Note 1 - Description of Plan

The following brief description of the Elkhorn Holdings, Inc. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which became effective January 1, 2007, is a defined contribution plan covering eligible employees of Elkhorn Construction, Inc., HOAD, Inc., and Eagle Pipeline Construction, Inc. (Companies). Effective January 1, 2012, the plan sponsor changed from Elkhorn Holdings, Inc. to Elkhorn Construction, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the salary reduction and employer safe-harbor matching provisions of the Plan after having completed one calendar quarter of continuous employment. Employees covered by a collective bargaining agreement, leased employees and individual performing services for an employer who are not characterized by that employer as a common law employee are excluded from the Plan.

Entry Date

Employees may enter the Plan on the first day of the calendar quarter coinciding with or next following the date the eligibility requirements are met for the deferral and match provisions of the Plan.

Contributions

The participant's contributions are made through a salary reduction under which the participant may defer a percentage of compensation each year, as defined by the Plan, not to exceed dollar limitations imposed by the Internal Revenue Service, $17,000 for 2012. Participants may also contribute amounts representing distributions from other qualified plans. The Companies will contribute safe-harbor matching in an amount equal to 100% of the participant's before-tax contributions that do not exceed 3% of compensation, plus 50% of the before-tax contributions up to 5% of compensation for the Plan year on behalf of each participant for the Plan year.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the funds covered by the Plan. Participants may change their investment options daily.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Companies' contribution, and Plan earnings. Allocations are based on participants' compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Forfeitures

Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. At December 31, 2012 and 2011, the balance of the forfeiture account was $0. Forfeitures used to reduce employer contributions during the year ended December 31, 2012 were $444.

Plan Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination, death or disability. A terminated employee with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ as defined in the Plan document.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Notes Receivable from Participants

Loans are not allowed under this Plan.

Other

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their account balances.

Note 2 - Significant Accounting Policies and Use of Estimates

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell and asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Other Liabilities

Other liabilities are recorded when the Plan receives cash dividends that have not yet been remitted to the broker for reinvestment.

Payments of Benefits

Benefits are recorded when paid.

Administrative Fees

The Plan sponsor pays certain administrative fees of the Plan.

Subsequent Events

The Plan has evaluated subsequent events through August 15, 2013, the date which the financial statements were available to be issued.

Note 3 - Transfer

The Plan's sponsor also administers an employee stock ownership plan (ESOP), which contains certain diversification provisions. During the year ended December 31, 2012, certain participants of the ESOP transferred $455,173 to the Elkhorn Holdings, Inc. Retirement Savings Plan.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

- Mutual Funds – Valued at fair value based on the quoted net asset value (NAV) of shares held by the Plan at year end.

- Common Collective Fund – Valued at net asset value (NAV) which is provided by the trustee and is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the observable market prices of the underlying assets held by the fund less liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

Fair Value Measurement and Disclosure (Topic 820): Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent) requires disclosures of certain attributes in entities that calculate a net asset value per share (or its equivalent) and do not have a readily determinable fair value. The following table sets forth the disclosure of the attributes as of December 31, 2012 and 2011:

	2012			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Funds				
Federal capital preservation	$ 2,470,252	$ -	Daily	Daily

	2011			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Funds				
Federal capital preservation	$ 2,503,018	$ -	Daily	Daily

The Federated Capital Preservation Fund seeks stability of principal and high current income. The fund invests primarily in stable value products, including guaranteed investment contracts (GICs) and synthetic GICs issued by major insurance companies and money market instruments. Alerus Financial may impose a 12-month redemption notice for full withdrawal from the fund by the Plan.

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from on fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were not significant transfers in or out of levels 1, 2, or 3.

Note 5 - Investments

The individual investments that represent 5% or more of the Plan assets available for benefit as of December 31, 2012 and 2011 are as follows:

Common Collective Fund		
Federated Capital Preservation Fund	$ 2,470,252	$ 2,175,691

During the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Common collective funds	$ 40,027
Mutual funds	1,027,800
	$ 1,067,827

The classification of investment earnings reported above and in the statement of changes in net assets may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Note 6 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Companies by a letter dated October 22, 2009, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Subsequent to this issuance of the determination letter, the Plan was amended. However, the Companies and Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is not longer subject to income tax examinations for years prior to 2009.

Note 7 - Information Certified by the Trustees

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by Alerus Financial, N.A.

The Plan trustee has certified its statement of accounts as of December 31, 2012 and 2011 and for the year ended December 31, 2012. The statement of accounts includes beginning and ending balances of investments held and detail of all transactions during the period, including investment earnings.

Note 8 - Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and units of common collective funds managed by Alerus Financial, N.A. Alerus Financial, N.A. is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for the investment management and administrative services were $11,731 for the year ended December 31, 2012.

Note 9 - Risks and Uncertainties

The Plan invests in various investment funds. Investment funds are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment funds, it is at least reasonably possible that changes in the values of investment funds will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Reconciliation of Financial Statements to 2012 Form 5500
