrued benefit is \$5,000 or less. Distributions of the participant’s accrued benefits were made in October 2012 for \$302,829. The remaining assets of the Plan of \$1,371 will be distributed to participants in the Plan in October 2013.
