INDEPENDENT AUDITORS' REPORT

Plan Administrator
Bartlett and Company 401(k) Investment Plan
Kansas City, Missouri

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bartlett and Company 401(k) Investment Plan, which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BARTLETT AND COMPANY 401(k) INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

1. DESCRIPTION OF THE PLAN

The following description of the Bartlett and Company 401(k) Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. References herein to "Company" include Bartlett Grain Company, L.P.; Bartlett Grain Southwest, L.P.; Bartlett Milling Company, L.P.; Bartlett International, Inc.; and Bartlett and Company and its operating divisions.

General – The Plan is a defined contribution plan covering substantially all employees of the Company who meet the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company is the trustee, custodian and recordkeeper of the Plan.

Eligibility - Employees are eligible to participate in the Plan on the first day of the month coincident with or following the start of employment. Employees covered by a collective bargaining agreement are excluded from participation in the Plan.

Contributions – Participants may elect to contribute up to 60% of their eligible compensation to the Plan after meeting the Plan's eligibility requirements, subject to certain limitations under the Internal Revenue Code. The percentage of compensation the participant elects will be withheld from payroll on a pretax basis and contributed to the Plan on the participant's behalf. The Company will match 50% of the participants' contributions for participant contributions up to a maximum of 4% of the participant's eligible compensation.

Participant Accounts – Each participant's account is credited with the participant's and the Company's contributions and investments' earnings, and is charged with the participant's withdrawals and distributions, and Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct all contributions in any of the investment options offered by the Plan, and may change their investment election at any time.

Vesting – Participant contributions and related earnings thereon are fully vested at all times. Vesting in the Company matching contributions, and related earnings thereon, is based on years of service with full vesting after six years for Company matching contributions. Participants are deemed fully vested upon reaching retirement age (normally at age 65), death, or permanent disability.

Withdrawals and Distributions – Upon termination of participation in the Plan, participants may elect to receive a distribution of their vested account balance from the Plan. Distributions upon election are made in lump-sum distributions.

A participant may withdraw all or a part of pretax salary contributions if the purpose of the withdrawal is to meet a personal financial hardship, as defined by the Plan. Withdrawal of pretax contributions results in the suspension of pretax salary contributions for six months. A participant may also withdraw all or part of pretax salary contributions while still employed with the Company if the participant has reached the age 59 ½.

Notes Receivable from Participants – Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested account balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. The repayment period of the loan cannot exceed 60 months, unless the loan is for the purchase of a primary residence, in which case the repayment period can be 120 months. A participant's loan shall immediately become due and payable upon termination from employment for any reason, or upon failure to make a principal and/or interest payment, as provided in the loan agreement.

Administrative Expenses – Substantially all of the Plan's general and administrative costs are paid by the Company. Record maintenance service costs are paid by the Plan.

Forfeitures – Forfeitures accumulated in the Plan are used to offset Plan recordkeeping expenses and to offset employer matching contributions. During the year ended December 31, 2012, forfeitures in the amount of \$11,926 were used to offset Plan recordkeeping expenses, and forfeitures in the amount of \$15,843 were used to offset employer matching contributions. The balance in the forfeiture account at December 31, 2012 and 2011 was \$4,352 and \$26,603, respectively.

Termination of the Plan – Although the Company has not expressed any intent to do so, upon termination, the assets of the Plan would continue to be applied for the exclusive benefit of the participants, and amounts segregated for each participant would become fully vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis, investment income is recognized when received, disbursements are recognized when made, contributions are recorded when received, and excess contributions are recorded when remitted to the employee rather than the period in which the employee exceeded certain Internal Revenue Code limitations.

As described in ASC Topic 962, *Defined Contribution Pension Plan*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The adoption of ASC Topic 962 did not impact the amount of net assets available for benefits at December 31, 2012 and 2011, as contract value approximated fair value.

Investment Valuation and Income Recognition – The Plan's investments in mutual funds and money market funds are stated at fair value based on quoted market prices. The Fidelity Managed Income Portfolio's fair value is based on the value of the underlying investments, then adjusted to contract value as determined by Fidelity Trust Company. Contract value approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Fees charged by mutual funds are deducted from income generated by the mutual funds.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted participant loans are treated as distributions based upon the terms of the Plan document.

Fair Value Measurements - Effective January 1, 2008, the Plan became subject to ASC Topic 820, *Fair Value Measurements*. ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of inputs used to measure fair value are as follows:

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities,
- Level 2 – Observable inputs other than quoted prices included within Level 1 such as quoted prices for similar assets and liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets, and
- Level 3 – Unobservable inputs reflecting the Companies best estimate of what inputs market participants would use in pricing the asset or liability.

The following table presents financial assets that are measured at fair value on a recurring basis at December 31, 2012:

Use of Estimates – The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan utilizes various investment instruments. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the financial statements.

Subsequent Events – Subsequent events have been evaluated through September 3, 2013, which is the date the financial statements were available to be issued, and there were no material events requiring recognition or disclosure.
