## GREENSTAR COOPERATIVE MARKET 401(K) PLAN & TRUST

## NOTES TO FINANCIAL STATEMENTS

## Years Ended December 31, 2012 and 2011

### A. DESCRIPTION OF THE PLAN:

The following description of the Greenstar Cooperative Market 401(k) Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Greenstar Cooperative Market, Inc. ("Company") who are age eighteen or older. Employees are eligible to participate in the Plan following completion of one year of employment and 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Contributions are subject to limitations determined by the Internal Revenue Service. Additionally, if a participant has or is projected to attain age 50 before the end of the Plan year, that participant may make "catch-up" contributions as determined by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have met the eligibility requirements are eligible for a matching contribution of up to $50 annually. Additional discretionary profit sharing amounts may be contributed to the Plan at the option of the Board. Discretionary profit sharing amounts contributed to participant accounts are based on hours of service during the calendar year. Matching contributions of $2,684 and $2,578 were made for 2012 and 2011, respectively. Discretionary profit sharing contributions of $67,859 and $46,114 were made for 2012 and 2011, respectively.

Participant Accounts: Each participant's account is credited with the participant's elective deferral contribution, matching contribution, an allocation of the employer discretionary contribution, an allocation of Plan earnings and losses, and loan activity. Plan administrative expenses are deducted from Plan earnings and losses before those earnings or losses are allocated to participant's accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the matching contributions and discretionary contributions plus earnings thereon is based on years of continuous service. A participant becomes fully vested after 3 years of credited service. Each participant shall acquire a vested and nonforfeitable percentage in his or her account balance attributable to employer contributions and their earnings under the following schedule:

| Years of Service | Percent Vested |
|---|---|
| 1 | 0% |
| 2 | 50% |
| 3 | 100% |

Payment of Benefits: Upon termination of service for any reason, a participant may elect to receive cash distributions in the form of a lump-sum, installment payments, or a direct rollover distribution equal to the value of the participant's vested interest in his or her account.

Forfeitures: Forfeited non-vested accounts are retained by the Plan to offset administrative plan expenses or to reduce employer contributions. 100% of forfeited non-vested accounts were used to reduce employer contributions. At December 31, 2012 and 2011, forfeited non-vested accounts totaled $1,809 and $3,198, respectively.

Notes Receivable from Participants: Participant loans are permitted in accordance with the Plan provisions. Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. Loans bear interest at a rate reasonable at the time of application, commensurate with local prevailing rates. The principal and interest paid by a participant on his or her loan shall be credited to the Plan in the same manner as for any other Plan investment.

Administrative Expenses: The Company absorbs certain administrative costs and the cost of bond insurance. Administrative costs paid from Plan assets amounted to $3,028 and $1,874 for the years ended December 31, 2012 and 2011, respectively.

## B. Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

The investments in all of the funds are presented at fair value, based on quoted market prices of the underlying securities within each fund at December 31, 2012 and 2011. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Recognition: Shares of mutual funds are stated at fair value and are valued at their quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of mutual funds are recorded on a trade-date basis. Dividends are recorded when received.

Notes Receivable from Participants: Participant loans are classified as notes receivable from participants and measured at their unpaid principal balances plus any accrued but unpaid interest. Interest is recorded as earned.

Payment of Benefits: Benefits are recorded when paid.

## C. Investments:

***Unaudited Information Certified by the Plan Trustee***

The December 31, 2012 and 2011 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012 and 2011, and the accompanying notes to the financial statements were prepared in part or entirely form information certified by the trustee, MG Trust Company, LLC in accordance with 29 CFR 2520.103-8 of the

Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments and cash of $953,317 and $787,724 at December 31, 2012 and 2011, respectively, and related investment income/(loss) of $111,891 and $(23,732) for the years ended December 31, 2012 and 2011, respectively.

The following presents investments that represent 5% or more of the Plan's net assets:

| | 2012 | 2011 |
|---|---|---|
| Calvert Moderate Allocation Fund A | $ 444,537 | $ 372,699 |
| Calvert Bond Portfolio A | 80,849 | 67,053 |
| Calvert Aggressive Allocation Fund A | 69,115 | 55,239 |

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/(depreciated) in value by $97,741 and $(38,445) for the years ended December 31, 2012 and 2011, respectively.

## D. Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair values may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1*
Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2*
Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset of liability.

*Level 3*
Inputs to the valuation methodology are unobservable and consist primarily of information derived by management where level 1 and level 2 inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2012 and 2011.

The following table sets forth by level, within the fair values hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

## H. Income Tax Status:

The Plan obtained a letter dated March 31, 2008, in which the Internal Revenue Service stated that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related Trust is tax-exempt. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

## I. Risks and Uncertainties:

The Plan invests in various investment securities. The investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of the net assets available for benefits.

## J. Subsequent Events:

The Plan administrator evaluated subsequent events as of September 27, 2013, the date when the financial statements were available to be issued.
