Report on the Financial Statements

We were engaged to audit the accompanying financial statements and supplemental schedules of MAF Industries, Inc. 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011 and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the Unite States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company USA, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed

by the Plan Administrator that the custodian holds the Plan's investment assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, as of or for the year ended December 31, 2012 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following description of the MAF Industries, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of the employees of MAF Industries, Inc. The Plan and the Trust of which it is a part are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Description of Plan: The MAF Industries, Inc. 401(k) Retirement Plan became effective January 1, 1990. The plan was amended and restated on January 1, 2009, to adopt the Datair Mass-Submitter Prototype Non-Standardized Cash or Deferred Profit Sharing Plan. The primary purpose of the plan is to provide employees of MAF Industries, Inc. (the "Company") the opportunity to accumulate funds for their retirement.

Eligibility: An employee of the Company normally becomes eligible to participate in the Plan upon attaining 21 years of age and after completing two months of service with the Company, providing such employee is not covered by a collective bargaining agreement. Eligible employees may elect to participate in the Plan on either the first day of the Plan year, January 1, or July 1st. There were 75 and 71 participants with an account balance in the Plan at December 31, 2012 and 2011, respectively.

Contributions: Participants may contribute up to 100% of their pretax annual compensation to the Plan through salary deferrals, subject to certain Internal Revenue Code "IRC" limitations. Employer matching contributions and non-elective contributions are discretionary and nondiscriminatory. Participants are eligible for matching contribution allocation regardless of hours of service. During the year ending December 31, 2012 the Company made a 10% matching contribution with no maximum. Non-elective contributions are made to all participants who have worked over 500 hours of service and are based on the ratio of each participant's annual compensation to the total compensation of all participants. The Company did not make a non-elective contribution during the year ended December 31, 2012. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits: In the event of death, the participant's interest in the Plan is payable to the beneficiary in a lump sum. Upon retirement, the participant's interest is payable in a single sum or can be deferred until April 1 following the year the participant reaches the age of 70½. Certain benefits qualify as eligible rollovers that may be directly rolled over to another qualified plan or an individual retirement account.

If the participant is terminated for any reason other than death, retirement, or disability, distribution will be made in a single sum as soon as practical after the termination date.

Note 1. Description of the Plan (Continued)

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants direct the investment of their contributions and the related matching and discretionary employer contributions by the Company into any of the various investment options offered by the Plan and managed by John Hancock Life Insurance Company USA.

Vesting: Participants are vested immediately in their contribution and actual earnings thereon. The portion of the participants' accounts attributable to the company's discretionary matching and non-elective contributions become 20% vested after two years of credited service as defined and continues to vest at a rate of 20% each successive year of service until 100% vested after six years of service. A participant is also 100% vested in the event of retirement, disability, or death regardless of years of service.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years, or up to 15 years for the purchase of a principle residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate determined by the Plan Administrator. Principle and interest are paid ratably through payroll deductions.

Forfeited Accounts: Forfeited accounts are used to reduce future employer contributions or to pay plan expenses. At December 31, 2012 and 2011 there were no forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation: The Plan's investments are stated at estimated fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The units of pooled separate accounts are stated at fair value as determined by the issuer of the account based on the fair value of the underlying investments. The Plan's investment in the guaranteed investment contracts (GIC's) are valued at contract value determined by the insurance company. The fair value of the GIC's is not materially different than contracted value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events: The Plan has evaluated subsequent events through October 8, 2013, the date the financial statements were available to be issued.

Note 3. Information Certified by John Hancock Life Insurance Company USA

The following is a summary of the plan's asset information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian of the Plan and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2012	2011
Investments at fair value:		
Pooled separate accounts	$ 1,394,672	$ 1,161,424
Guaranteed investment contracts	17,917	28,387
Notes receivable from participants	102,525	97,717
	$ 1,515,114	$ 1,287,528

John Hancock Life Insurance Company USA also certified to the completeness and accuracy of $191,844 of net appreciation in fair value of investments related to the aforementioned investments and $4,307 of interest related to the aforementioned plan assets for the year ended December 31, 2012.

Note 4. Investments

Investments greater than 5% of the Plan's net assets available for benefits at December 31, 2012 and December 31, 2011, are as follows:

	2012	2011
John Hancock Fundamental All Cap Core Fund	$ 289,969	$ 229,284
Vanguard Total Stock Market Index Fund	198,707	144,420
PIMCO Total Return Fund	168,106	141,613
John Hancock Lifestyle Fund – Balanced Portfolio	150,970	171,829
John Hancock Lifestyle Fund - Moderate Portfolio	90,679	73,851

Note 5. Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012

(a) This category includes high quality, short term securities. Investments in this category can be redeemed immediately at the current net asset value per share based on the fair value of the underlying assets. Participants are restricted to two exchanges per month. After the exchange limit they may move 100% of the account balance to a money market or stable value fund where it must remain for 30 days. Trading can resume only once the 30 days have expired. Also, additional restrictions may be imposed if it is determined that any exchange activity may disrupt or be potentially disruptive to an investment option, even though in compliance with the policy.

The following table sets forth Level 3 asset activity at December 31:

	Amount
Balance, beginning of year	$ 33,467
Contributions	352
Unrealized gains and interest	321
Transfers into Level 3	105
Transfers out of Level 3	(10,642)

Balance, end of year	$ 23,241

Note 5. Fair Value Measurements (Continued)

The following table represents the Plan's material level 3 financial instruments at December 31, 2012, the valuation techniques used to measure the fair value of those financial instruments, and the significant observable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values	Weighted Average
Guaranteed Investment Contract	$ 17,954 ($17,917 at contract value)	Discounted Cash Flow	Present new money interest rate for same instrument offered by John Hancock Life Insurance Company	.10%- .15%	
			Duration	5	1.80%
			(years)	3	0.43%

Note 6. Investment Contract with Insurance Company

The Plan has investment contracts with John Hancock Life Insurance Company ("John Hancock"), which are not fully benefit responsive. These contracts are included in the financial statements at contract value as reported to the Plan by John Hancock. The fair value of the contracts approximates their contract value. John Hancock maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. John Hancock may not terminate the contract at any amount less than the contract value.

John Hancock is contractually obligated to pay the principal and specified interest rate that it guarantees to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis. The average yields based on interest rates credited to participants at December 31, 2012 and 2011, are as follows:

	2012	2011
3-year rate	0.14%	0.29%
5-year rate	0.38%	0.90%

Note 7. Administrative Expenses

Reasonable administrative expenses of the Plan may be paid by the Plan to the extent not paid by the Company as provided in the Plan document.

Note 8. Income Tax Status

The Plan received its last determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving its determination letter, however, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 9. Related-Party Transactions

Certain plan investments are shares of pooled separate accounts managed by John Hancock Life Insurance Company USA. John Hancock Life Insurance Company USA is the custodian as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the investment management and administrative services amounted to $21,174 for the year ended December 31, 2012.

Note 10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contribution.

Note 11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 12. Prohibited Transactions

During 2011, the Plan sponsor inadvertently failed to deposit approximately $18,559 of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Plan sponsor deposited lost earnings to correct this failure in 2012 and filed Form 5330 to pay the applicable excise tax. The excise tax payments were made from the Plan sponsor's assets and not from the assets of the Plan.
