Independent Auditors' Report

To the Participants and Plan Administrator of
WET Design 401(K) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of WET Design 401(K) Plan ("the Plan"), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2012, and 2011, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2025.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, as we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2012, and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Independent Auditors' Report (continued)

To the Participants and Plan Administrator of
WET Design 401(K) Plan:

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule of Assets (Held At End of Year) as of December 31, 2012 and Schedule of Delinquent Participant Contributions as of December 31, 2012, which is the responsibility of the Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the WET Design 401(K) Plan (the "Plan") is provided for general information purposes only. The Plan agreement should be referred to for a more complete description of the Plan's provisions.

General

The Plan, adopted as of January 1, 1995 is a defined contribution Plan covering substantially all employees of WET Enterprises, Inc. a California corporation (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (the "ERISA"). The Employer is responsible for oversight of the Plan. The Employer determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees who have attained 21 years of age and completed at least 3 months of service are eligible to participate in the Plan and receive Employer contributions. Employees can enter the Plan on the first day of the month immediately following satisfaction of eligibility requirements. The Plan has adopted an auto enrollment program whereby all eligible employees are automatically enrolled unless opted out by election. The default participant deferral is 3% of compensation in the first year of participation. The deferral percentage is increased by 1% each year thereafter subject to a maximum deferral of 10% of compensation.

Contributions

Each year participants may contribute a certain percentage of their pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Employer may match, at its discretion, a fixed amount or a set percentage of each eligible employee's contribution as determined by its board of directors. Additional amounts including a profit sharing contribution may also be contributed at the option of the Employer. Contributions are subject to certain IRS limitations. There were no Employer contributions for the years ended December 31, 2012 and 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and, (b) Plan's earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is vested in annual increments of 20 percent, vesting at 20 percent after the first year of credited service, and up to 100 percent after the fifth year of credited service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Normal retirement age is 65 years. The Plan does not permit early retirement.

Forfeited Accounts

That portion of an employee's interest, which is not vested upon the employee's break in service, is forfeited. The non-vested forfeited balances can be reallocated as of the end of the Plan year to the participants in the same manner as Employer's contributions or can be used to pay for Plan related expenses. At December 31, 2012 and 2011 the balance in the forfeited non-vested account was $1,101 and $11,284, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to 50 percent of their total vested balance, subject to a minimum of $1,000 and a maximum amount of $50,000. The notes are secured by the vested balance in the participant's account. The Plan provisions require a reasonable interest rate to be charged on the notes, and principal and interest to be paid ratably through regular payroll deductions. Currently interest charged on the notes is 4.25% and the notes mature between April 2013 and September 2020. At December 31, 2012 and 2011 the outstanding balances of notes receivable from participants were $123,296 and $138,285, respectively.

Tax Status

The Plan is based on a volume submitter profit sharing 401(K) Plan agreement. The Internal Revenue Service has issued an opinion letter dated March 31, 2008 granting approval to the volume submitter Plan document. Under this arrangement the Plan is not obligated to file for a separate determination letter. Although the Plan has been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Investment Options, Management and Administration

The Plan has engaged Fidelity Management Trust Company ("FMTC") as the Plan trustee and the record keeper of the Plan. The assets of each fund within the Plan are invested under an arrangement with FMTC, the trustee. All expenses incurred in maintaining the Plan are paid by the Plan unless the Employer, at its discretion elects to pay all or part of the expenses. These expenses include fees of the Plan trustee, third-party administrators and accountants. Loan origination fees associated with notes receivable from participants are usually paid by the borrowing participants. Upon enrollment in the Plan, a participant may direct their contributions in the various investment options offered by FMTC. Participants should carefully read the prospectus before investing in the various investment options offered under the Plan.

Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company who is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee for investment management services are included in net appreciation/depreciation in fair value of investments as they are paid through revenue sharing, rather than as a direct payment. Fees paid by the Plan to its financial advisor, auditor and to third party administrators aggregated $24,049 for the year ended December 31, 2012.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting (continued)

Investment contracts held by a defined-contribution Plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts (common collective trust) and does not reflect the adjustment of the fully benefit-responsive investment contracts from fair value to contract value as such amounts are not considered significant. The Statement of Changes in Net Assets for Benefits is prepared on a contract value basis.

Contributions

Contributions from participants are recorded based on payroll withholdings during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Common Collective Trust

The Plan has entered into a benefit-responsive investment contract with Fidelity Management Trust Company ("FMTC"), Plan trustee. FMTC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to such investment contract. The common collective investment trust is presented on the face of the statements of net assets available for benefits at fair value without an adjustment to contract value as such adjustment was not considered significant. Contract value, as reported to the Plan by FMTC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the aggregate common collective investment trust at December 31, 2012 and 2011 were $89,671 and $70,778, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Common Collective Trust (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See note on fair value measurements below. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Certain other fees related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012, and 2011.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements (continued)

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserved the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2012 and 2011:

	Fair Value Measurements at December 31, 2012			
	Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

Total investments at fair value	$ 4,143,753	$ 70,778	$ -	$ 4,214,531

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Employer's contribution portion of their account.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	December 31	
	2012	2011
Investments, at fair value:		
Registered investment companies	$ 4,720,381	$ 4,143,753
Common collective trust	89,671	70,778
Receivables:		
Notes receivable from participants	123,296	138,285
	$ 4,933,348	$ 4,352,816

	Year Ended December 31, 2012	
Investment income:		
Net appreciation in fair value of registered investments companies	439,706	
Interest from common collective trust	1,229	
Dividends and interest from registered investment companies	111,383	$ 552,318
Interest income on notes receivable from participants		5,040
		$ 557,358

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of Schedule H, Part IV, line 4i - Schedule of Assets (Held At End of Year).

NOTE 5 - SCHEDULE OF ASSETS HELD FOR INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets:

Description	Fair Value at December 31, 2012	2011
Fidelity Freedom 2015	$ 502,105	$ 447,887
Fidelity Freedom 2020	530,854	434,173
Fidelity Freedom 2025	592,178	476,236
Fidelity Freedom 2030	495,240	481,314
Fidelity Freedom 2035	719,719	635,826
Fidelity Freedom 2040	437,613	359,463
Fidelity Freedom 2045	273,270	340,597

During 2012 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $439,706 as follows:

Registered investment companies	439,706
	$ 439,706

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 4, 2013, the date the financial statements were available to be issued. The Plan is not aware of any other significant events that would have a material impact on its financial statements.

NOTE 8 – NON-EXEMPT TRANSACTIONS

During 2012 the Employer failed to remit participant salary deferrals and participant loan repayments aggregating $265,542 and $17,128, respectively to the Plan custodian in a timely manner, as defined by ERISA. These contributions are considered non-exempt party-in-interest transactions which may result in the imposition of excise tax on the amount of the transactions. The Employer intends to pay all fines imposed including the excise tax resulting from these late remittances. See attached supplemental schedule of delinquent participant contributions. The Employer used guidelines issued by the Internal Revenue Service to compensate participants for lost income resulting from delay in remitting the contributions. The lost income thus calculated aggregated $293 and was deposited with the Plan trustee in October 2013. The Employer believes that these non-exempt transactions do not affect the tax status determination of the Plan.

(1) Notes receivable from participants are secured by the vested balance in the participant's account. Terms range from 1 to 5 years unless it is for the purchase of a primary residence. Interest is based on prevailing market rates.

** Cost omitted for participant directed investments

Independent Auditors' Report

To the Participants and Plan Administrator of
WET Design 401(K) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of WET Design 401(K) Plan ("the Plan"), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2012, and 2011, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2025.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, as we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2012, and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Independent Auditors' Report (continued)

To the Participants and Plan Administrator of
WET Design 401(K) Plan:

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule of Assets (Held At End of Year) as of December 31, 2012 and Schedule of Delinquent Participant Contributions as of December 31, 2012, which is the responsibility of the Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the WET Design 401(K) Plan (the "Plan") is provided for general information purposes only. The Plan agreement should be referred to for a more complete description of the Plan's provisions.

General

The Plan, adopted as of January 1, 1995 is a defined contribution Plan covering substantially all employees of WET Enterprises, Inc. a California corporation (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (the "ERISA"). The Employer is responsible for oversight of the Plan. The Employer determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees who have attained 21 years of age and completed at least 3 months of service are eligible to participate in the Plan and receive Employer contributions. Employees can enter the Plan on the first day of the month immediately following satisfaction of eligibility requirements. The Plan has adopted an auto enrollment program whereby all eligible employees are automatically enrolled unless opted out by election. The default participant deferral is 3% of compensation in the first year of participation. The deferral percentage is increased by 1% each year thereafter subject to a maximum deferral of 10% of compensation.

Contributions

Each year participants may contribute a certain percentage of their pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Employer may match, at its discretion, a fixed amount or a set percentage of each eligible employee's contribution as determined by its board of directors. Additional amounts including a profit sharing contribution may also be contributed at the option of the Employer. Contributions are subject to certain IRS limitations. There were no Employer contributions for the years ended December 31, 2012 and 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and, (b) Plan's earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is vested in annual increments of 20 percent, vesting at 20 percent after the first year of credited service, and up to 100 percent after the fifth year of credited service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Normal retirement age is 65 years. The Plan does not permit early retirement.

Forfeited Accounts

That portion of an employee's interest, which is not vested upon the employee's break in service, is forfeited. The non-vested forfeited balances can be reallocated as of the end of the Plan year to the participants in the same manner as Employer's contributions or can be used to pay for Plan related expenses. At December 31, 2012 and 2011 the balance in the forfeited non-vested account was $1,101 and $11,284, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to 50 percent of their total vested balance, subject to a minimum of $1,000 and a maximum amount of $50,000. The notes are secured by the vested balance in the participant's account. The Plan provisions require a reasonable interest rate to be charged on the notes, and principal and interest to be paid ratably through regular payroll deductions. Currently interest charged on the notes is 4.25% and the notes mature between April 2013 and September 2020. At December 31, 2012 and 2011 the outstanding balances of notes receivable from participants were $123,296 and $138,285, respectively.

Tax Status

The Plan is based on a volume submitter profit sharing 401(K) Plan agreement. The Internal Revenue Service has issued an opinion letter dated March 31, 2008 granting approval to the volume submitter Plan document. Under this arrangement the Plan is not obligated to file for a separate determination letter. Although the Plan has been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Investment Options, Management and Administration

The Plan has engaged Fidelity Management Trust Company ("FMTC") as the Plan trustee and the record keeper of the Plan. The assets of each fund within the Plan are invested under an arrangement with FMTC, the trustee. All expenses incurred in maintaining the Plan are paid by the Plan unless the Employer, at its discretion elects to pay all or part of the expenses. These expenses include fees of the Plan trustee, third-party administrators and accountants. Loan origination fees associated with notes receivable from participants are usually paid by the borrowing participants. Upon enrollment in the Plan, a participant may direct their contributions in the various investment options offered by FMTC. Participants should carefully read the prospectus before investing in the various investment options offered under the Plan.

Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company who is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee for investment management services are included in net appreciation/depreciation in fair value of investments as they are paid through revenue sharing, rather than as a direct payment. Fees paid by the Plan to its financial advisor, auditor and to third party administrators aggregated $24,049 for the year ended December 31, 2012.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting (continued)

Investment contracts held by a defined-contribution Plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts (common collective trust) and does not reflect the adjustment of the fully benefit-responsive investment contracts from fair value to contract value as such amounts are not considered significant. The Statement of Changes in Net Assets for Benefits is prepared on a contract value basis.

Contributions

Contributions from participants are recorded based on payroll withholdings during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Common Collective Trust

The Plan has entered into a benefit-responsive investment contract with Fidelity Management Trust Company ("FMTC"), Plan trustee. FMTC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to such investment contract. The common collective investment trust is presented on the face of the statements of net assets available for benefits at fair value without an adjustment to contract value as such adjustment was not considered significant. Contract value, as reported to the Plan by FMTC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the aggregate common collective investment trust at December 31, 2012 and 2011 were $89,671 and $70,778, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Common Collective Trust (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See note on fair value measurements below. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Certain other fees related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012, and 2011.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements (continued)

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserved the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2012 and 2011:

	Fair Value Measurements at December 31, 2012			
	Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Registered investment companies:				
Bond funds	$ 114,747	$ -	$ -	$ 114,747
Domestic equity funds	466,681	-	-	466,681

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Employer's contribution portion of their account.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	December 31	
	2012	2011
Investments, at fair value:		
Registered investment companies	$ 4,720,381	$ 4,143,753

Dividends and interest from registered investment companies	111,383	$ 552,318
Interest income on notes receivable from participants		5,040
		$ 557,358

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of Schedule H, Part IV, line 4i - Schedule of Assets (Held At End of Year).

NOTE 5 - SCHEDULE OF ASSETS HELD FOR INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets:

Description	Fair Value at December 31, 2012	2011
Fidelity Freedom 2015	$ 502,105	$ 447,887
Fidelity Freedom 2020	530,854	434,173
Fidelity Freedom 2025	592,178	476,236
Fidelity Freedom 2030	495,240	481,314
Fidelity Freedom 2035	719,719	635,826
Fidelity Freedom 2040	437,613	359,463
Fidelity Freedom 2045	273,270	340,597

During 2012 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $439,706 as follows:

Registered investment companies	439,706
	$ 439,706

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 4, 2013, the date the financial statements were available to be issued. The Plan is not aware of any other significant events that would have a material impact on its financial statements.

NOTE 8 – NON-EXEMPT TRANSACTIONS

During 2012 the Employer failed to remit participant salary deferrals and participant loan repayments aggregating $265,542 and $17,128, respectively to the Plan custodian in a timely manner, as defined by ERISA. These contributions are considered non-exempt party-in-interest transactions which may result in the imposition of excise tax on the amount of the transactions. The Employer intends to pay all fines imposed including the excise tax resulting from these late remittances. See attached supplemental schedule of delinquent participant contributions. The Employer used guidelines issued by the Internal Revenue Service to compensate participants for lost income resulting from delay in remitting the contributions. The lost income thus calculated aggregated $293 and was deposited with the Plan trustee in October 2013. The Employer believes that these non-exempt transactions do not affect the tax status determination of the Plan.
