NOTE 1: DESCRIPTION OF PLAN

The following description of the Matheson Trucking, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1991, by Matheson Trucking, Inc., Matheson Fast Freight, Inc., Matheson Flight Extenders, Inc. and Matheson Postal Services, Inc. (collectively, the Company) to provide retirement benefits for its employees in accordance with section 401(k) of the Internal Revenue Code (IRC). The Plan is a defined contribution plan covering all employees upon start of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan includes a Qualified Non-Elective Contribution (QNEC) in an amount determined by the employer, but not in excess of 5% of the hourly wage (maximum 40 hours per week, per contract) for the full-time participants covered by the wage determination procedures of the Service Contract Act (the Act). Part-time participants covered by the Act received 100% of their prevailing wage benefit as a QNEC.

Contributions

Each year, participants may contribute a portion of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may change the amount of contributions at the beginning of each payroll period. The Company may elect to make discretionary matching contributions and discretionary profit sharing contributions. Each participant may elect to have their individual account invested in any combination of funds made available to the Plan by the Fidelity Management Trust Company (Fidelity), the plan custodian.

Participant Accounts

Each participant's account is credited with the participant's own contributions, an allocation of the Company's contributions, and an allocation of net earnings from investments and changes in investment values. Allocations are based on each participant's contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are vested immediately in their contribution, the employer's QNEC and any earnings thereon. Participants vest in employer's profit sharing and matching contributions at the rate of 20% per year. The nonvested portion of a terminated participant's account balance is forfeited. Forfeited accounts are applied to reduce required employer contributions.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, except for loans used to finance the purchase of a principal residence. Loans bear interest at a reasonable rate and remain fixed throughout the life of the loans. Principal and interest are paid ratably through payroll deductions. Loans to participants are stated at the principal amount outstanding, which approximates fair value.

Payment of Benefits

Upon termination of service, including termination due to death, disability or retirement, a participant may receive a lump-sum distribution or a direct rollover distribution into a qualified plan. At the time of retirement, if a participant's account balance is in excess of $1,000, the participant may delay the distribution. However, for all participants, minimum required distribution must be made by April 1st following the year the participant retires or reaches the age 70½. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed, and has reached the age of 59½.

Administrative Expenses

The Company has elected to fund all administrative costs other than those associated with certain participant-directed transactions, such as participant loan fees.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Management has performed an evaluation of subsequent events from January 1, 2013 through September 25, 2013, which is the date these financial statements were available for issuance. Management does not believe that any transactions or events that occurred during this period require disclosure within these financial statements.

NOTE 3: INFORMATION CERTIFED BY THE CUSTODIAN (UNAUDITED)

Information contained in the accompanying financial statements and supplemental schedule that was certified by the custodian as to completeness and accuracy includes:

- Details (cost, market, and contract value) and summaries of investments held at December 31, 2012;
- Summaries of investment income and transactions for the year ended December 31, 2012.

NOTE 4: INVESTMENTS (UNAUDITED)

Investments exceeding 5% of the Plan's net assets as of December 31 include the following:

	2012	2011
Fidelity Stable Value Fund	$ 3,763,956	$ 3,802,792
Fidelity Freedom 2040 Fund	1,794,104	1,837,767
Fidelity Freedom 2030 Fund	1,377,242	1,108,612
Oppenheimer Capital Appreciation Fund	1,312,782	1,309,686
Fidelity Freedom 2020 Fund	1,180,524	1,009,814

NOTE 5: GUARANTEED INTEREST CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive guaranteed interest contract with Fidelity. Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract is included in the financial statements at fair value which is equal to contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed interest contract issuer may not terminate the guaranteed interest contract at any amount less than the contract value. The guaranteed interest contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. Such interest rates are reviewed on a quarterly basis for resetting.

Average yields	2012	2011
Based on actual earnings	1.69%	1.74%
Based on interest rate credited to participants	1.11%	1.26%

NOTE 6: TAX STATUS

On March 31, 2008, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under IRC Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan was designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes tax liabilities (or assets) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all accounts become fully vested and non-forfeitable. Plan assets would first be used to pay any expenses properly charged to the Plan. The remainder would then be distributed to participants in a lump sum.

NOTE 8: RELATED PARTY TRANSACTIONS

Certain plan investments are shares of guaranteed interest contracts managed by Fidelity. Therefore, these transactions qualify as party-in-interest transactions.

NOTE 9: NON-EXEMPT TRANSACTIONS

During the Plan year ended, December 31, 2012, the Company failed to remit to the Plan's custodian certain employee contributions totaling $81,079 during the period prescribed by the DOL regulations. Delays in remitting contributions to the custodian were due to administrative errors, and the Company has made contributions to the affected participant's accounts to compensate those participants for potential lost earnings due to the delay prior to the issuance of these financial statements.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On December 27, 2011, the Company was notified by the DOL that they were auditing the Plan for the years ended December 31, 2009 and 2010. Management is not aware of any matters that would affect the Plan's financial statements, footnotes, or supplemental schedules; however, the final outcome of the audit is unknown at this time.

The accompanying financial statements do not include any adjustments that might result from this uncertainty.

NOTE 11: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011, to the Form 5500:
