SH GROUP, INC.
PROFIT SHARING AND 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the SH Group, Inc. Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, established November 30, 1988, is a qualified profit-sharing and defined contribution plan organized under Internal Revenue Code section 401(k) subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan maintains three separate funds, as follows: The ESOP Fund, the Profit-Sharing Fund and the 401(k) Plan ("401(k) Fund"). The Profit Sharing Fund and ESOP Fund were separate Plans which were merged into this plan in 1988.

The Plan covers substantially all employees, excluding certain union and other employees as defined in the Plan document, of SH Group, Inc. and its subsidiaries (the "Employer").

ESOP Fund and Profit Sharing Fund

During 1988, the Profit-Sharing Fund and the ESOP Fund were merged into the Plan. Upon the merger all participants became 100% vested in their balances in these Funds and the Plan did not allow any additional contributions to these Funds. These Funds' assets primarily consist of investments in the Employer common stock. After receiving distributions of the common stock the Plan requires participants to offer the securities first to the Employer and then to the Plan if the Employer does not purchase the shares.

Eligibility to Participate

Each covered employee is eligible to become an active participant in the Plan provided the individual is at least 21 years old. Upon satisfying this requirement, each employee shall become a participant in the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Employee Contributions

Individual participants may contribute 1% to 50% of their annual compensation (subject to statutory limits) to the Plan.

Any employee, upon first becoming eligible to participate in the Plan, who fails to affirmatively make any deferral election within the time prescribed by the administrator shall be deemed to have elected to defer three percent (3%) of his compensation. Unless the employee otherwise elects, such deemed elective deferral shall be increased by one percent (1%) annually to a maximum of ten percent (10%) of compensation.

Employer Contributions

The Employer may make a discretionary matching contribution to the Plan on behalf of each participant employed on the last day of such plan year who has deferred compensation for the Plan year. The amount of such Employer matching contribution for any Plan year shall not exceed three percent (3%) of compensation. For the year ended December 31, 2012, the Employer elected to make a matching contribution of 50% of each participant's contribution not to exceed 3% of compensation. The Employer contributed $1,003,331 for the Plan year ended December 31, 2012. The Employer may also make a discretionary profit sharing contribution into the Plan.

Participants' Combined Accounts

Each participant's combined account is credited with the participant's contribution, Plan earnings and allocation of the Employer's contribution and forfeiture of participants' non-vested accounts based on participants' compensation.

Vesting

Participants are immediately vested in their voluntary contributions and earnings thereon.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting (Continued)

Effective January 1, 2009 any participant, with an account balance in the Plan at January 1, 2009 and after shall become 100% vested.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of the vested portion of their 401(k) fund account balance. Loan terms are up to five years unless made for the purpose of acquiring primary residence, in which case such loan may be repaid over a longer period not to exceed ten years. Repayments must be made in at least quarterly installments of principal and interest. The loans are secured by the balance in the participant's account.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, participants or beneficiaries can elect to have their benefits which total in excess of $5,000 distributed by a direct rollover, in one lump sum payment or in designated sums over time, not to exceed ten years, as elected by the participants. Benefits of $1,000 or less are payable in one lump sum. Benefits greater than $1,000 but not greater than $5,000, as elected by the participant, are payable either in one lump sum or by a direct rollover. If the participant does not elect then the Plan administrator shall pay the distribution in a direct rollover to an individual retirement plan designated by the Plan administrator.

Forfeitures

Forfeited non-vested accounts total $3,832 and $43,971 at December 31, 2012 and 2011, respectively, which primarily represents forfeited amounts prior to 2009. The Plan allows the amounts forfeited to pay the Plan administrative expenses, reduce Employer contributions or restore previously forfeited amounts. For the year ended December 31, 2012, the activity primarily consisted of earnings of $633 and administrative fees paid of $41,882.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Upon enrollment in the 401(k) Plan Fund, a participant may direct contributions in any of the various investments offered by the Plan. Participants may change their investment options daily.

Administrative Expenses

Certain administrative expenses are paid by the Employer, at the Employer's discretion.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value and are valued based on the methodologies described in Note 11.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Fully Benefit-Responsive Investment Contracts

Generally accepted accounting principles ("GAAP") require that, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The funds in the guaranteed interest account and the pooled separate account at December 31, 2012, and 2011, respectively, are invested in benefit responsive investments contracts and are presented at fair value in the statements of net assets available for plan benefits with a corresponding adjustment to contract values and are presented at contract value in the statements of changes in net assets available for plan benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits or Distributions

Benefits are recorded when paid. Distribution of the Employer stock held in the ESOP Fund and the Profit Sharing Fund is recorded when the participant receives the distribution and simultaneous request of repurchase from the Employer.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities in the Plan. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions to participants based upon the terms of the plan document.

NOTE 3 - RELATED PARTY TRANSACTIONS

Plan investments at December 31, 2011 included shares of mutual funds and pooled separate account managed by the Plan's trustee, New York Life Trust Company and Employer common stock. The Employer paid approximately $51,034 for investment management services and other administrative expenses to New York Life Investment Management, LLC, recordkeeper for the year ended December 31, 2012. Plan investments at December 31, 2012 included shares of mutual funds and guaranteed interest account managed by the Plan's trustee, New York Life Trust Company and Employer common stock. Benefit payments for the year include distributions of Employer common stock valued at $499,266.

NOTE 4 - TAX STATUS

Effective December 15, 2008, the Plan was amended and restated to adopt a pre-approved prototype plan prepared by the trustee under the volume submitter program. The Internal Revenue Service has determined and informed the Company by a letter dated September 8, 2010, that the prototype plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 5 - TERMINATION OF PLAN

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants' accounts become fully vested and non-forfeitable.

NOTE 8 - UNAUDITED INFORMATION

New York Life Trust Company ("NYLTC") as the custodian/trustee of the Plan, holds the Plan's investment assets other than employer stock and executes transactions thereon. Financial information relating to those assets is included in the accompanying financial statements and supplemental schedule based on information provided by the custodian/trustee which was certified as complete and accurate by NYLTC. That information, which is unaudited, consists of 94.6% and 92.8% of all of the Plan's assets as of December 31, 2012 and 2011, respectively, and $5,600,199 of investment income for the year ended December 31, 2012.

NOTE 9 - INSURANCE CONTRACTS WITH INSURANCE COMPANY

New York Life Anchor Account

During 2008, the Plan offered the option of a fully benefit-responsive investment option with New York Life Insurance Company ("NYLIC"). NYLIC maintains the contributions in a pooled separate account which invests in benefit-responsive investment contracts. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal to the Plan unless terminated under certain conditions by the Plan. The contract was terminated in June 2012.

NOTE 9 - INSURANCE CONTRACTS WITH INSURANCE COMPANY (CONTINUED)

New York Life Guaranteed Interest Account

In March 2012, the Plan entered into a fully benefit-responsive guaranteed investment contract with NYLIC. NYLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the investment contracts in the guaranteed interest account and the pooled separate account are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed not less frequently than quarterly or more frequently than daily.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NYLTC, as contract holder of the investment contracts, may terminate the investment contracts with 30 days notice to NYLIC. The payment to the Plan will be adjusted for a market value adjustment as defined in the contract.

NOTE 9 - INSURANCE CONTRACTS WITH INSURANCE COMPANY (CONTINUED)

Average Yields:

	New York Life Guaranteed Interest Account	New York Life Anchor Account
	2012	2011
Based on actual earnings	**2.57%**	3.17%
Based on interest rate credited to participants	**2.32%**	2.87%

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 11 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common stock of employer: Investments in common stock of the Employer are valued at their estimated fair value at December 31, 2012 and 2011. The Employer has obtained independent appraisals of its common stock at December 31, 2012 and 2011, which values are used to value the shares in the Plan at December 31, 2012 and 2011, respectively as stipulated in the Plan. At December 31, 2012 and 2011, the appraiser provides a value which is used by the Employer's board of directors as the actual value.

NOTE 11 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Guaranteed interest account: Valued using the market value adjustment method which is equal to 1, plus the product of the (A) contract earnings rate minus the new issue rate, and (B) the duration of the asset portfolio for contracts in this class of contracts. The contract earnings rate is the interest crediting rate applicable to the balance in the guaranteed interest account as of the date written notice of termination is received by NYLIC for contracts in the investment year pool of contracts to which this contract belongs. The new issue rate is the rate made available by NYLIC to contracts in this class of contracts issued as of the date written notice of termination is received by NYLIC.

Pooled separate account: Valued at fair value reported by the fund manager based on the underlying investments within each fund and are expressed in units representing the net asset value of each fund by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The NAV is classified within Level 2 of the fair value hierarchy. There are no imposed redemption restrictions.

The guaranteed interest account and pooled separate account was created for investors seeking stable returns and competitive interest rates over long term.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 11 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The guaranteed interest account may be terminated by the contract holder at any time, provided thirty days written notice to NYLIC. In the event of termination, the contract holder would receive the discontinuance value as of the date of termination. The discontinuance value is calculated by subtracting the contributions received 180 days prior to termination date out of the contract value as of the termination date. The remaining value is then multiplied by the MVA factor and then the contributions received 180 days prior to termination date are added back to equal the discontinuance value as of termination date.

The Plan's investment fiduciaries determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

On an annual basis, the Employer's Board of directors engages the services of a third-party valuation firm to provide an independent appraisal of the Plan's Level 3 investment in the Employer's common stock. The trustees of the Plan utilize the information provided by the third-party valuation firm to determine that valuation.
