To the Administrator
Creative Cabinet Systems, Inc. 401k Retirement Savings Plan and Trust

Report on the Financial Statement

We were engaged to audit the accompanying financial statements of Creative Cabinet Systems, Inc. 401k Retirement Savings Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (held at end of year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Emphasis of Matter

As further discussed in Note 3 to the financial statements, the Board of Directors of Creative Cabinet Systems, Inc., the Plan's sponsor, voted on November 2, 2012 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2011 financial statements to the liquidation basis used in presenting the 2012 financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Note 1 Plan Description

The following description of the Creative Cabinet Systems, Inc. 401k Retirement Savings Plan and Trust(Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- (a) General--The Plan is a defined contribution plan covering substantially all employees of Creative Cabinet Systems, Inc. (the Company)who have been employed at least one year, reached twenty-one years of age, and have been credited with at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. The Plan does not allow for participant loans.
- (b) Plan Administration--The Company has appointed Principal Trust Company (Principal) as trustee of the Plan. The trustee executes investment transactions for the Plan (See Note 1i). The Company's Board of Directors elects an Administrative Committee that appoints a representative to act as Plan Administrator.
- (c) Contributions--Participants may contribute up to 100 percent of eligible pre-tax annual compensation, as defined in the Plan document. The Plan also permits participants to roll over distributions they receive from other qualified retirement plans. Participants direct the investment of their contributions and any employer contribution into various investment options offered by the Plan. The Plan currently offers various registered investment funds as investment options for participants. The Company may make a discretionary matching contribution, and in the past has matched 25 percent of the first 10 percent of eligible compensation that a participant contributed to the Plan. The Company elected to discontinue the match in July, 2010.
- (d) Participant Accounts--Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- (e) Forfeited Accounts--At December 31, 2012 and 2011, the account for forfeitures totaled \$747 and \$677, respectively. This account is used to reduce employer contributions or to pay administrative expenses. In 2012, administrative expenses in the amount of \$2 were paid from forfeited nonvested accounts.
- (f) Payment of Benefits--Participants become eligible for benefit payments upon death, disability, retirement or termination. Participants receive their benefits in the form of a lump-sum cash distribution or a direct rollover distribution equal to the value of the participant's vested interest in his or her account.

NOTES TO FINANCIAL STATEMENTS

Note 1 Plan Description (cont.)

- (g) Vesting--Participant contributions and related earnings are immediately vested. Company contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

- (h) Administrative Expenses--Some administrative expenses of the Plan are paid by the Company. Total administrative expenses for the current year were not significant.
- (i) Related Party and Party In Interest Transactions--Certain Plan investments are shares of mutual funds managed by Principal (the trustee). These transactions qualify as party-in-interest transactions allowable under ERISA. Fees paid to Principal by the Plan for the investment management services amounted to \$11,159 for the year ended December 31, 2012.

Note 2 Summary of Accounting Policies

- (a) Basis of Accounting--The financial statements of the Plan are prepared under the liquidation basis of accounting for the year ending December 31, 2012, and on the accrual basis for the year ending December 31, 2011.
- (b) Use of Estimates--The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- (c) Investment Valuation and Income Recognition--The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. For the year ending December 31, 2011, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on the liquidation basis of accounting, which uses fair value measurement for fully benefit-responsive investment contracts.

NOTES TO FINANCIAL STATEMENTS

Note 2 Summary of Accounting Policies (cont.)

Quoted market prices are used to value investments.
Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis.
Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Payment of Benefits--Benefits are recorded when paid.

Note 3 Plan Termination

The Company has the right under the Plan's provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Due to its sale of the business, the Company terminated the Plan on November 2, 2012. At that time, the participants became 100% vested in the employer contributions that had been credited to their individual accounts.

Note 4 Certified Information

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits at fair value as of December 31, 2012 and 2011.
- Interest and dividends, administrative expenses, and realized and unrealized gains (losses), net, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2012.
- The schedule of assets held for investment purposes as of December 31, 2012, as shown on the supplemental schedule.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing the information provided by the trustees to the related information included in the financial statements and supplemental schedule.

Note 5 Tax Status

The Plan has adopted a prototype plan sponsored by the trustee. The Internal Revenue Service has determined and informed the trustee by a letter dated March 31, 2008, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTES TO FINANCIAL STATEMENTS

Note 5 Tax Status (cont.)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 6 Guaranteed Investment Contracts Insurance Company

In 2003, the Plan entered into benefit-responsive investment contracts with Principal Trust Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the Plan by Principal. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

As described in note 2, for the year ending December 31, 2011, the guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. For the year ending December 31, 2012, the guaranteed investment contract is presented at fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts at December 31, 2012 and 2011 was \$4,105 and \$6,619, respectively. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents, (2) changes in prohibition on competing investment options, (3) bankruptcy of the plan sponsor, (4) failure of the trust to qualify from exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

During 2012, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$126,505.

Note 8 Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

Note 8 Fair Value Measurement (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate accounts - Wide variety of investments based on the market value of its underlying investments. The value is not a publicly quoted price in an active market. Certain final values are from the asset manager or investment sponsor.

Guaranteed investment contracts - The market value adjustment on the plan participant level is computed by calculating the difference between the applicable U.S. Treasury rate, adjusted according to the contract and the actual interest rate being earned by the account. This difference is multiplied by the remaining term to maturity of the fixed interest account resulting in a market value adjustment factor. The fixed interest account contract value is then multiplied by the market value adjustment factor to determine the market value of the fixed interest account.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	2012			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 506 564	\$ -	\$ -	\$ 506 564

NOTES TO FINANCIAL STATEMENTS

Note 10 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 Subsequent Events

The Plan has evaluated subsequent events through September 24, 2013, the date the financial statements were available to be issued. As explained in Note 3, the Company terminated the Plan on November 2, 2012. The Plan's provisions authorized all remaining account balances to be distributed to the respective participants. All accounts were distributed by May, 2013, and the Plan was terminated.
